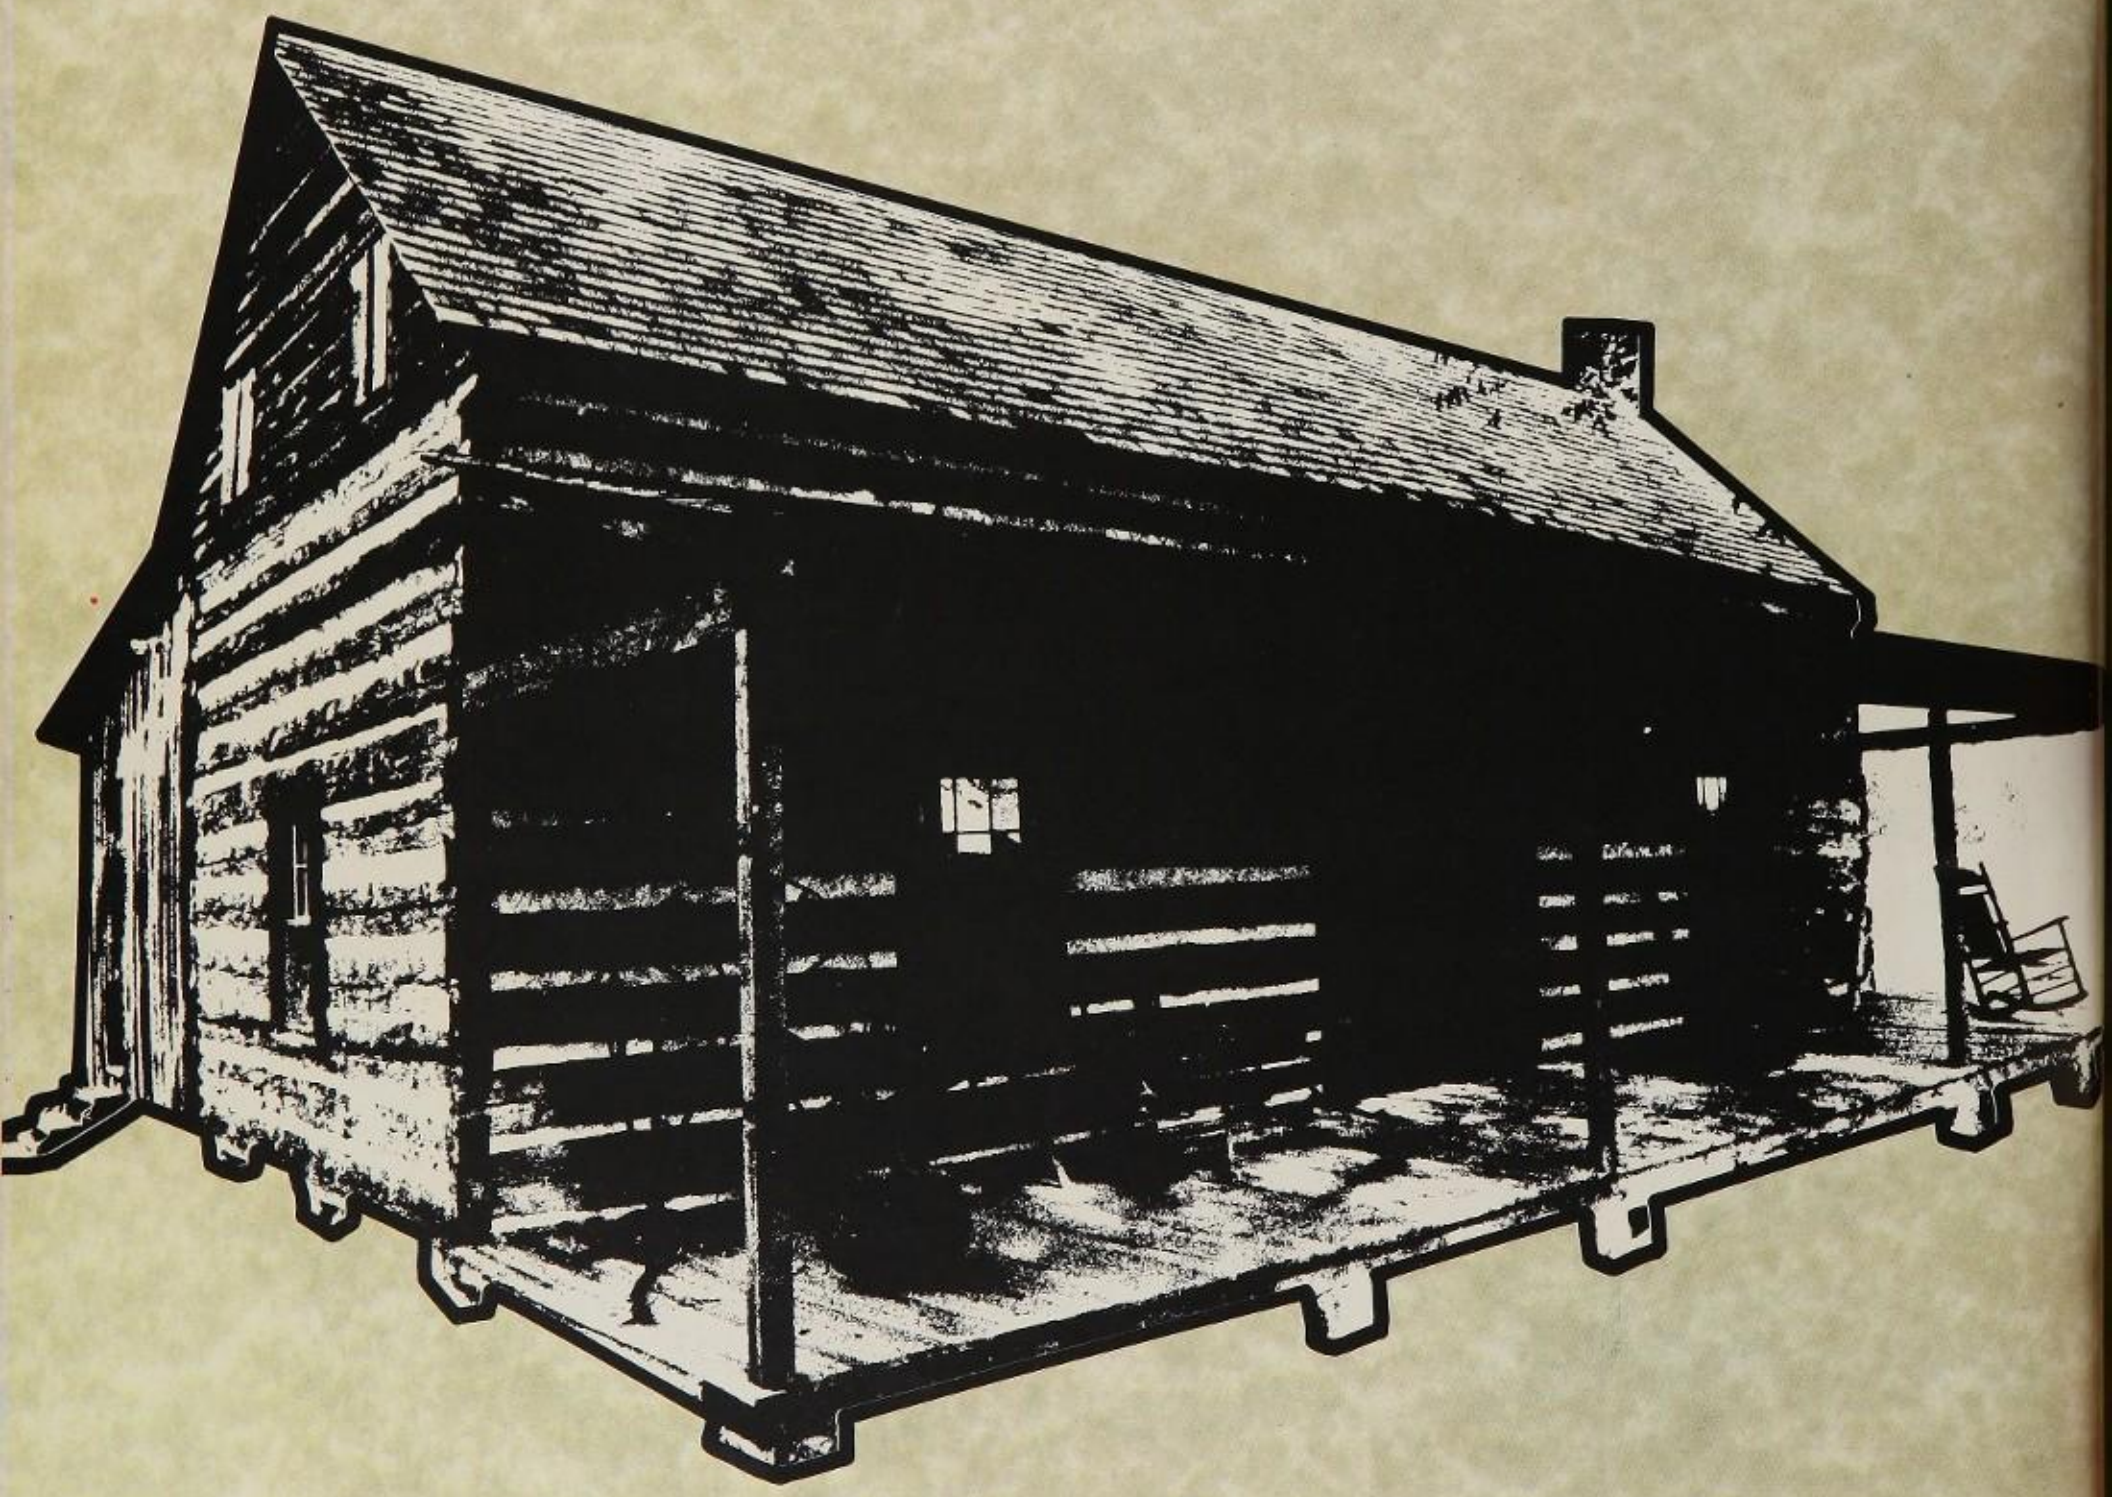
TEMPUS FUGIT '76

ROCKDALE COUNTY HIGH SCHOOL

Conyers, Georgia 30207

Volume XXVII

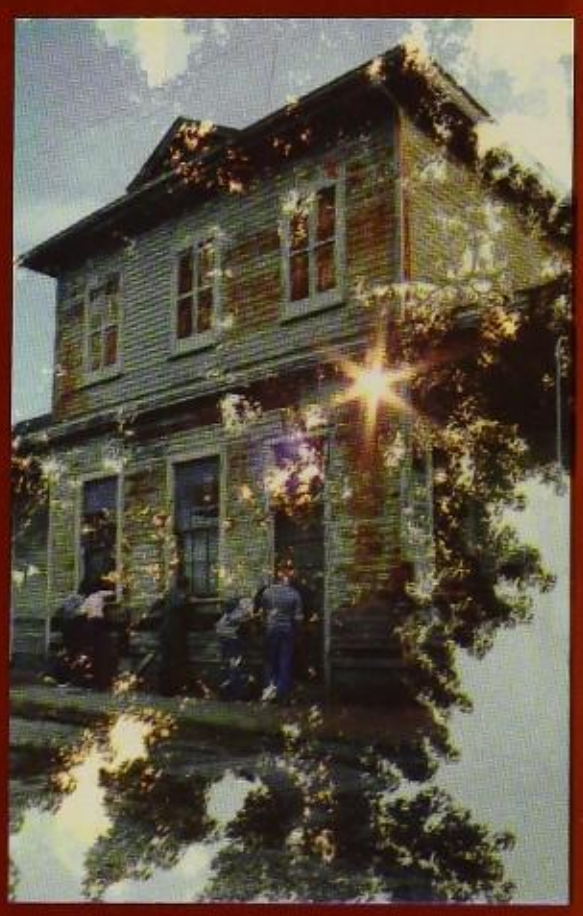


Conyers . . . the Start of Something Big

Who would ever have guessed what would eventually evolve from an iron horse and a forge?

Before 1843, the "Upper End" of Newton County was a latent track of land, occupied by Henry Holcombe, a blacksmith, who ran a shoppe and slept in a log cabin where the old courthouse now stands. Holcombe, a quiet man, loved his home and its tranquility. Yet when the prospect of railroad construction over his land was introduced to him, he became enraged, swearing he would shoot the first man who stuck a pick in his dirt.

One of the railroad's directors, Dr. W. D. Conyers, known to his more intimate friends as "Rockdale" understood Holcombe's feelings. Yet Conyers, a progressive and confident young banker from Covington also had a sharp eye for potential. He realized what a railroad right of way would offer to those industrious enough to sweat over it. He soon convinced the blacksmith that moving away was far better than fighting the future and purchased Holcombe's property for seven hundred dollars. Dr. Conyers donated the land to the railroad authorities, and trains began stopping on their way to Augusta from Marthesville in a town and county that had acquired his name. On those trains were new faces and new opportunities for growth. Impassable roads, the unbridged Yellow and South Rivers, and many rainy summers lay ahead. Yet they had the courage to endure, making 1843 the start of something big.



We Keep Getting Bigger

Along with the strength to endure came the ability to change with the passing of time. What was luxury has now become necessity. "Two fried eggs and a fritter for a quarter" now cost two dollars. The Conyers Station has grown into Fieldstone Mall, Pine Log Park, Twin Cinemas, and new outdoor sports for an ever-growing community to enjoy. Mule carts that traveled on long dirt roads have given way to horseless carriages on modern freeways. Conyers even has a new courthouse WITH AN ELEVATOR! We keep getting better.

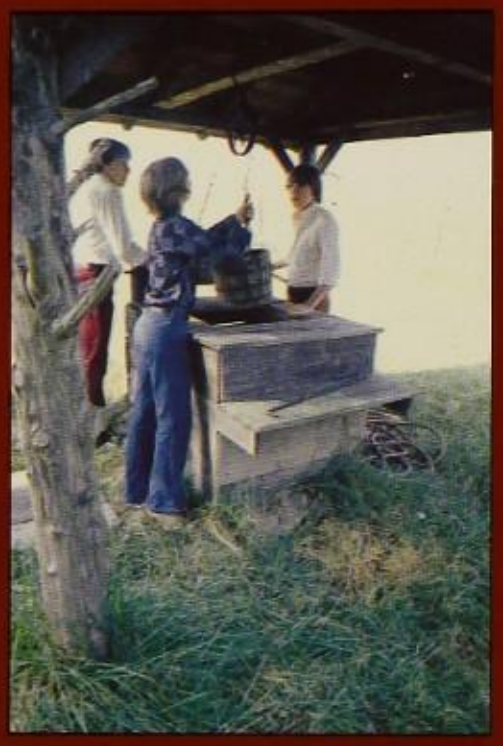
From Conyers Institute to RCHS

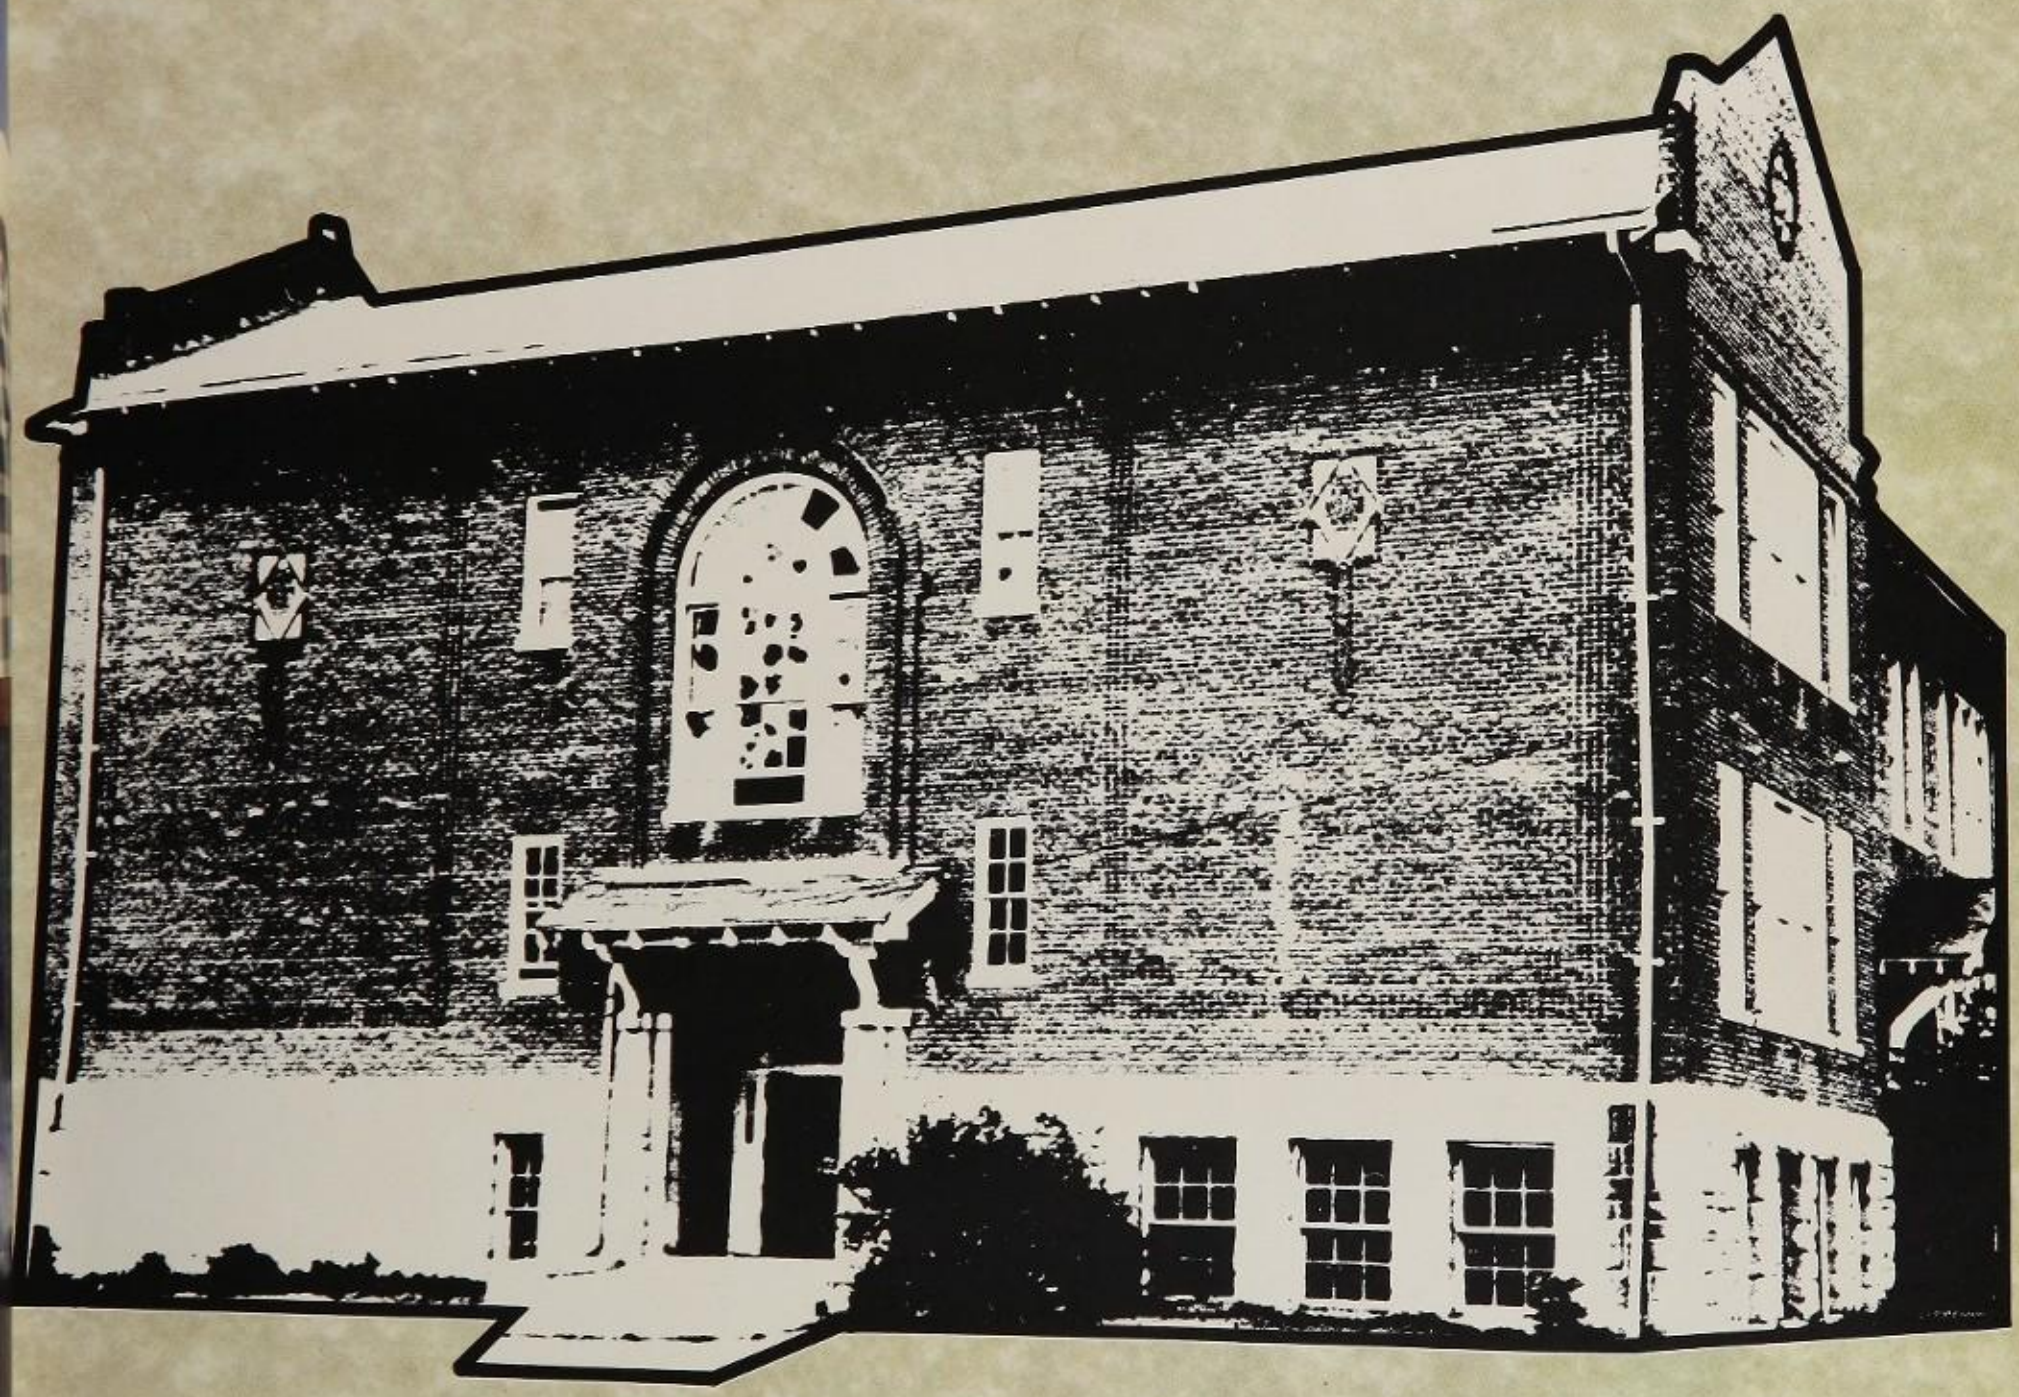
The first schools in Conyers were private, employing instructors armed with the "Blue-Back Speller," "McGuffey's Reader" and a hickory switch. As Conyers progressed, however, private schools proved to be inadequate, for learning had become vital to this rapidly expanding community.

Public education had its birth as the doors of the Conyers Institute swung open to 175 students in 1894. From eight until two the youths of Conyers buried themselves in expression, orthography dictionary, domestic sciences, manual arts, and rhetoric. The only excuse permissible for leaving campus was an emergency, and chronic absence from class meant suspension. Communication between students in any fashion was taboo during school hours, and since the student body was divided by sex, anyone found on the grounds assigned to the opposite sex was subject to immediate expulsion.

Perhaps the regulations were a bit harsh; they were no easier on the teachers. These ladies were expected not to receive attention from young men from Monday morning until Friday afternoon, and they were at no time to engage in card parties or other "demoralizing activities." Save for dancing on the Shoo-Fly-Train, the only exercise they received was thrashing those foolish enough to step out of line.

The Conyers Institute was controversial. Ironically it burned to the ground in 1915, but if one had stared into the flames as they licked the white timbers and examined the smoke as it rose high above Main Street, he surely would have seen the willingness to try that would eventually characterize RCHS and will soon characterize Heritage High.

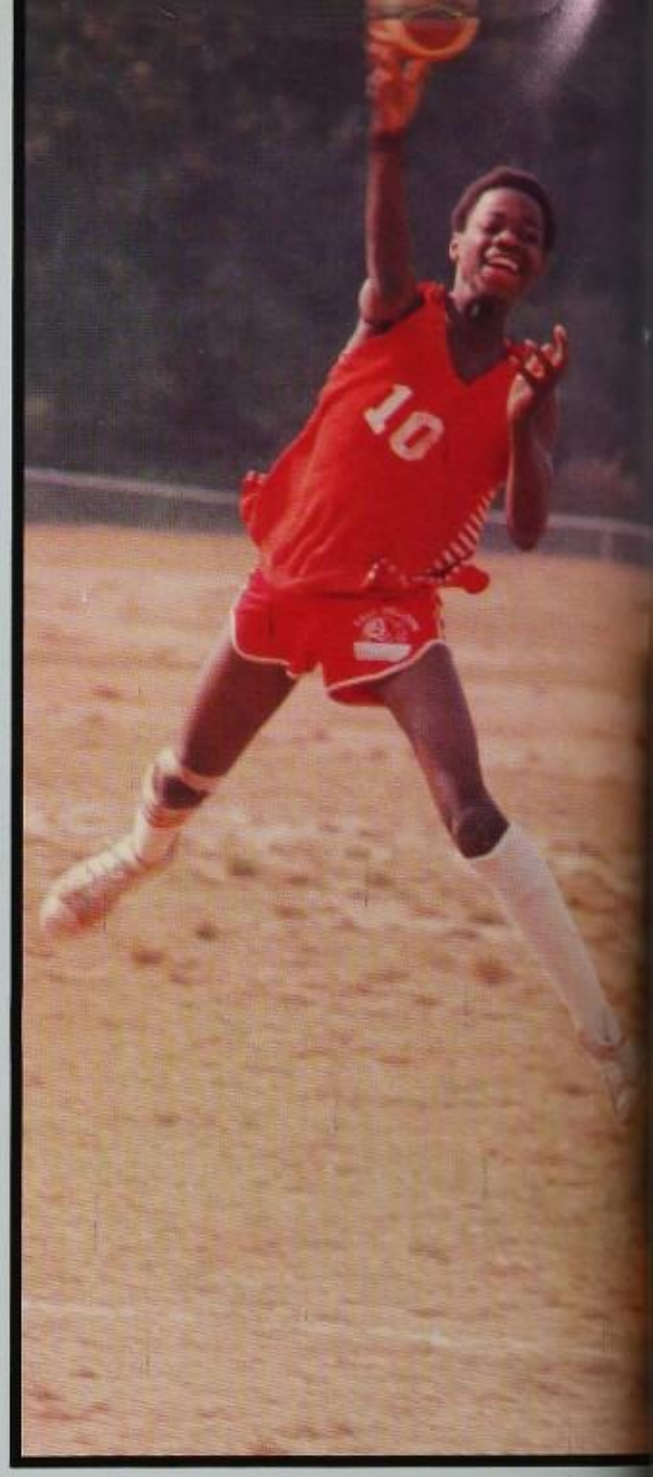


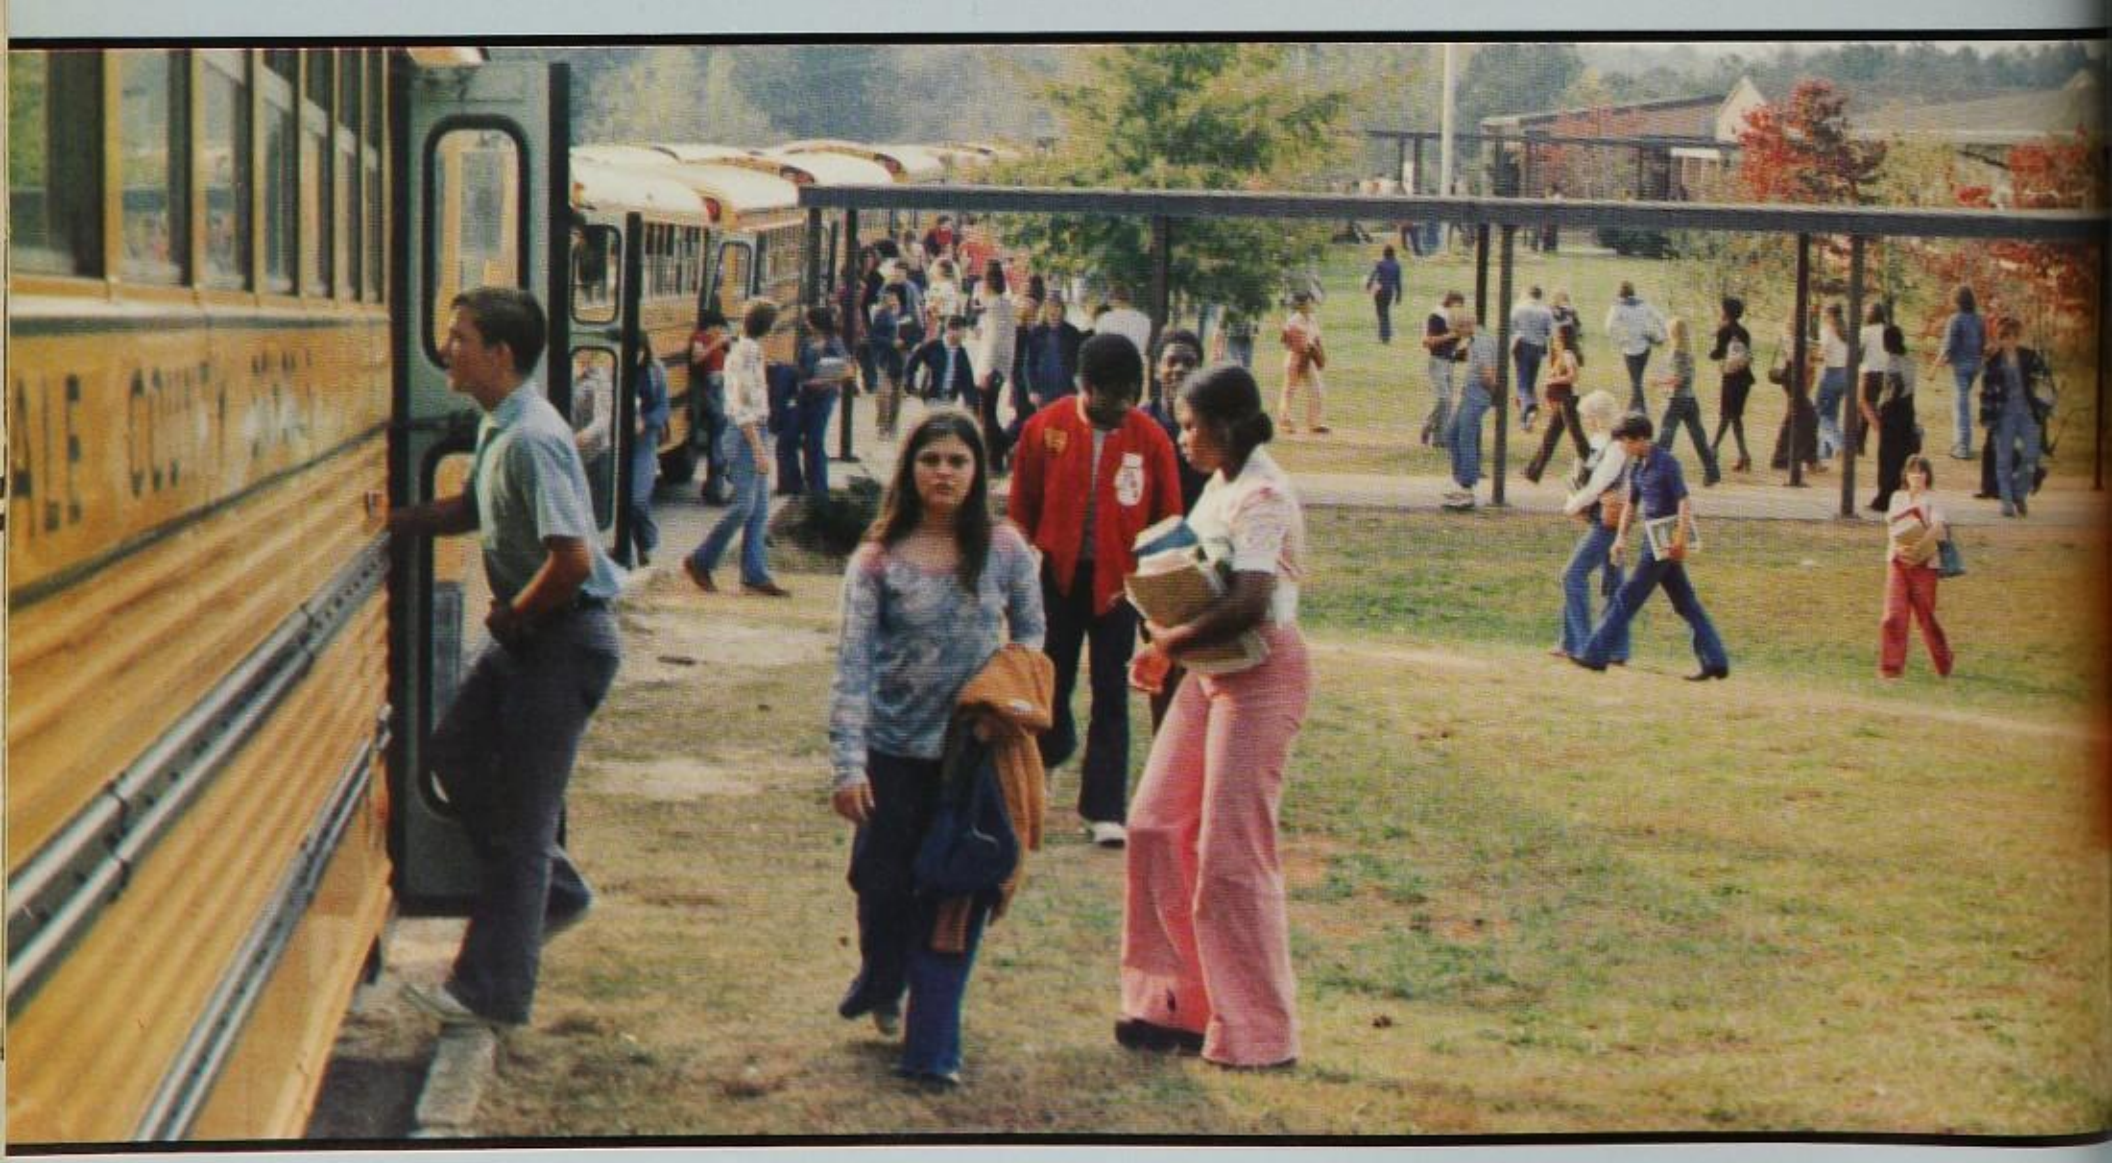


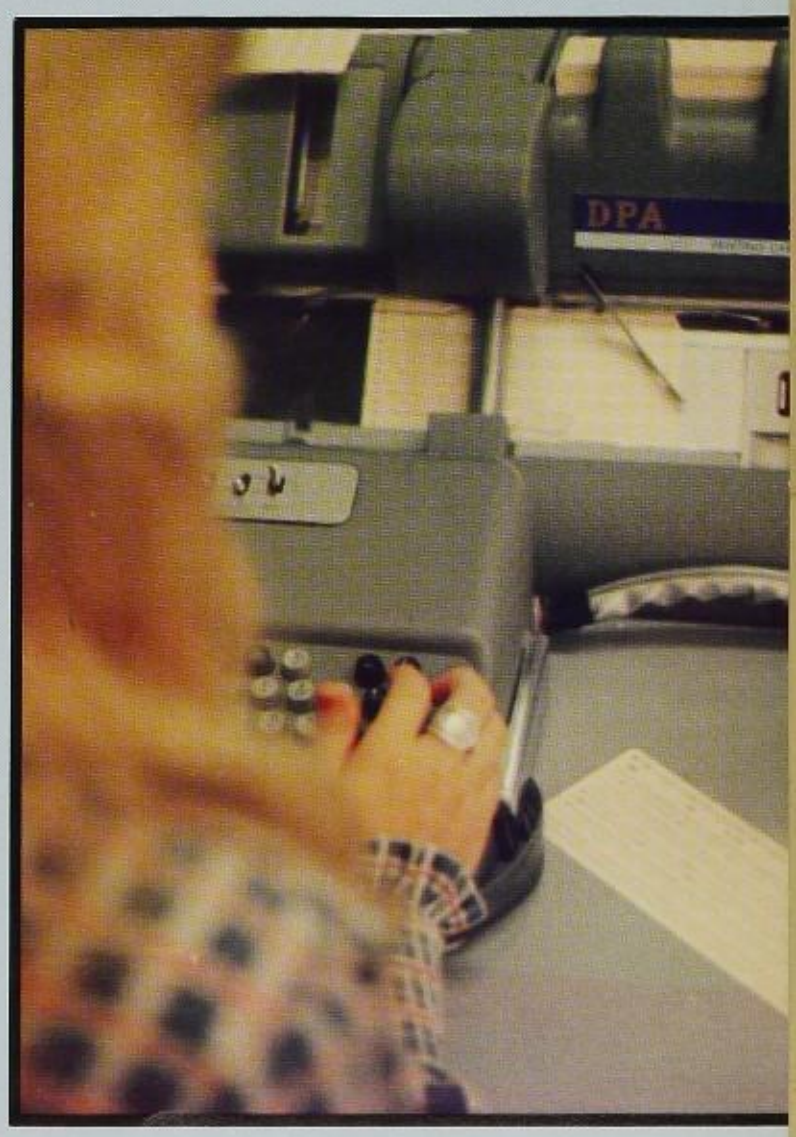
"Our Strong Bands Shall Ne'er Be Broken"

Each day brings with it new outlooks, ideas, and desires. Thus we no longer come to a one room schoolhouse in a covered wagon, or have four people in a graduating class. From readin', writin', and 'rithmatic, we've gone to Experiments in Writing, Data Processing and LITC, in which the community becomes the classroom.

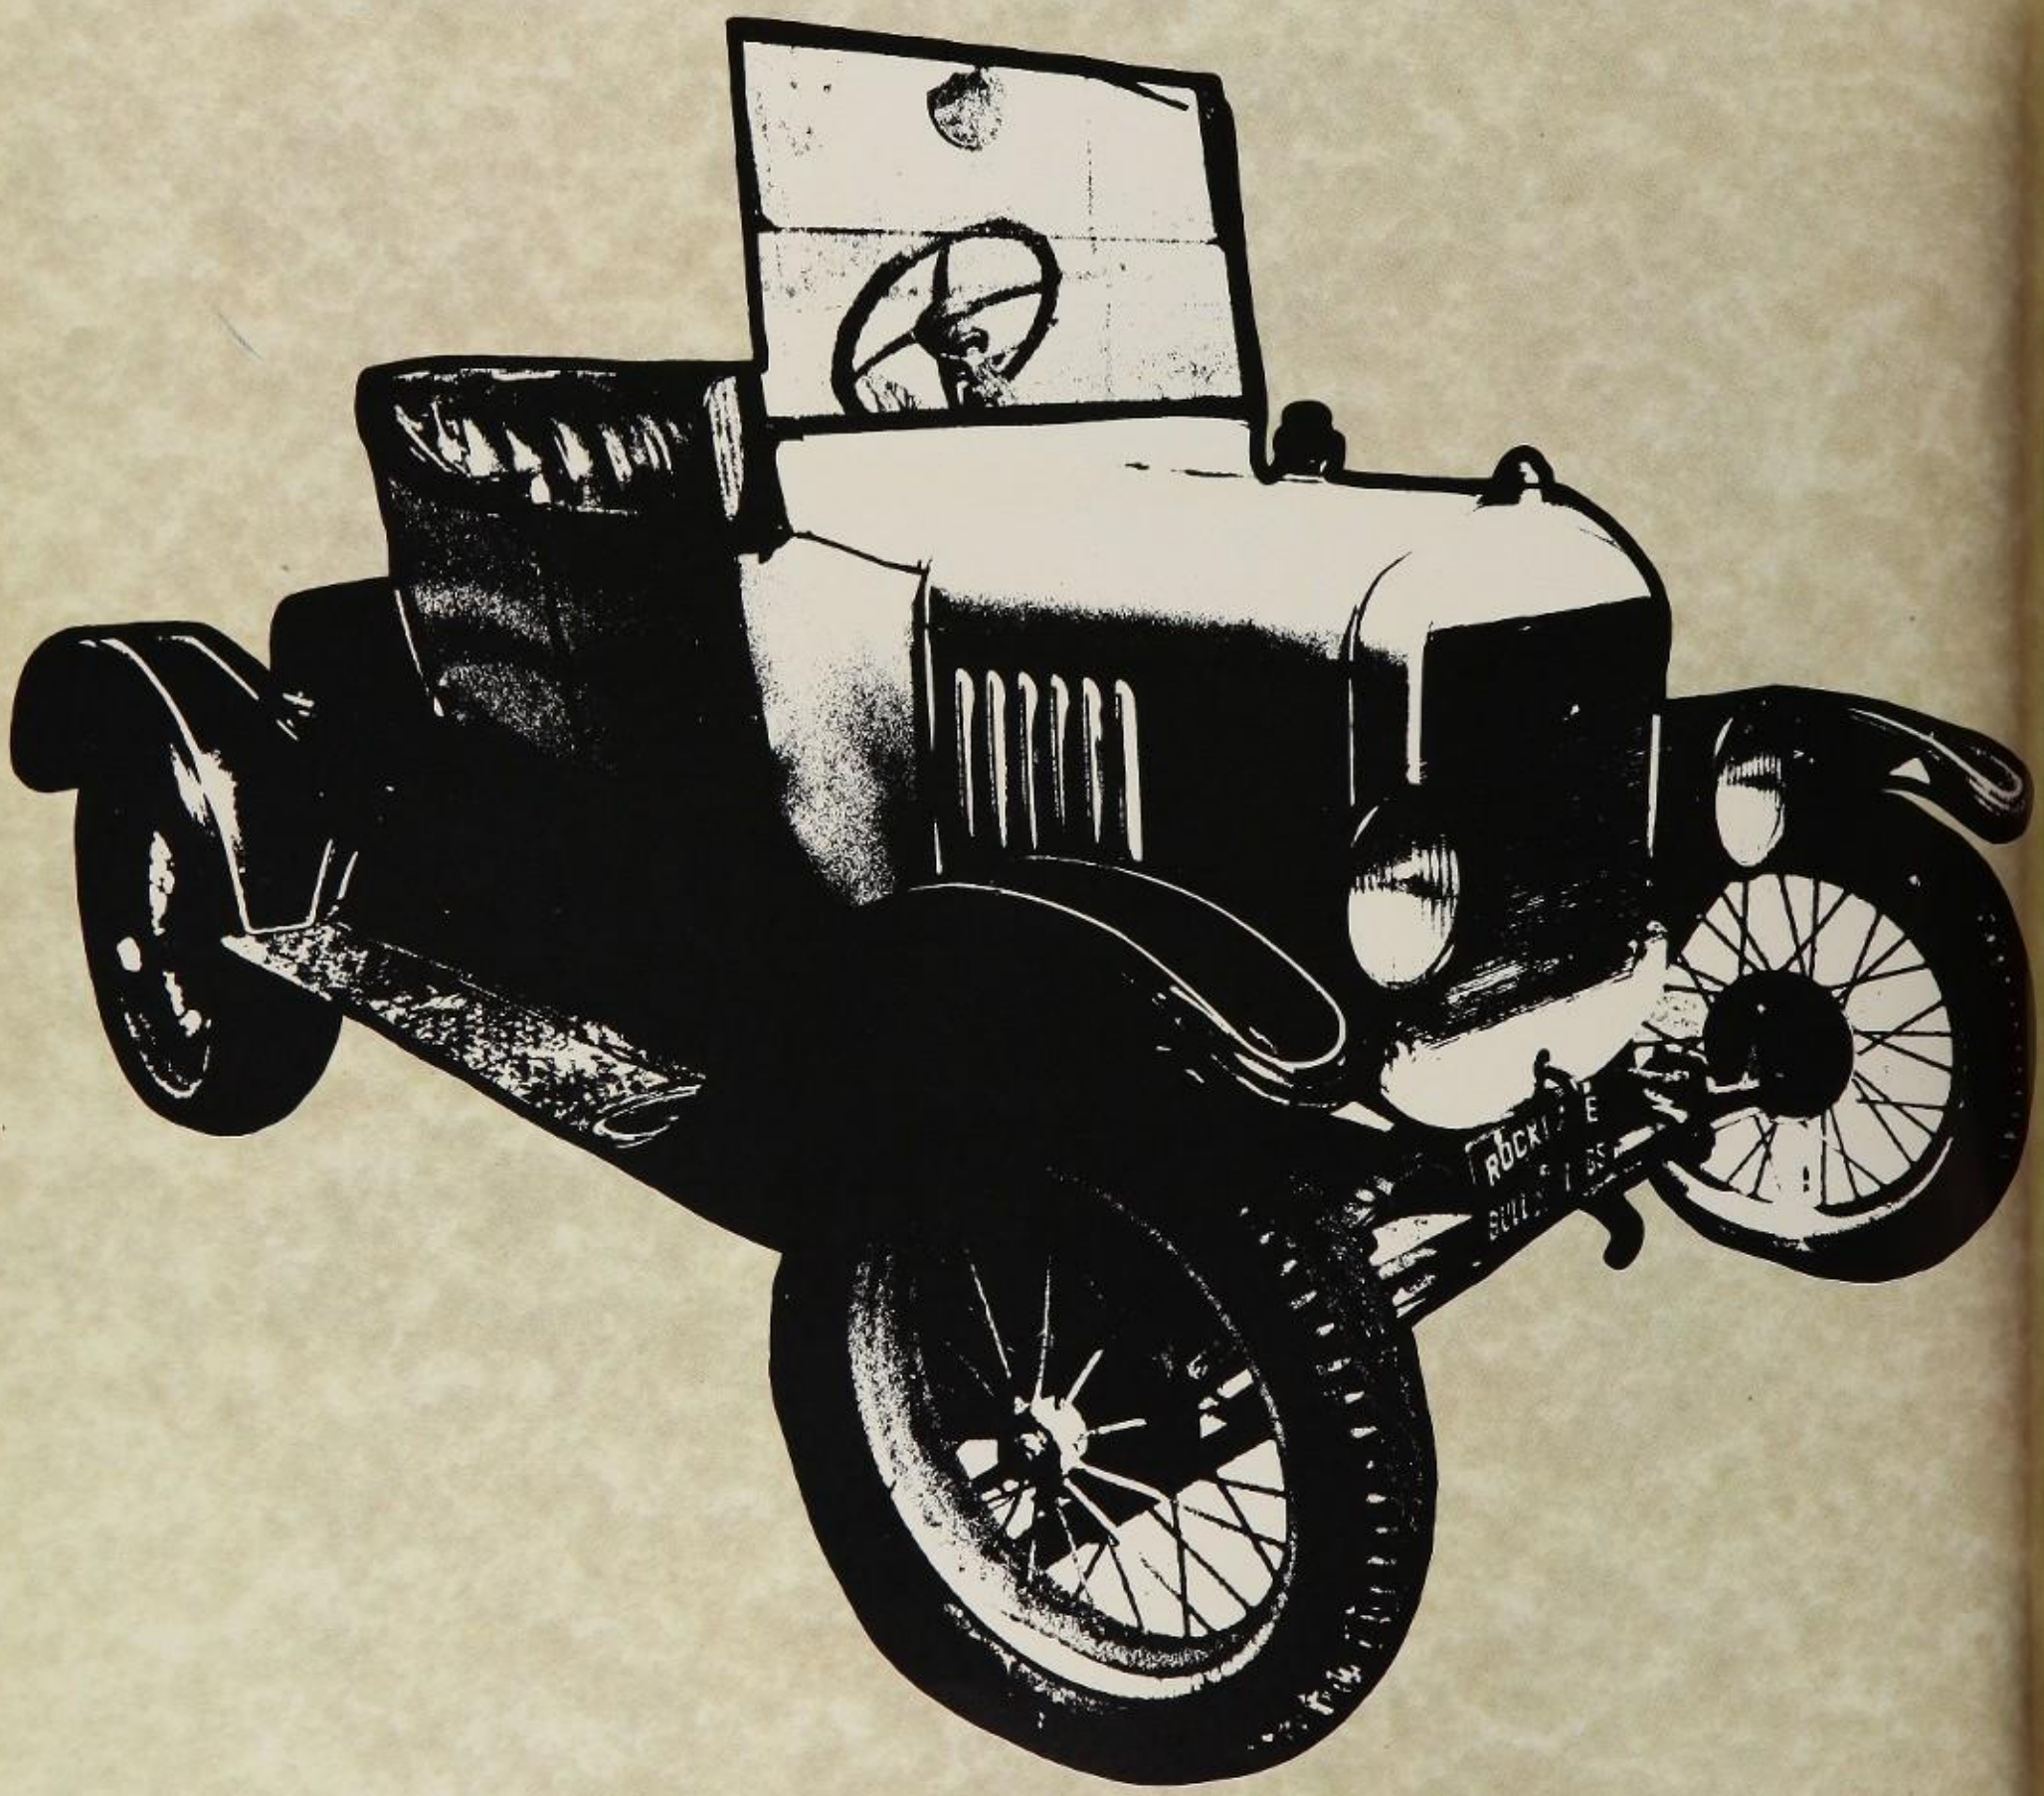
Education is expanding, and the birth of Heritage High creates even more opportunities for one to find his place. Two high schools could divide lesser counties, but "Our strong bands shall ne'er be broken."







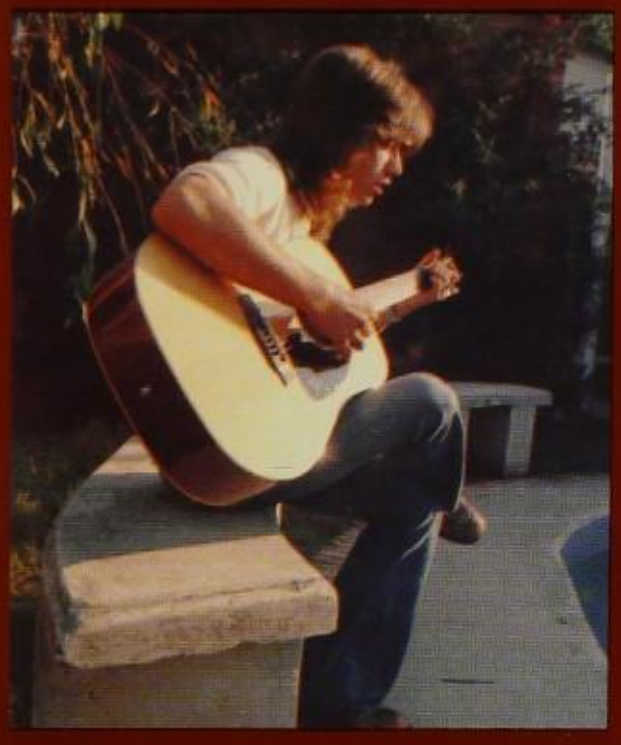
DPA

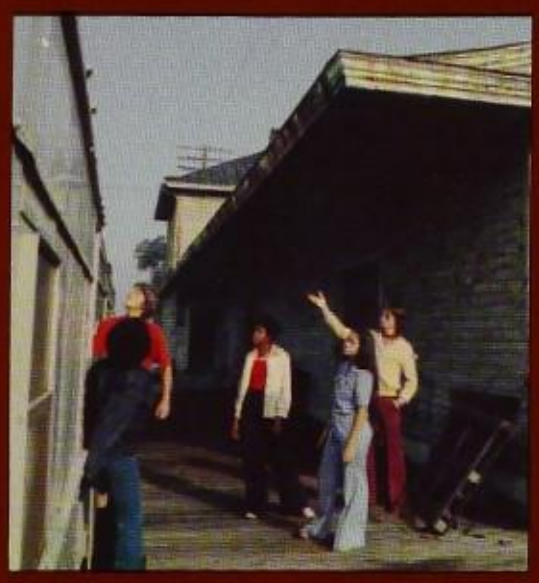


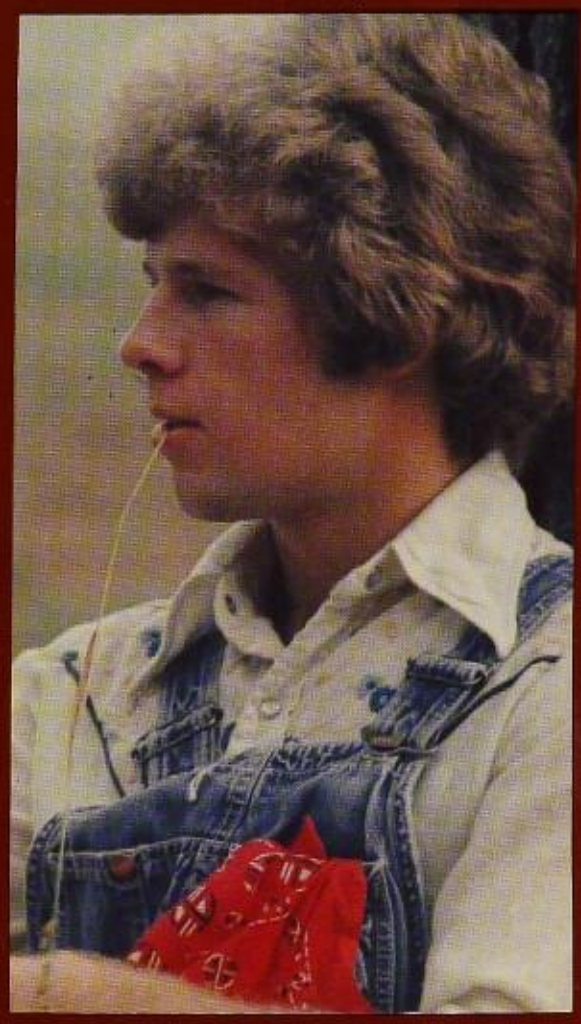
The Great American Dream Machine

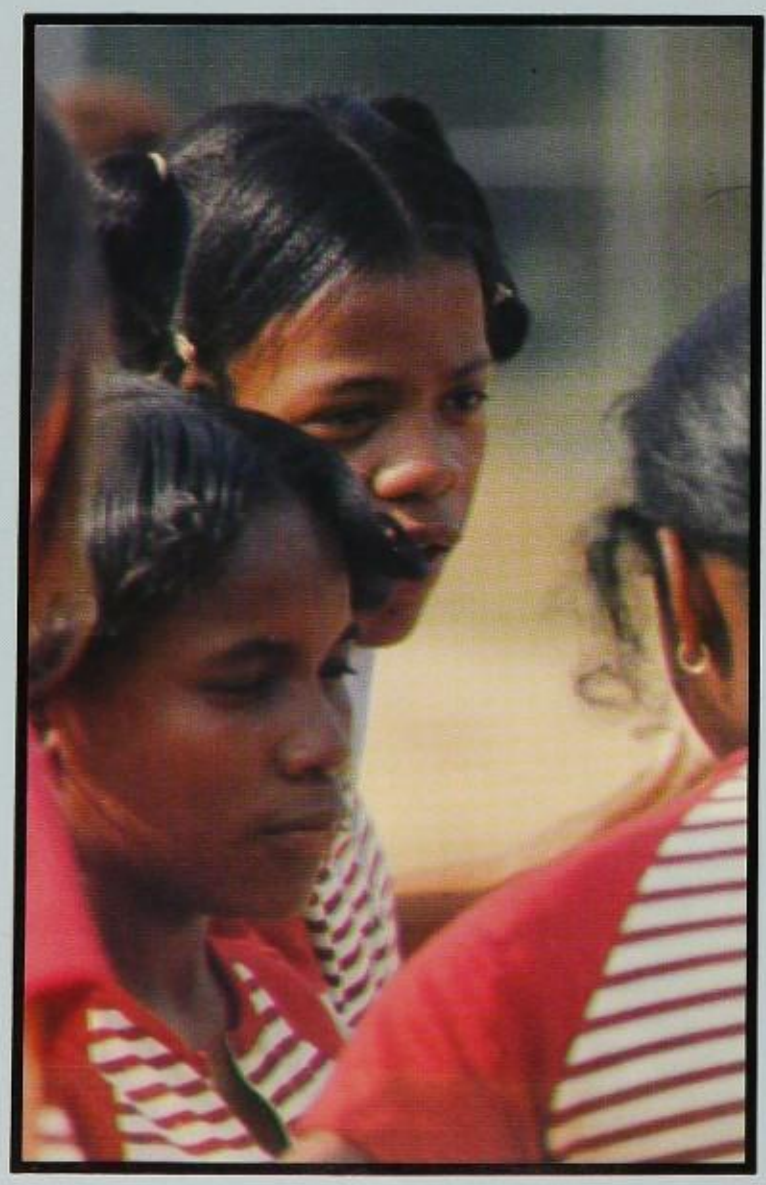
Around the turn of the century, Conyers had fully developed its personality as a town, being full of color and intrigue. On a typical hot summer day, one might have taken a stroll down Main Street, waving to Dr. Henry Turner and Lizzie Quigg as they sat under the shade of the Brittain Oak. Continuing down Main Street the Conyers Natatorium offered respite from the summer heat as people swam and listened to Junior Travis' guitar. Several youngsters could be seen hiding at the depot, waiting to fling rotten eggs at the sound of the battlecry, "two fried eggs and a fritter for a quarter." The evenings were often spent attending a meeting of the Sons of Temperance (or spirit killers), the United Daughters of the Confederacy, the Matrons' Club, or a hoe down at Baker's Barn. Dawn came with the reassuring sound of Joel Camp and "Old Black Maude" as they trudged by at the beginning of the Star Route, delivering mail from Conyers to Zingara. On days when the mail ran late, Joel would always be quick to mention that Old Maude just hadn't been the same since she felt the Charleston Earthquake.

From its origin, Conyers has been a peaceful, friendly town with people who have always been willing to give that extra effort that places dreams a little closer within reach, revealing perhaps the ultimate reward — the Great American Dream Machine.









The Road Goes on Forever

We dream of concerts in quad, winning state AAA championships, leaving campus for lunch, and becoming seniors. We've gone from knee-high knickers to denim blue jeans, from arithmetic to Modern Analysis, and from Model T's to 280 Z's. But nevertheless we still cry over defeats, lost loves, hurt feelings, and failures. We find joy participating in clubs, respect when our friends honor us, and pride when our administrators give us our own voice. Yelling with spirit at football games, "bumping at dances," and competing with our rivals — whatever we do, the road goes on forever.

These Are the Days of Future Past . . .

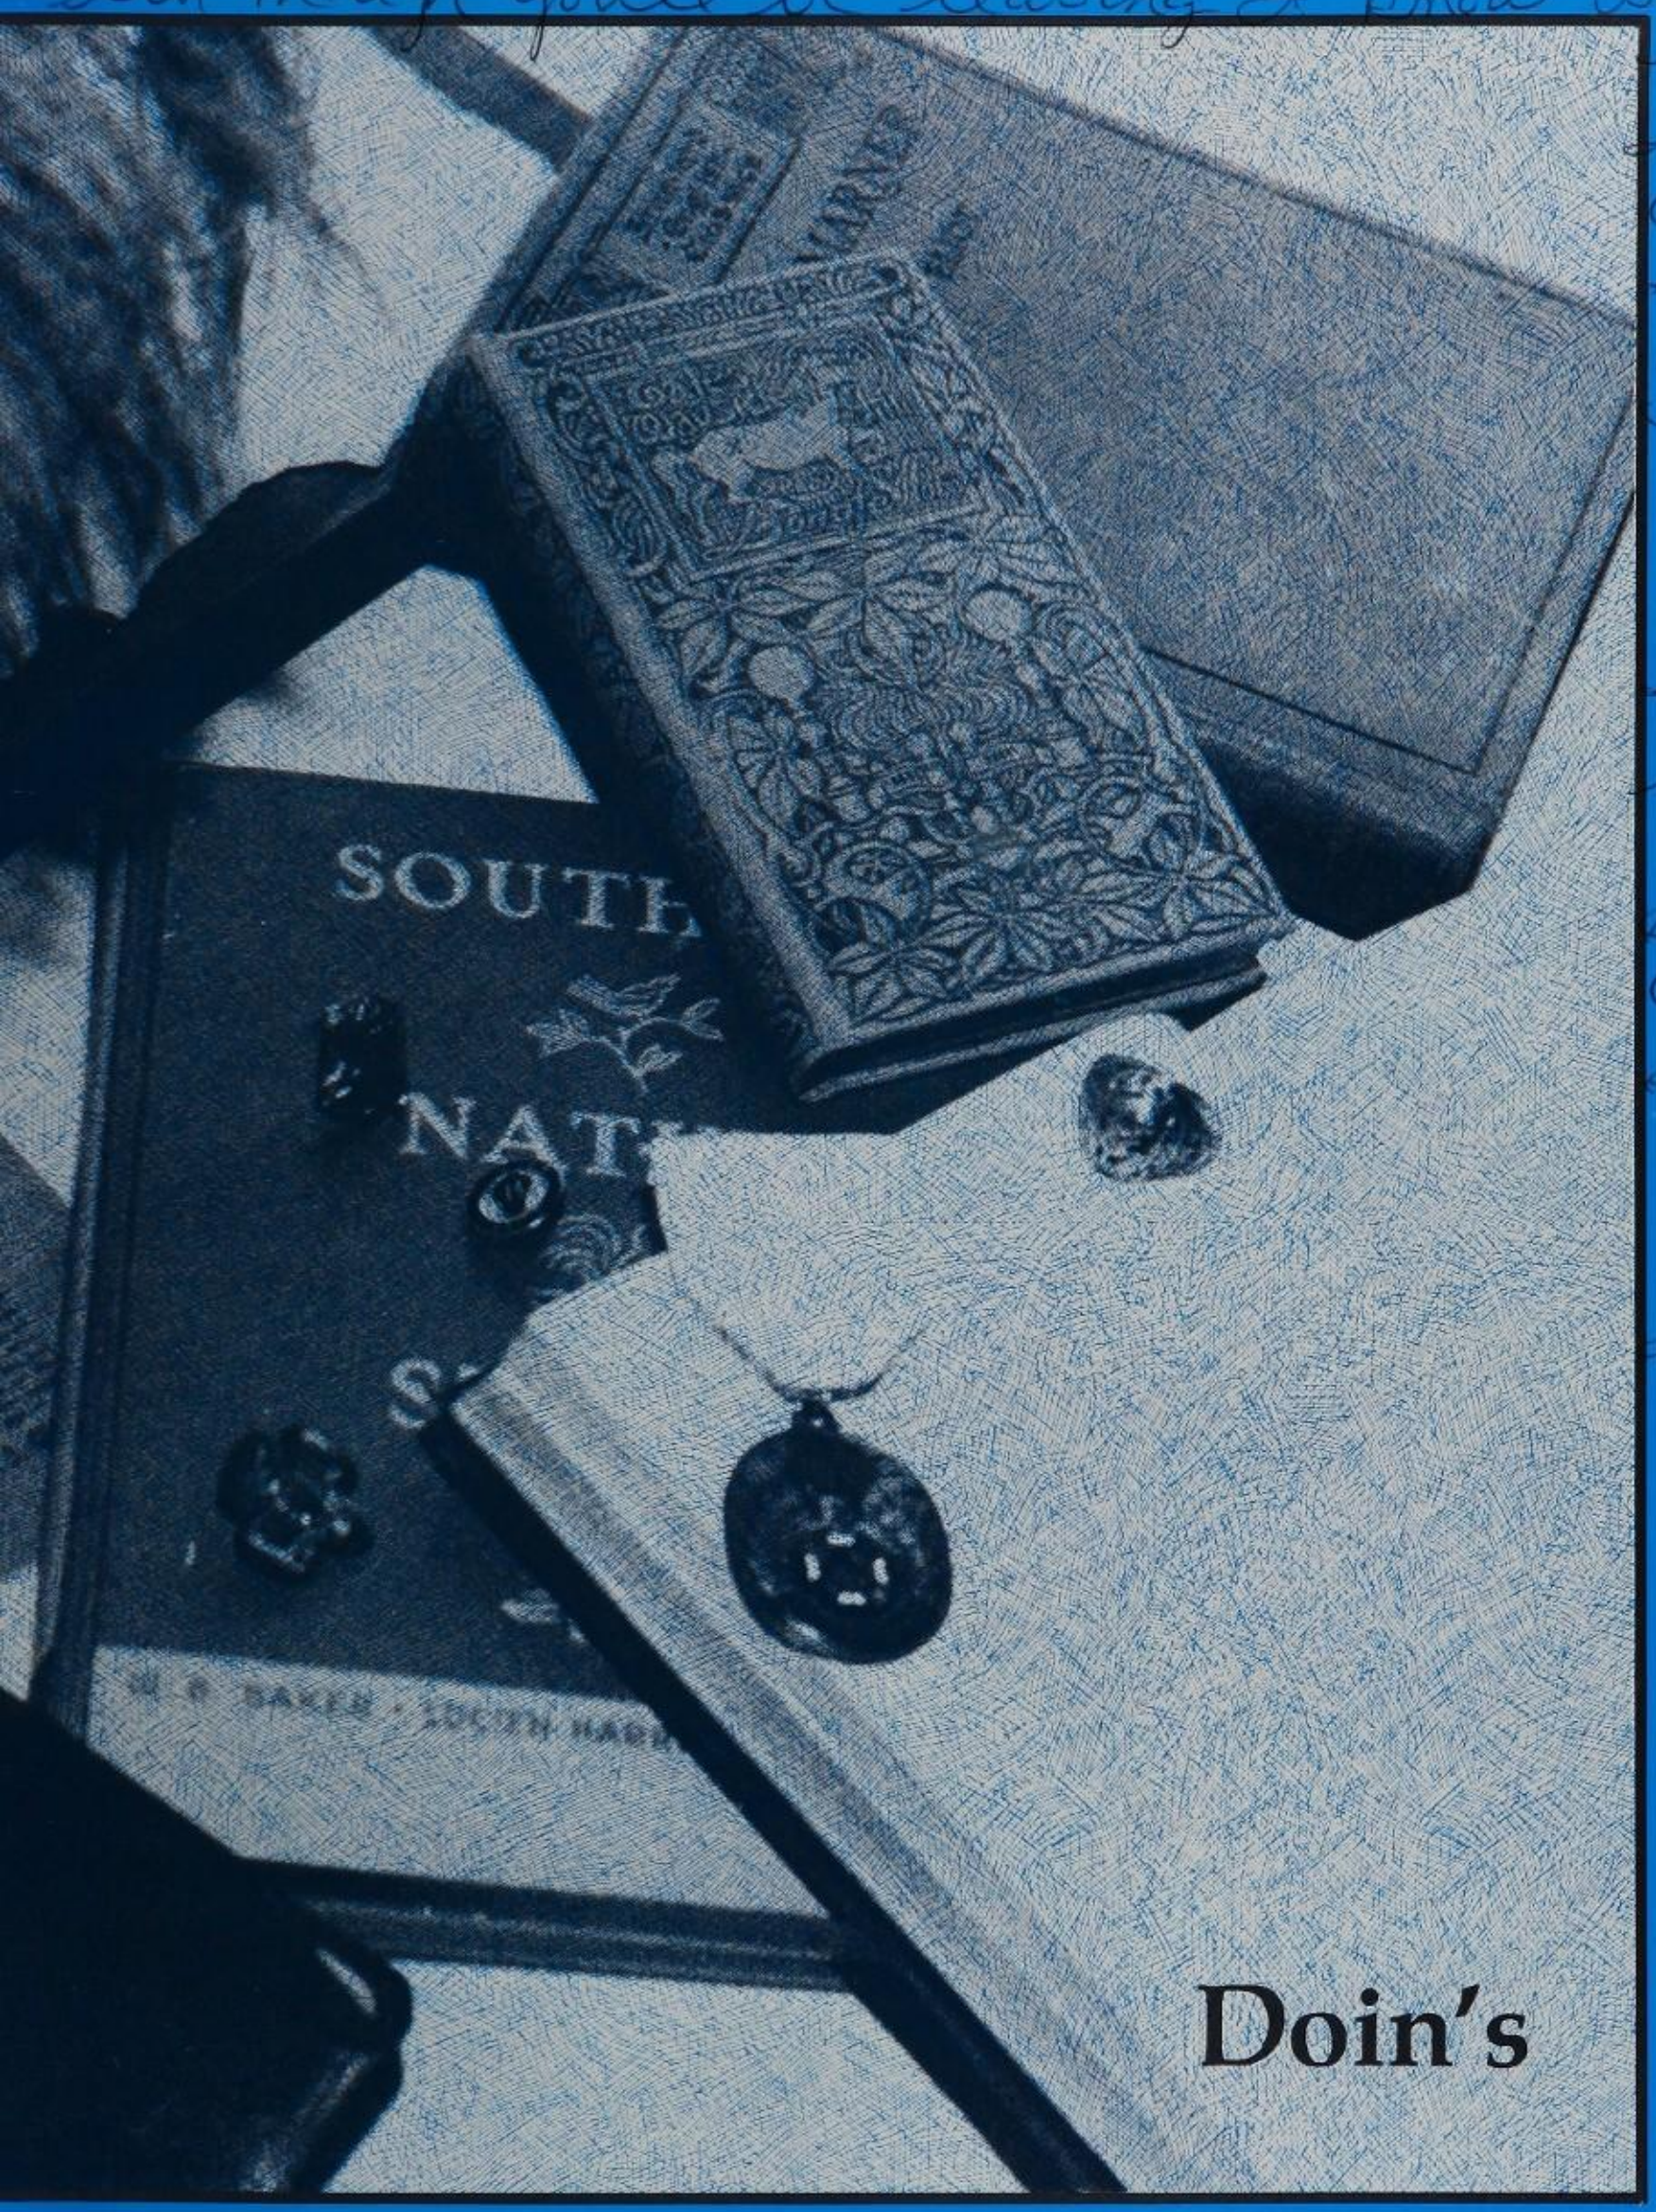
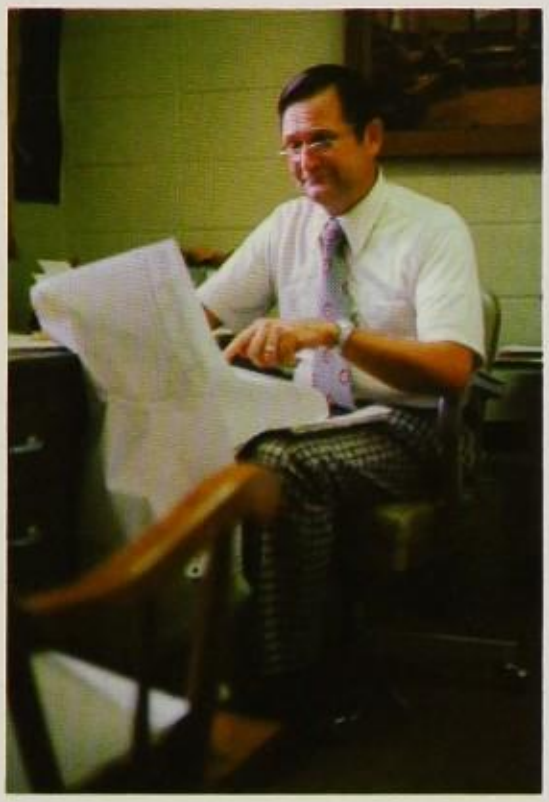
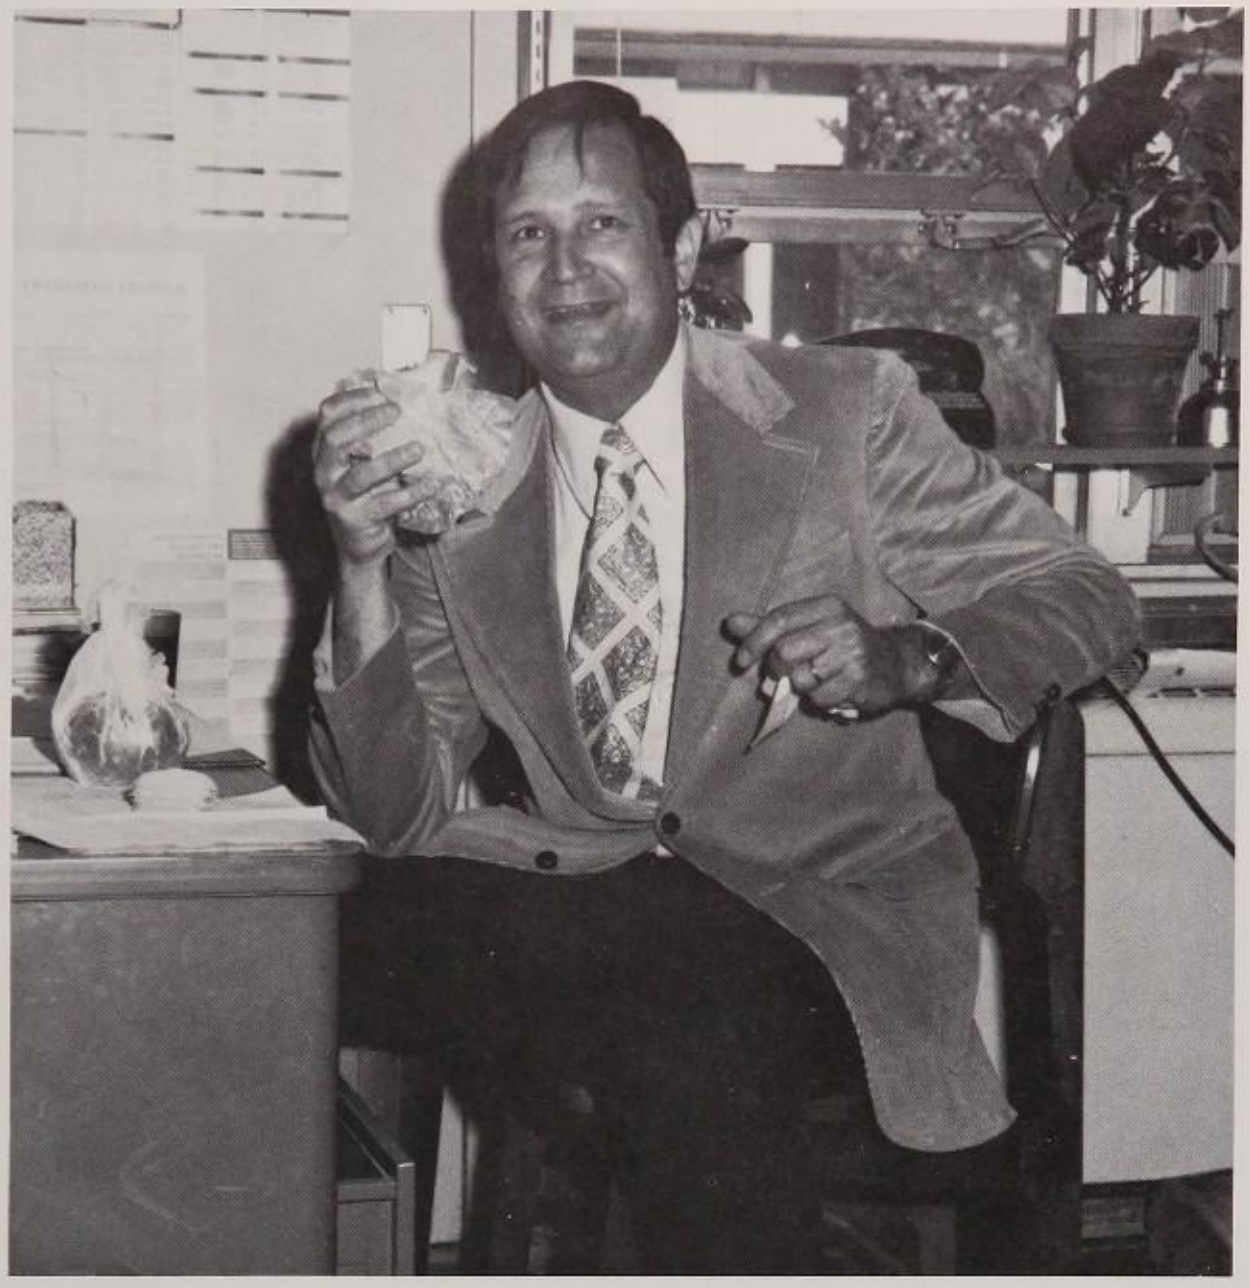
ABBOTT'S

Angie,
I could never write to you all that I'm thinking.
ou have meant so much to me in my years here
even though you'll be leaving I know we won't
lose contact.
I hope I
can come
see ya
at college
think we
can work
it out?
I'll be
babysitting
all summer
so you
can come
see me
often,
OK?
I love
you,
Martha







Dedication

He has been at RCHS for seven years and still has a smile and friendly word for everyone he sees during the day. He worked all summer straightening out schedules and climbing out from under computer readouts. He is probably RCHS'S scheduling computer. He gives PSAT'S and SAT'S with a smile, and his door is always open. Walk by that door any day and you can hear him giving advice about colleges, changing schedules or just listening to problems.

He began with the Class of '76 when we were freshmen and through these four years we have grown to love and respect him greatly.

With all our love and best wishes, we dedicate the 1976 Tempus Fugit to MR. MONTY MANN.

A Wrinkle in Time

Patching it up. The good, the bad, and all that lies between. A cluster of dangling young contenders with the arduous task of binding memories within a jacket entitled simply TEMPUS FUGIT. Of engraving each one with an original flare that not only makes it pleasant to look at, but pleasant to drift back to as well. A handful of hourglasses that sometimes triumphs, sometimes falters, and sometimes fails — but always seems to cope.

Where the Music Is

These fruitcake peddlers and marching festival goers, bursting with pride in their new uniforms, made up the most active organization in the school. Their horizons were unlimited as their year began with Marching Band practice in the late summer and ended with the annual Spring Concert. They were always where the music was whether as the Pep Band at basketball games, playing for the spring musical, or as the Jazz Band entertaining fans at the Omni. Led by Mr. Mouchette, always striving for the best, the Band really scored with four standing ovations at the Dekalb Marching Festival and an "excellent" at Dalton. Yes, they've come a long way from learning the fingerings on their horns to performing for the Falcons in Atlanta Stadium.

OFFICERS SYMPHONIC BAND: President, Chris Jonston; Vice-president, Diane Kilpatrick; Secretary-Treasurer, Holly Hunter; Librarians, Patty Turner and Kelly Brannon; Managers, Jeff Penick and Sam Lamont. OFFICERS CONCERT BAND: President, Laura Mims; Vice-president, Russell Slade; Secretary-Treasurer, Annette Albertson; Librarians, Jo Little, Susan Herring; Managers, Jerry Walden, Keith Butler.

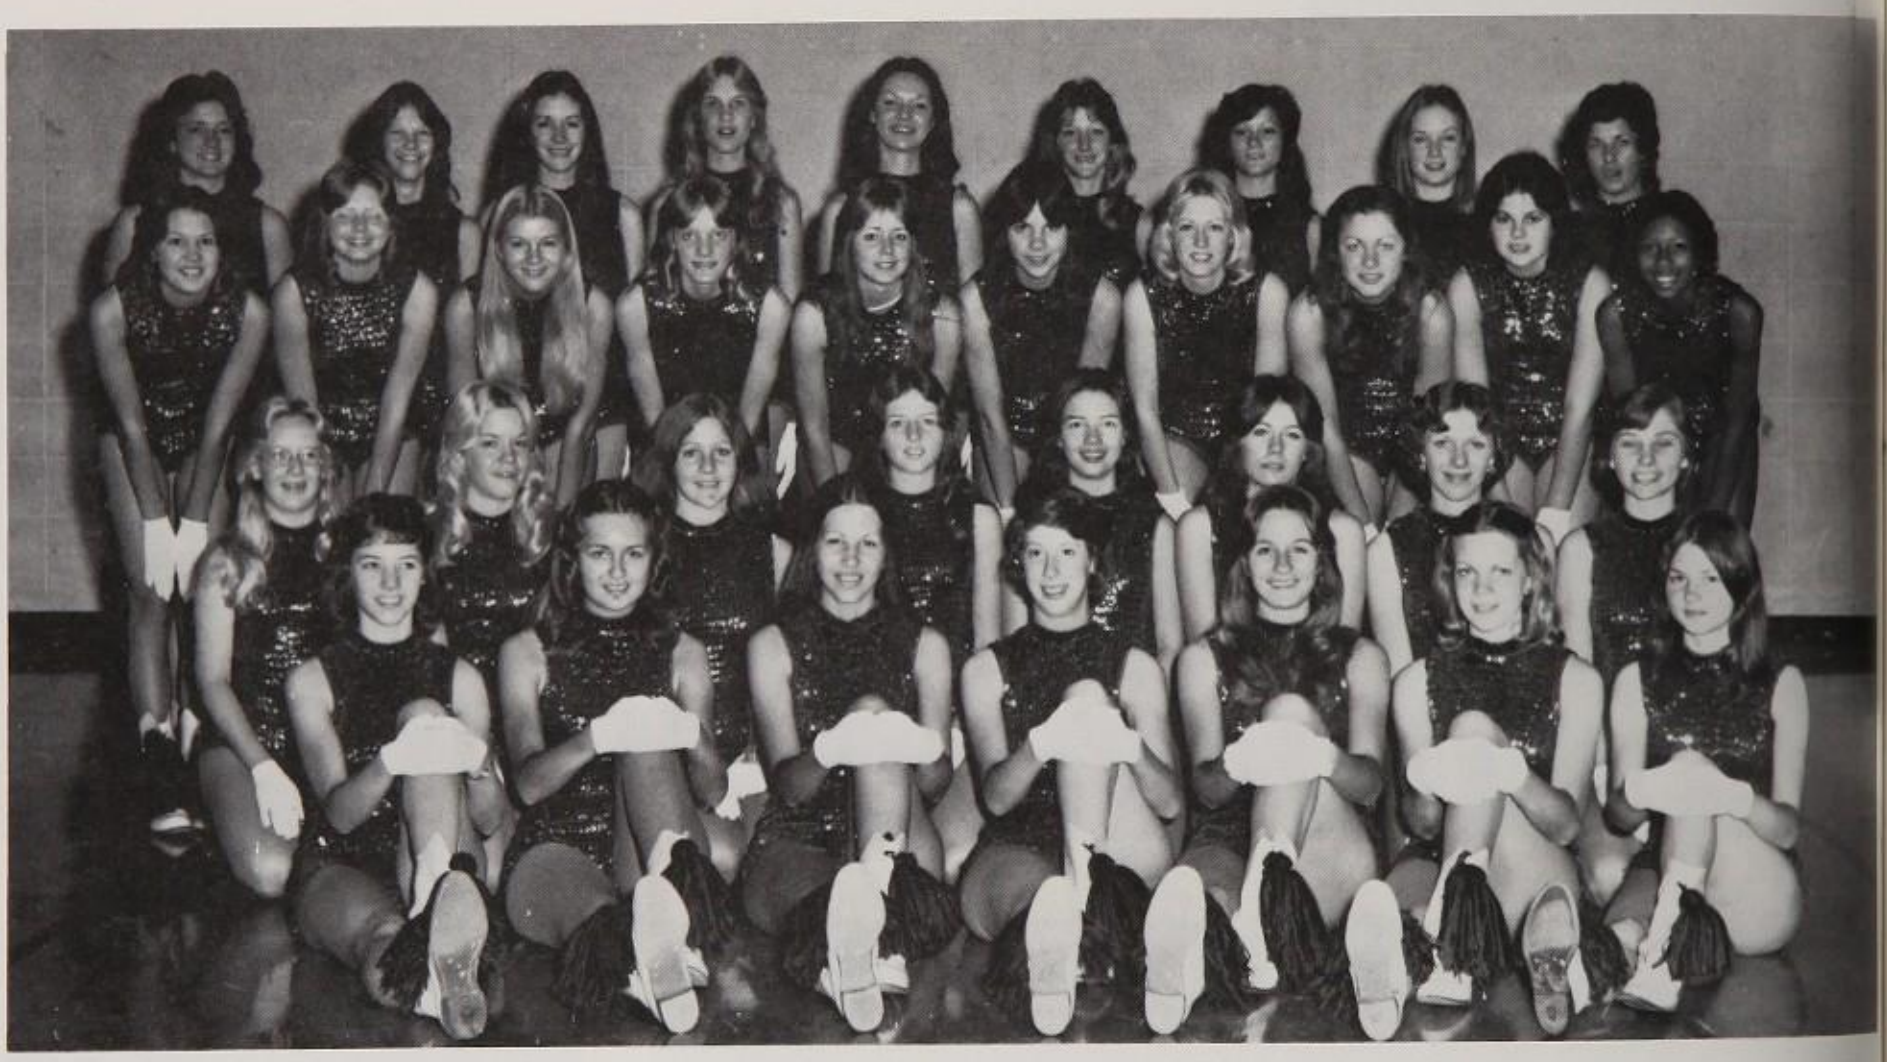
Band Aides

Five years, ten flags, and six rifles ago a new organization was formed at RCHS. The ten eager girls practiced hard, but they never dreamed that in five short years the corps would increase from ten to twenty-six members. From hot pants to knee-length skirts from good to the best, the Flags and Rifles have taken on a whole new look in the past five years. They've come all the way up to the top with a one at DALTON! But amidst the changes there is still the familiar crying at the last game and the same practice after school, tromping through thick and thin to add flavor and spice to the band at half time.

A Touch of Class

Do sequins, tambourines, lost gloves and half-times ring a bell? Remember goodie-bags, decorating Bonanza, practice every afternoon . . . 1-2-3-4-5-6-7-8? The Drill Team knew these things. They were those girls everyone saw filed outside second hall, on the football field, and on the basketball court, working hard to boost spirit and making it count . . . 1-2-3-4 . . .

OFFICERS: Captain Melanie Gunter; Co-Captain, Nona Gonter; 1st Lieutenants, Tricia Patterson, Connie Rushton; 2nd Lieutenants, Cathy Staples, Lynn Peek; Treasurer, Linda Bloodgood; Publicity Chairperson, Sue Mato.



They Add Sparkle

Mix some sequins, gleaming batons and eight ultra-bright smiles. Know what you have? The RCHS Majorettes. They've worked hard practicing three hours a day, at least three days a week through summer vacation and football season just to make that short half time performance nothing but sheer perfection. They worked hard at camp and festival to bring home individual awards and ratings of 1 and 2.

It takes hard work to obtain glory and make it look easy, but these girls' performances are proof that it can only be done with hard work and practice. And new red uniforms make the glory look that much better.

Captain, Debbie Rooks;
1st Lieut., Jill Briles

Prod. Lab Exhibits at South DeKalb

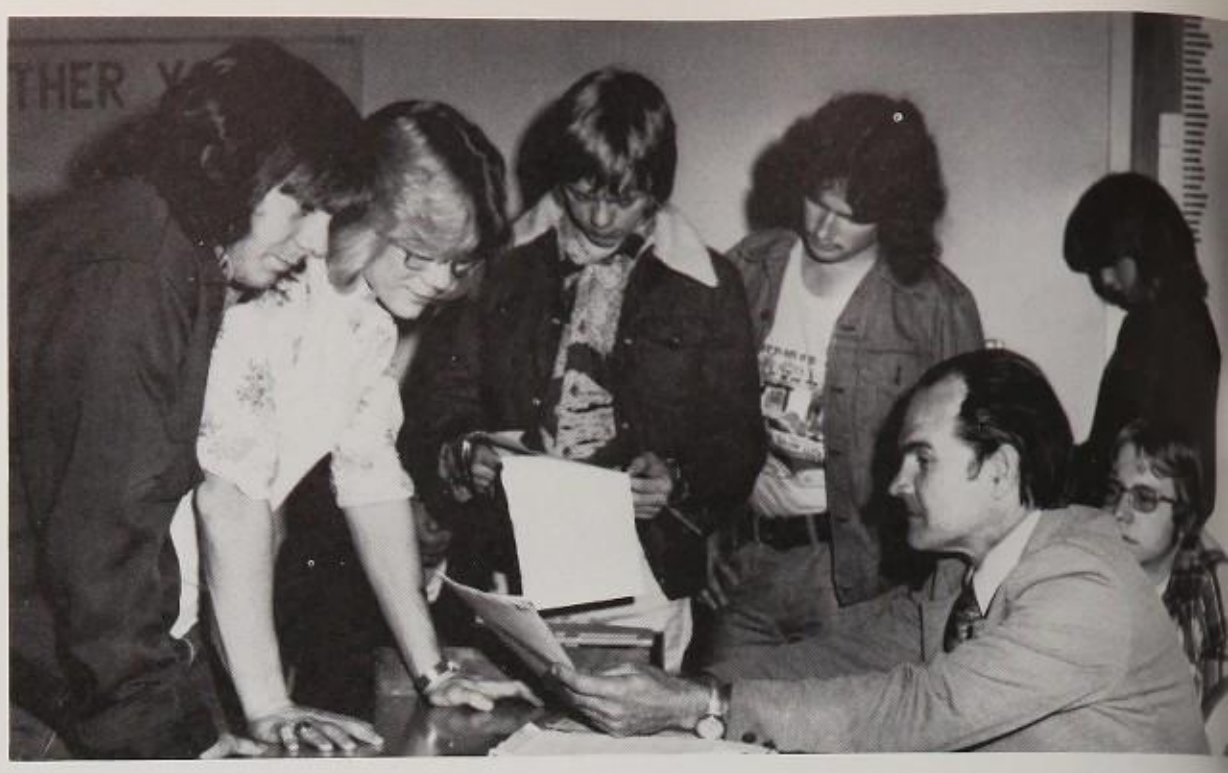
Not only did these talented artists create in their class at school, they also learned the ins and outs of pricing and selling the items they made. Encouraged by Mrs. Bailey, they did a beautiful job with the decorations at the Christmas Sale at Salem Gate Shopping Center. Then finally all of the hard work and preparation was worthwhile when they went in the Spring to South Dekalb shopping center, eager to meet the public and to display and sell their merchandise.

Club Visits Kodak

Developing black and white negatives, enlarging prints, and sponsoring a photographic exhibition and competition were all part of being a member of the new Photography Club. They might be new, but they certainly weren't slow getting started by venturing out on a field trip to the Kodak processing plant at the first of the year. Interest ran high in the club, and there was excitement of being able to create pictures; but as Mr. Chickering would say, "Actually the purposes of our club are to encourage and promote an interest in photography and to aid in developing skills which will improve the enjoyment of photography as a hobby." (But it was fun anyway.)

Students/Employees

Many RCHS students have gone ahead into their career interests while still in high school. This could be a tough transition to make, going from full time students to part time students/employees, but with a club like VICA the transition becomes easier. Their Employer-Employee Banquet made working students more familiar with the business world.



VICA not only helped make the students' present transitions easier, the club helped prepare for leadership in the world of work. VICA has built our future vocational and industrial leaders of tomorrow.
OFFICERS: President, Scott Brisendine; Vice-president, Tim Christian; Secretary, Terry Hayes; Treasurer, Barry Nix.

Tomorrow's Artists

Who artistically improved our school and community? The Art Club. These students used their abilities for things like decorating X-mas trees at Fieldstone Mall, arranging the decorations for the teachers' banquet; not to mention the usual around RCHS — painting signs and posters and doing bulletin boards. They are Michelangelos, Rembrants, and Monets in their own right. They work hard putting on the Spring Art Festival and holding work shops to develop their talents farther. Who knows — the next innovative American artist may well have been a member of this very club. OFFICERS: President, Leslie Dykes; Vice-presidents, June Wolf, Frank George; Secretaries, Karen Baker, Lisa Whitley; Treasurer, Cheryl Martin.

SPANISH I OFFICERS: Presidents, Ginger Reid, Susan Lasley, Rodney Reid; Vice-presidents, Delaine Harp, Steve Hendry, Kevin Simpson; Secretaries, Laura Smith, Rhonda Lindsay, Donna Jenkins; Treasurers, Dale Dement, Andrea Eidson, Michelle Kiser. SPANISH II OFFICERS: Presidents, Donya Boylston, Phil Fronek; Vice-presidents, John Wilson, Bonnie Hodges; Secretaries, Tony Moore, Jane Blakeman; Treasurers, Scott Ragsdale, Tom Ferrone. SPANISH III AND IV OFFICERS: President, Pam Underwood; Vice-president, Laurie Smith; Secretary-Treasurer, Ross Little.

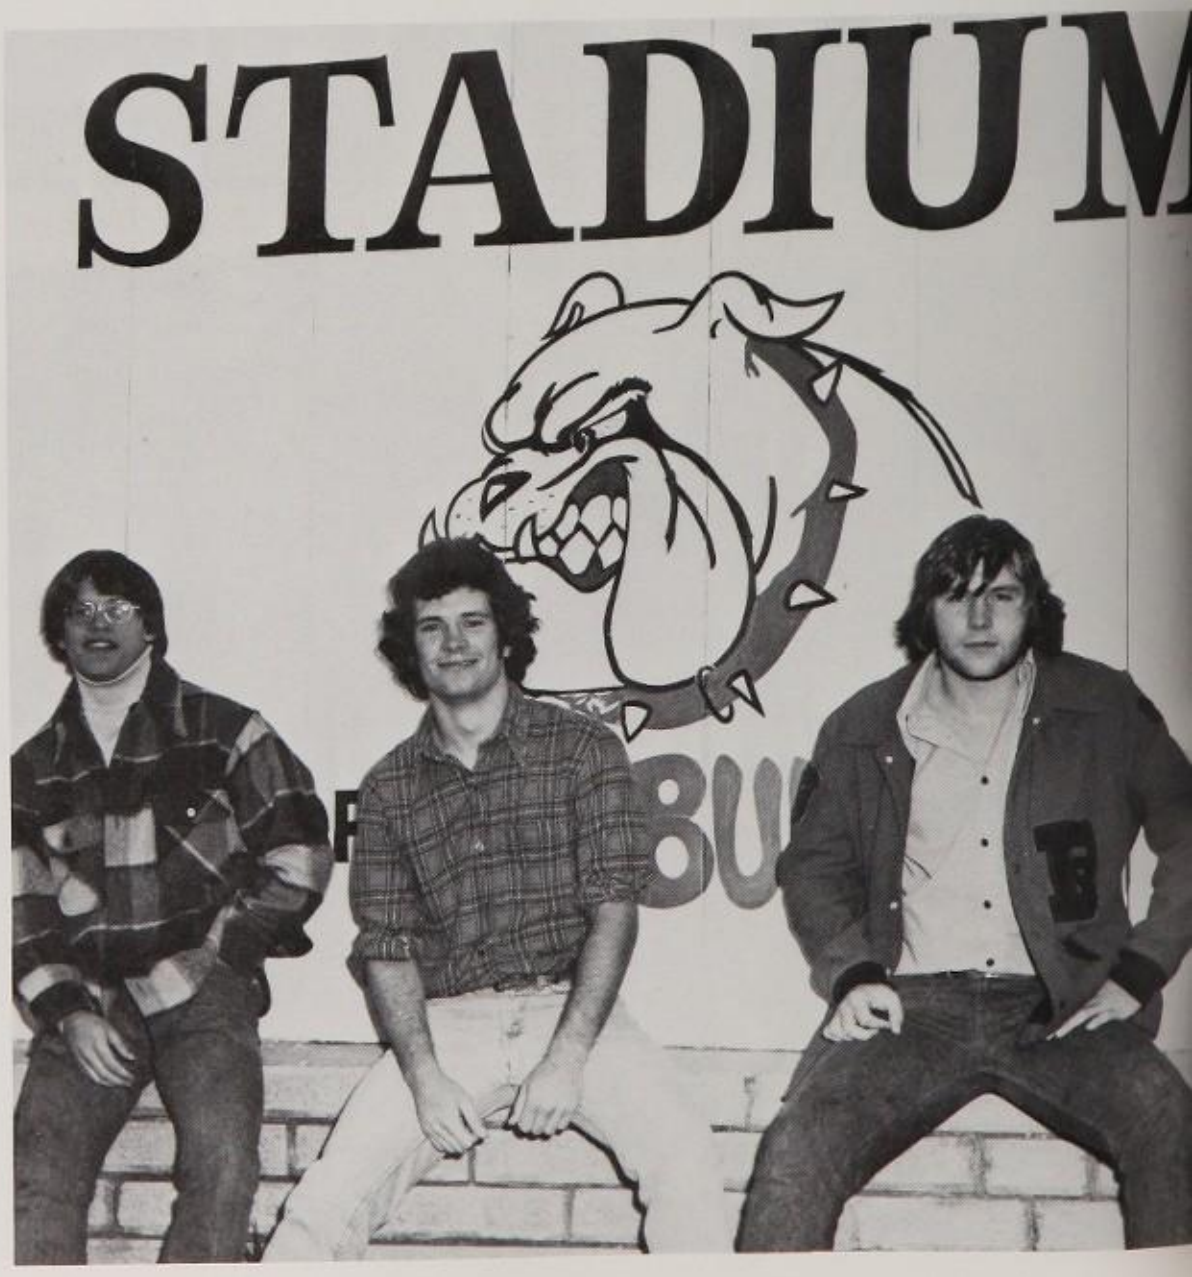
Los Conquistadores

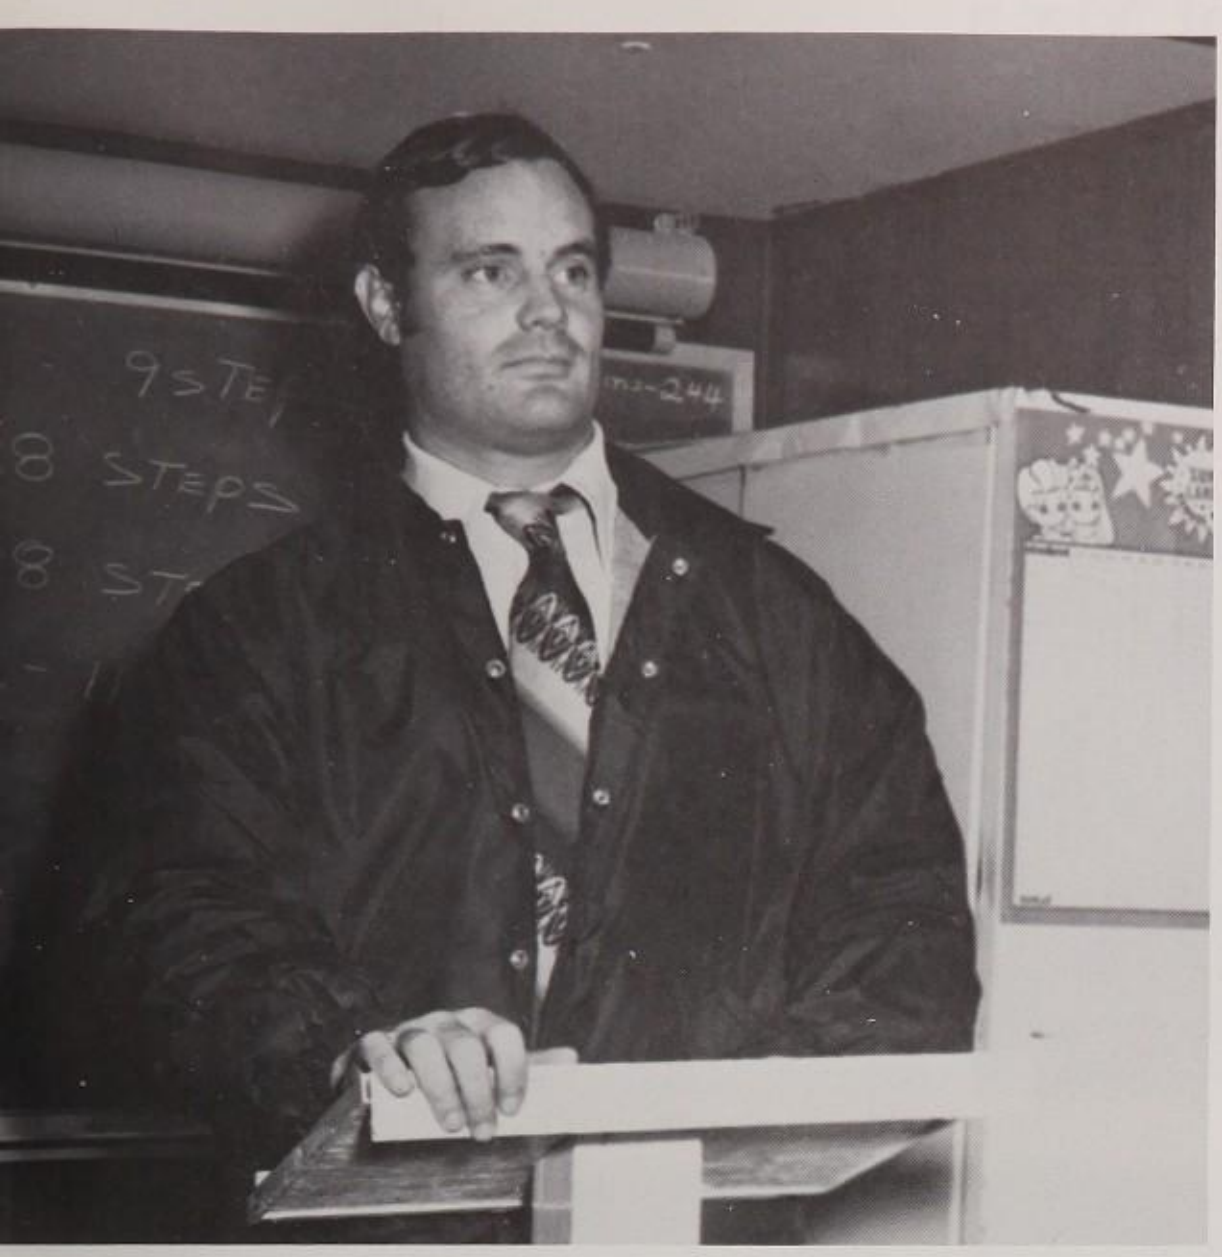
Qué hora es? Huh? I don't know what that means, but el Señor Medwid will tell the time with his super dooper digital watch. Hey, did ya hear about Lucía in Mexico? They couldn't pull her away from the tequila. Now, if everyone brings two cans, we will make our goal. Spanish Conquistadores conquered again and gave 319 cans of food to lead in the Christmas project sponsored by FHA. What other club would go farther out on a homecoming sign than the French did on their float. With a fantastic Spanish Week featuring the Baja 500 pogo stick race and Tamale Tally, the whole school became excited and involved in the Spanish culture. You'll know someone who is a member of the Spanish Club when he says, "Bésame, yo hablo español.

The Hustlers

Be it on a football field or a Saturday night, they always seemed to stand out without being sensational. Not a one among 'em claimed to be a saint (or for that matter, a salesman either). Growing beards and totin' pecans, led by Rags, Boo, and the Doctor, their year climaxed with an annual convention. Savannah, Augusta, Jekyll Island, or Columbus — the place makes little difference. It's the wine and the dine that makes the Key Club hustle.

Scott Ragsdale, Vice-president; Bill Garrett, President; Dennis Dailey, Secretary





My Sweet Lord

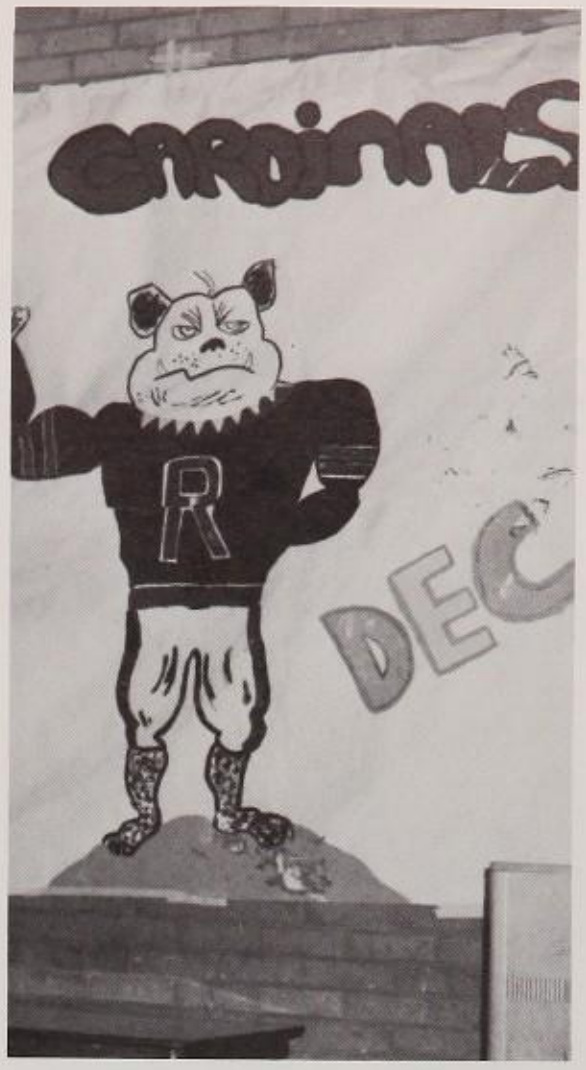
With the fearless masterminded leadership of Coach Jones we all looked forward to the short Thursday practices and the timely peacefulness of those nerve wracking nights. Despite the jitterbugs and butterflies which seemed neverending, we all welcomed the solitude of the empty school building along with the openness among friends and teammates. Enjoying one of the most beneficial experiences — growing in the Lord — we also grew together as a team, and from that we benefitted the most.

The Art of Math

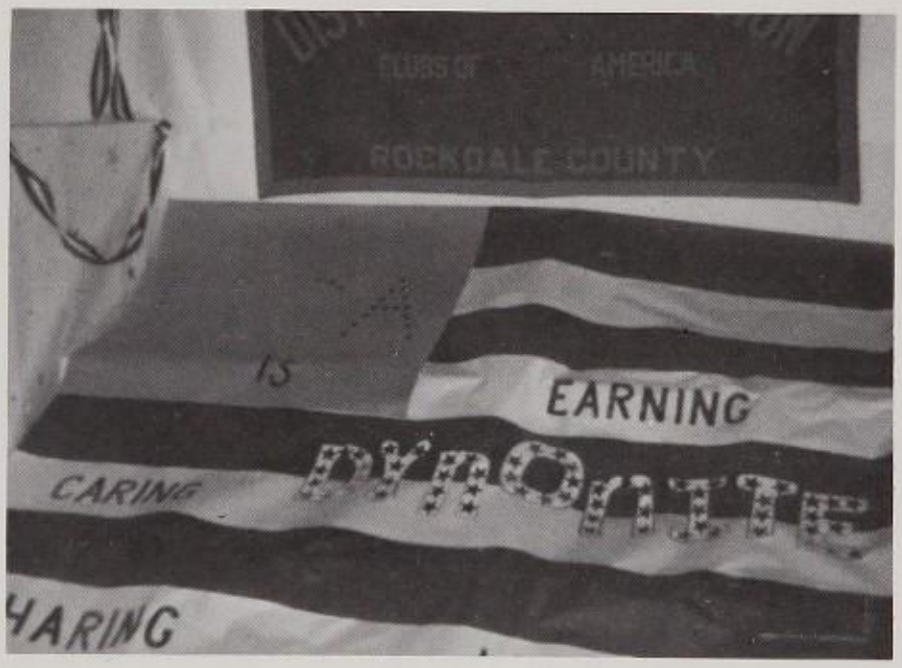
With constant mind-rendering ideas from old to new and simple to complex, the first year of Mu Alpha Theta with its eighteen member collection of gifted students definitely turned the first page to find its "function."

Without exhaustion the never tiring Mrs. Puckett teamed with the timeless efforts of Ms. Mosely provided such worthwhile activities as tutoring students to combine the knowledge and enjoyment of the art of math.

OFFICERS: Mu Alpha Theta President, Al Cook; Vice-president, Donya Boylston; Secretary-Treasurer, Robin Becker. Math Club President, Terry Rutland; Vice-president, Lisa Pierson; Secretary-Treasurer, Angie Aikens.



OFFICERS: President, Kathy Evans; Vice-president, Randy Sparks; Secretary, Annie Booth; Treasurer, Lisa Weesner; Parliamentarian, Brooks Clive; Reporter-Historian, Regina Chupp; Photographer, Mike Alligood.



DECA Celebrates Nat. DECA Week

It started with officer's convention, a pledge of $100 to the National DECA Center and ideas for a bigger year for DECA. Then it moved on to Rockdale's celebrating National DECA Week for the first time with a wheelbarrow race down fourth hall, a ''crazy legs'' contest with proceeds going to Muscular Dystrophy, and finally a cracker-eating-whistling contest with the winner getting her very own box of saltines. To raise money DECA sold mums AGAIN and candy sticks, too. Christmas rolled around so everybody brought canned goods, clothing and toys to make the holiday merrier for two needy families. And it ended with State Convention and big hopes for winners.

President, Evelyn Stokes; Vice-president, Cathy Edwards; Secretary, LuAnn Busby; Treasurer, Wendy Winkler; Program of Works, Martha Harris; Honor Roll, Penny Helms; Chairperson of Progress and History, Donna Moss.

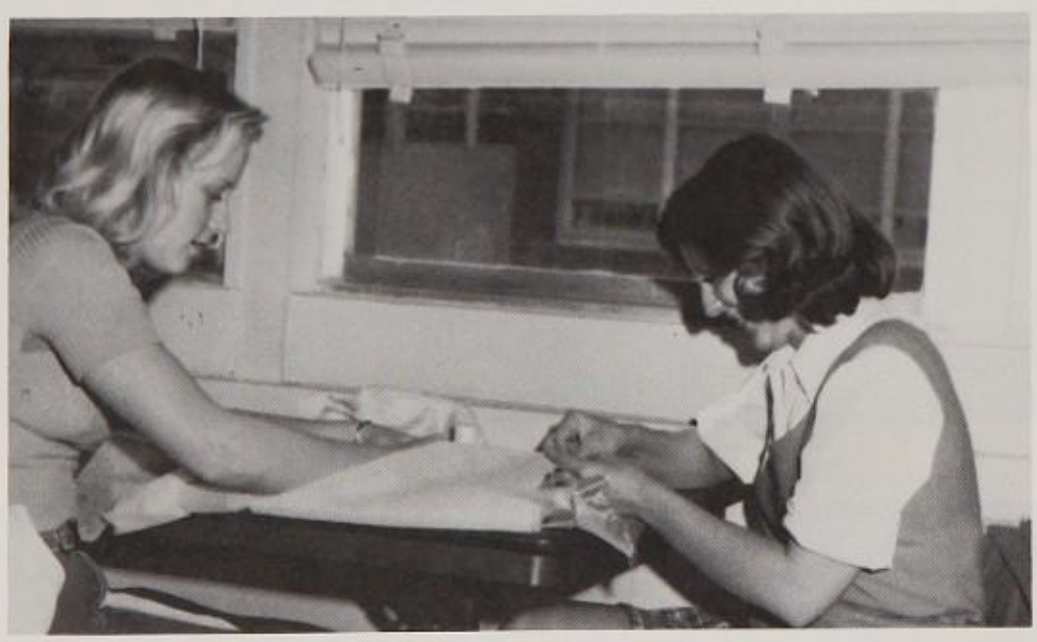
Girls Learn Family Life

But, Ms. Saed, I don't understand. Do we stretch then sew, or sew then stretch, or sew and stretch at the same time? Again their annual Parent-Daughter-Banquet was a success. And who could refuse to buy stationery from a girl who called herself a future homemaker? These joyful young women have learned the fundamentals of family life — everyone should know that you never boil an egg! They learn to cook and sew, to dress nicely and to walk. The three sponsors prepared their girls quite well for the future lives as homemakers.

The Beta Spirit

In the future as teachers and students look back on the years they spent at RCHS the students who will probably stand out most are Beta Club members. Leadership and responsibility were qualities known to shine from their faces. They only met once a month, but that Beta Club spirit was there every day of the week. They had an outreached hand for those who needed help during Thanksgiving and Christmas. They too collected fond memories to look back on, like Melanie's robe and the giant grass stalk mysteriously growing from Mrs. Weil's garbage can.

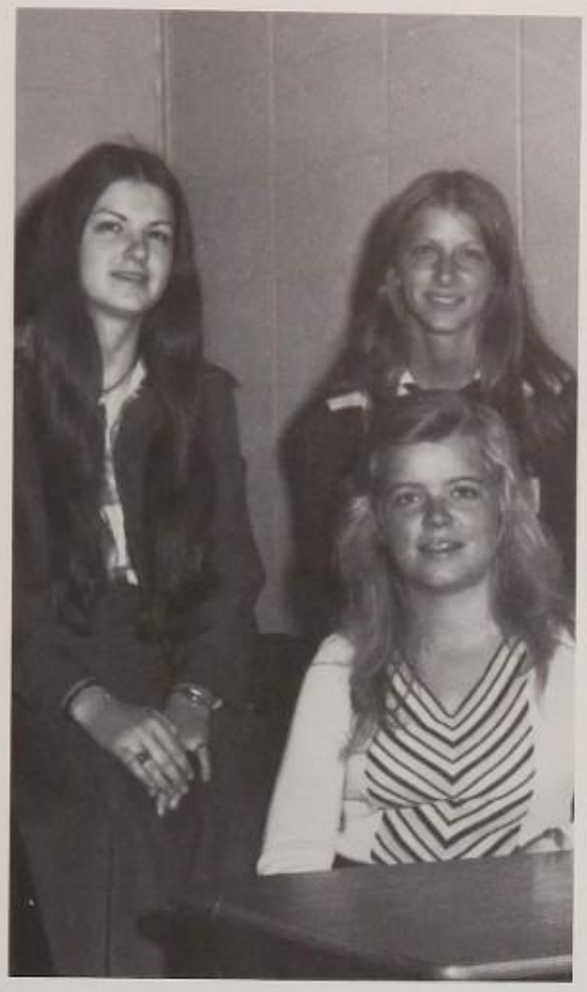
OFFICERS: President, Diane Kilpatrick; Vice-president, Cheryl Jaymes; Secretary, Lisa Kirkland; Treasurer, Chris Johnston; Reporter, Lloyd Wilkinson



They Danced for Depot

These students helped with an auction to benefit restoration of the Conyers Train Station. The club entered the Flag Contest. People "danced for the depot" at the marathon they sponsored. As a "junior" member of the Historical Society, the History Club has done its part in our Bicentennial Celebration. They are people interested in our 200 year history.

OFFICER: President, Rodney Reid; Vice-president, Sherry Atkins; Secretary-Treasurer, Nancy Kellet.



Business Students Lead In Bus. Ed. Week

Who "knew" Tom — Wat? Who had a covered dish X-mas supper? Who took Xmas cheer to the Westbury Nursing Home? Who had sweatshirts with FBLA on them? The Future Business Leaders of America did. The club provided leadership opportunities for business students. They participated in the National Business Education Week. They attended conventions and participated in business abilities contests. One day their business will be yours, too!

OFFICERS: President, Donna Thompson; Vice-president, Kathy Whitaker; Secretary, Patrica Chester; Treasurer, Karen Phillips; Parliamentarian, Donna Turner.

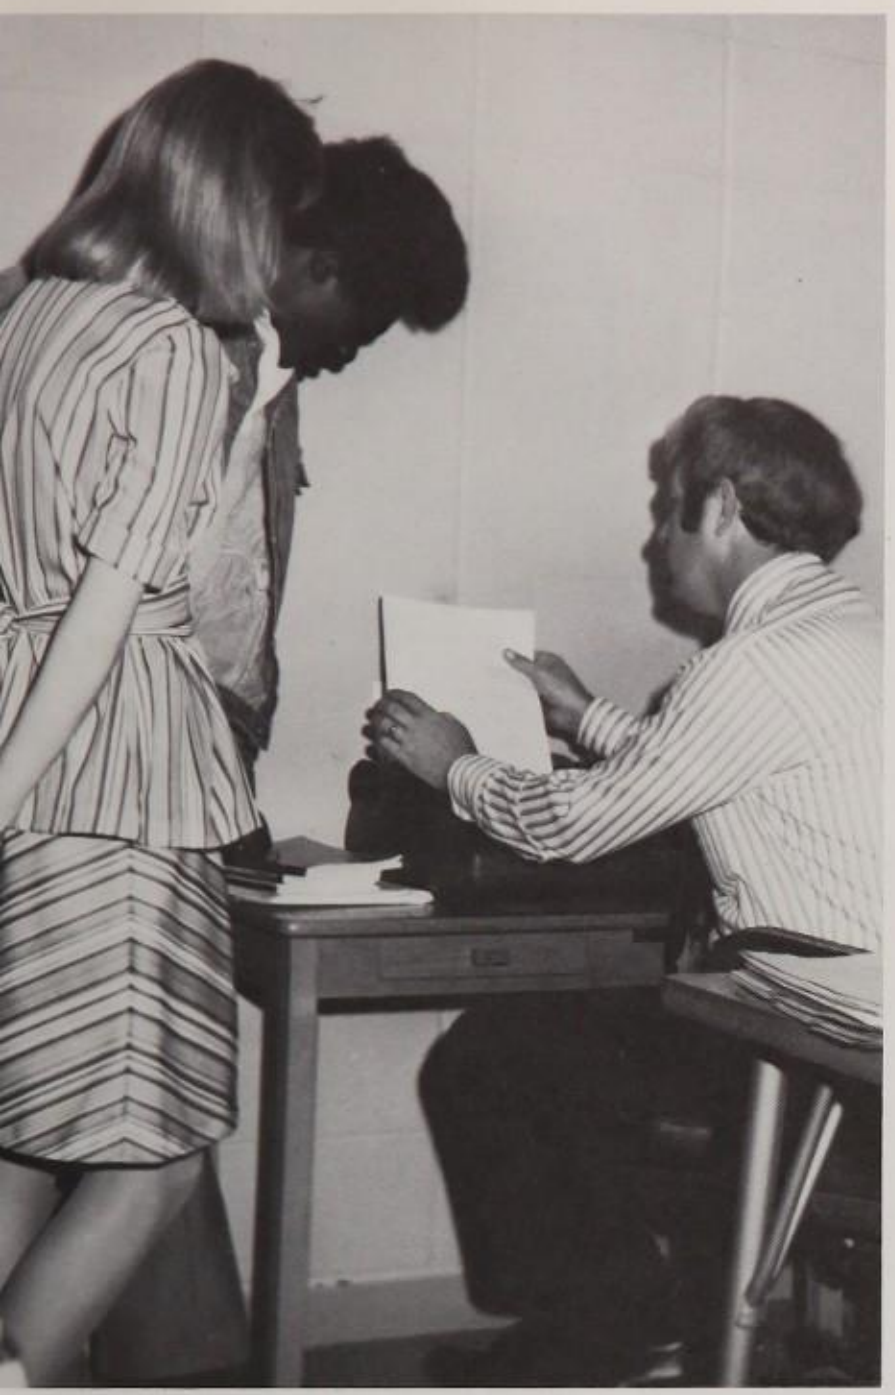
Kappa Beta
Exhibits Christian Ideals

Exhibiting Christian ideals, Kappa Beta made Christmas a joyful time for the patients at Westbury by decorating a Christmas tree, singing carols, and just smiling. They worked diligently on a cold winter morn by collecting money for World Service. To show their interest in the community, they made a flag and furnished a room at the depot for the Bicentennial Celebration. What, a sunrise service at 8 o'clock A.M.? I'll never make it! If Ms. Ridgeway can make it, anyone can.

OFFICERS: President, Joy Broome; Vice-president, Teresa Aiken; Secretary, Rebecca Napier; Treasurer, Moni Wasendorf

Training Today for the Future

The Students worked hard this year in the Vocational Educational clubs of America, training today for the future. 1975-76 will be remembered by a folded copy of the school menu that I furnished the thought for. There will also be fond memories of a party they held for the EMR class. Of course all their work was rewarded with a trip to Six Flags. Learning about work can be fun and interesting, and the VOCA members discovered this through the leadership and guidance of their devoted sponsor and teacher. He has helped them build some great memories for the future.



President, Wanda Branch; Vice-president, Wanda Moore; Secretary, Ann Franklin; Treasurer, Helen Dyer; Reporter, Greg Stoppelbein; Parliamentarian, Buster Johnson

OFFICERS: President, Mike Kelly; Vice-president, Chuck Miller; Secretary, Dee Dee Smith; Librarian, Lisa Kirkland

Cryar's Choir

BDFLMNPTVVV, it was hard to believe that through the years choral classes have uttered mangled excercises like this to come out with a beautifully precise and melodic program, but under the direction of their new director anything was possible. Inspector Cryar here to solve the mystery of the missing piano. In hot weather or cold — through sore throats and laryngitis — with or without an audience the Choral I and Choral II groups always seemed to produce an outstanding program.

The Redeemers

The Christian principles were emphasized and brought forth in the Co-Ed-Y. As these people did their part to help make RCHS a better school, they bettered themselves individually. They washed cars, trick-or-treated for World Service and devoted much time to helping unfortunate people. By participating in sports and other activities such as basketball and rallies, Rockdale's Co-Ed-Y showed its leadership. The district P.P.C. was held at Rockdale this year among other things such as basketball playoffs and the district beauty pageant.

OFFICERS: President, Donna Grover; Vice-president, Donna Jones; Secretaries, Rebecca Rogers, Melanie Gunter; Treasurer, Ronnie Beckworth; Chaplain, Butch Barnes.

Les Mousquetaires

Building a first prize float "Ring out victory," have a French Christmas party, giving food and toys to a needy family for Christmas, sponsoring French Week, and going out to eat at authentic French restaurants are the activities of this club. Giving food from ham to cranberry sauce, toys from an organ to a doll, and clothes gave needy families a happy Christmas and this club a sense of knowing they had helped their fellow man. This club has always been on top especially when French Week rolled around. They built a Morris Column, sponsored the Grand Prix tricycle race, and executed their King, all as a part of this exciting week. These club members even ate snails when they went out to eat.

OFFICERS: French III President, Chris Johnston; Vice-President, Diane Kilpatrick; Secretary, Jill Meyer; Treasurer, Cathy Casella. French II Presidents, Gaye Morriss, Cathy Staples; Vice-presidents, Lynn Peek, Melanie Neal; Secretaries, Carol Wilzman, Lisa Blankenship; Treasurers, Heather Heath, Randall Cole. French I Presidents, Melanie Purcell, Mike LaScala; Vice-presidents, Laura Mims, Richard Hatch; Secretaries, Jeanie Martin, Julie Mann; Treasurers, Bryan Hayes, Gine Jordan. Sponsor: Jane McDevitt

One-Act-Plays

With four successful one-act plays the Rockdale Entertainers awed the audience on February 5 with their versions of "Visitor from Forest Hills" (excerpt from "Plaza Suite",) "What's Wrong with the Girls," "Mr. Flannery's Ocean," and the second-place play in the state, "The Grass Harp." Student directed, these plays went on amid laughs, cries, late rehearsals, last minute sets, first-time use of make-up, a token of appreciation and the rain. Mrs. Wise's supervision of the plays made them even more enjoyable, and we are all looking forward to next year already.

Science in Action

A weekend in Athens might not have been "science in action" but nevertheless "action!" Oh, Ms. Brock, they thought you were a student! Romeo, Romeo, wherefore art thou, Romeo? Oh, he's climbing up the fire escape, Juliet. Among these escapades, these devoted Science students gained enthusiasm to stimulate the school's interest in Science. But they got down to business by planning and participating in the Science fair.

President Bobby Adams; Vice-president, Denny Gottschalk; Secretary-Treasurer, Tracy Rutland.

NHS Begins First Year at RCHS

I didn't know 4.25 averages existed. I couldn't possibly have a 4.25 average, except maybe in my dreams. With a quick ten minute meeting for the election of officers, the National Honor Society began its first year at RCHS. Tenth, eleventh, and twelfth grade students with a 4.25 average out of a possible 5 on a weighted scale were eligible. But faculty recommendations came first. Members were nominated upon the basis of scholarship, leadership, character, and service. The purposes of the club include self-development and recognition for students who excel in academics.

NATIONAL HONOR SOCIETY

President, Lloyd Wilkinson; Vice-president, Laurie Smith; Secretary, Diane Kilpatrick; Treasurer, Nancy Kellett.

Spirit Finds a New Home

A new organization for an old element — spirit at R.C.H.S. Only those with the biggest mouths and the strongest lungs made it into the Pep Club, which was conceived, requested, and practically organized by the students themselves. These girls work as hard and portray as much teamwork as the players they flock to support, flying high and boosting spirit, and yelling at scorekeepers.

OFFICERS:
Sandra Zanders — Freshman Squad Leader
Diane Banks — Recording Secretary
Vera Shepperd — Corresponding Secretary
Regina Clark — Senior Squad Leader
Connie Brooks — Sophomore Co-Squad Leader
Francine Sherwood — Assistant Captain
Teresa Slaton — Sophomore Co-Squad Leader
Sonda Williams — Junior Squad Leader
Beverly Schultz — Treasurer
Cynthia Wise — Captain
Connie Sherwood — Parliamentarian

A Major Minority

Founded only this year, this enthusiastic organization is on its way to becoming one of our most outstanding clubs. They enjoyed helping and were devoted to those students who felt left out of an active school life. This long-sought-after goal became a reality as they produced basketball, football, and wrestling stars; great Americans; honor students; and leaders of the future. A brilliant first year for the club climaxed in February with the celebration of Black History Week. Recognizing great Black Americans in history and at Rockdale High School, led to the crowning of Miss Tammy Zachary as the new Black History Queen. They surely must have discovered that with all that jivin' and fun lovin' that they had become what they had been anyway, a major part of a great school and a fantastic school year.

President, Elaine Banks; Vice-president, Algie McCalla; Secretary, Danette Levett; Treasurer, Cynthia Hamm; Financial Secretary, Cynthia Wise; Parliamentarian, Mike Roulac; Reporter, Teresa Bailey.

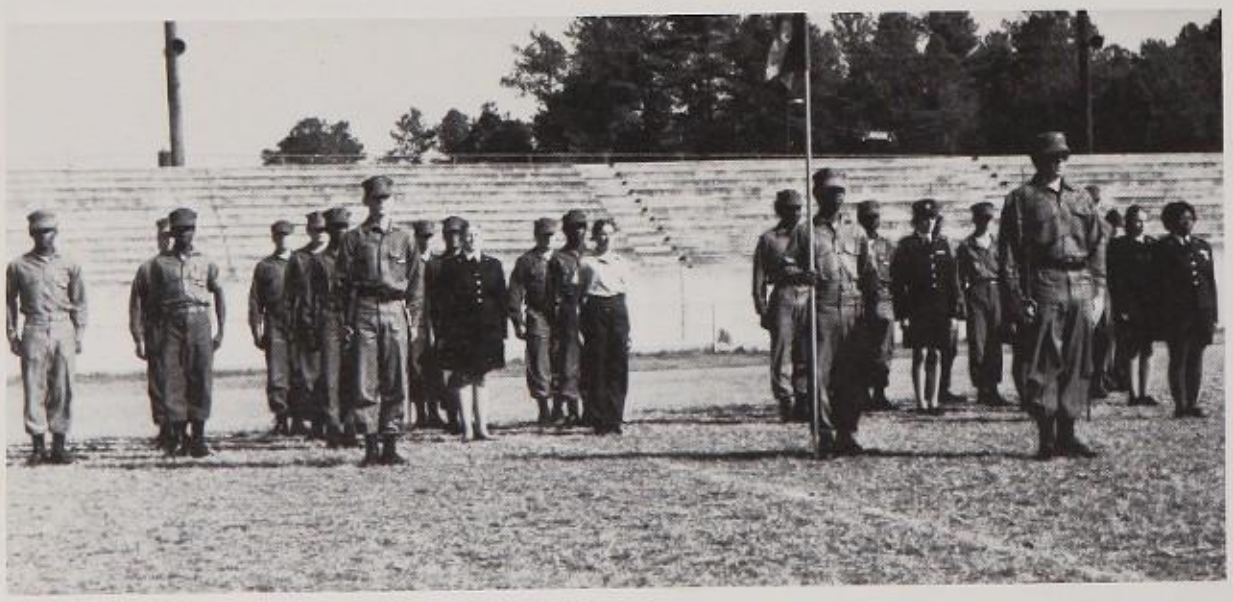
Today's Florence Nightingales

The Health Careers Club, with the aid of the nurses from Rockdale Hospital abounded in medical knowledge. Little did everyone know that the turkey running around Thanksgiving in the Cafeteria was really a Health Careers member. They also did some other helpful things such as, holding a benefit basketball game between the doctors and the nurses and sending out their orders for boys at meetings. Who could forget the day the Blood Bank came to Rockdale. The Health Careers Club added a lot to our memories of 1975-76 at Rockdale.

President — Cindy Johnson
Vice-president — Jane Smith
Secretary — Cindy Smith
Treasurer — Connie Rushton
Chaplain — Penny Woodlie
Reporter — Margaret Smith
Program Chairman — Connie Brooks

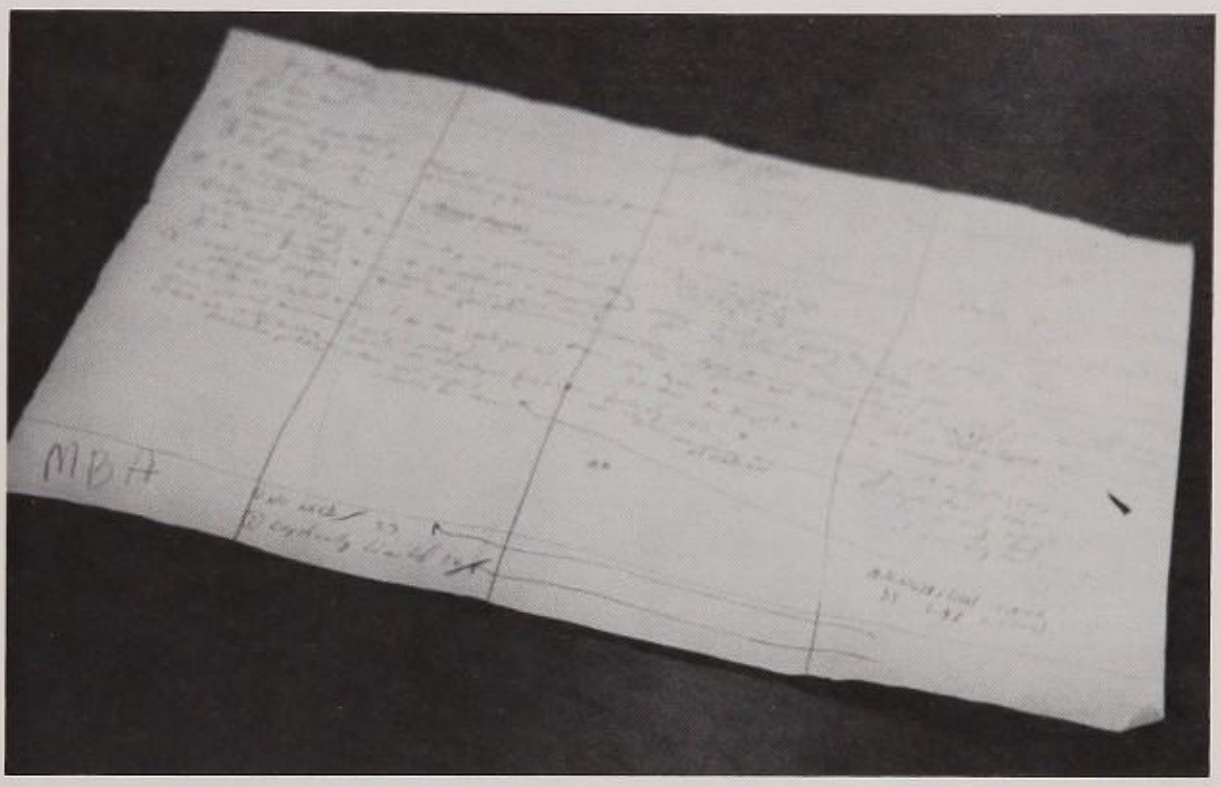
On the Move With Service

Leadership and dedication are the driving forces of these responsible men and women. In its participation in civic responsibilities, Marine Corps Jr. ROTC sets an example for others. They make themselves of value to the nation by being on the move with servide for the community. Early in the summer, they began their dynamic drilling by winning firsts in July 4th and Centennial parade performances. They have presented colors at the Civic Center, the Omni, and a Braves' game and have aided the Chamber of Commerce, performed in drill competition at Georgia Tech, and collected at roadblocks for the Empty Stocking Fund. Thus, it can definitely be said that these men and women have developed an appreciation of the Marine Corps in its role as the Nation's force in readiness.



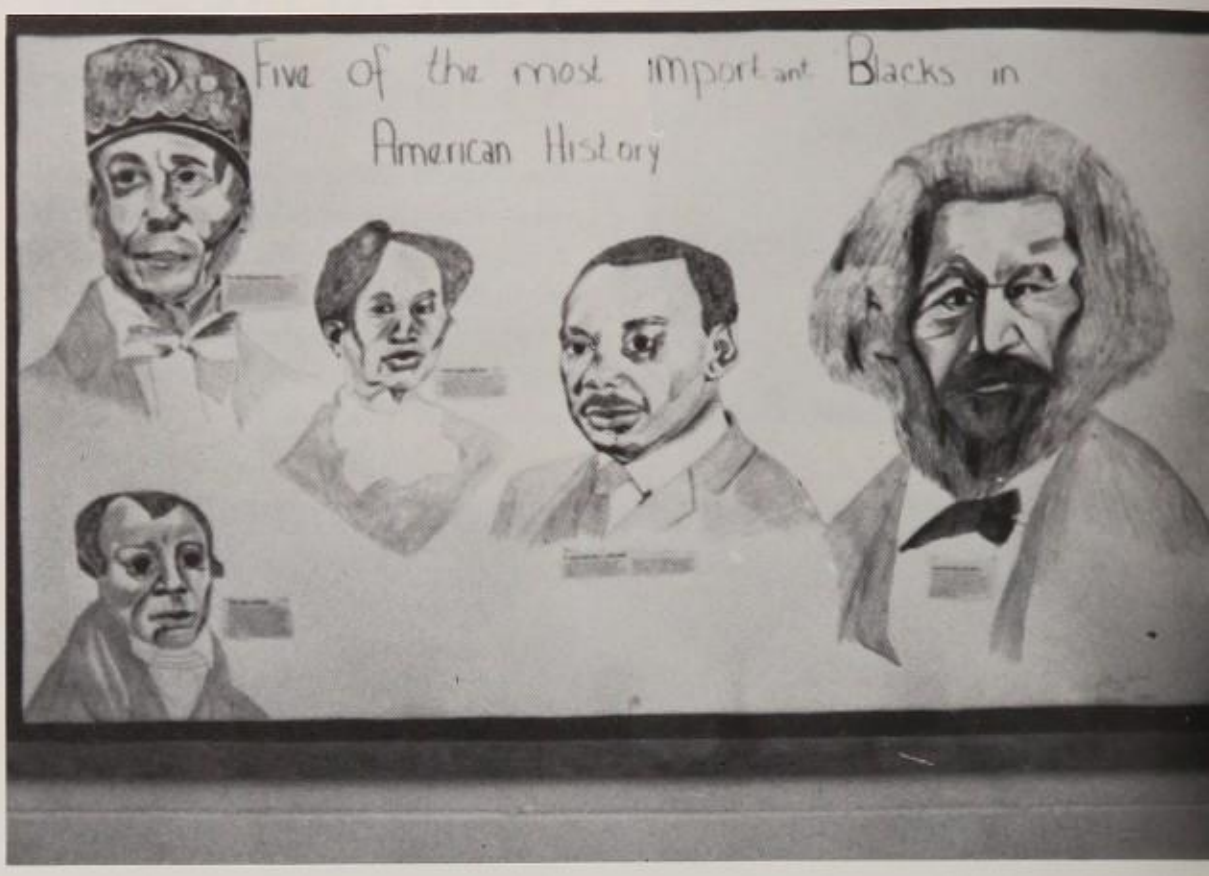
First in Negative With a Positive Charge

The Debate Team engaged in the most perennial pastime — the question and the argument. This year, choking on neckties and suds, sliding down damp halls in Athens, these chaps resolved that the development and allocation of scarce world resources should be controlled by an embryonic international organization. Apparently they did just that. The 1976 Rockdale County High School Debate Team, complete with vertical files, flow charts, and the Butt-Kicker, argued its way to a first in Region and fourth in State. "First in negative with a positive charge."



Minorities Sponsor Black History Week

Really a week to remember at R.C.H.S. Monday morning greeted the students with bulletin boards, signs, and streamers all signifying the status of the black race. Each day a member of the Minorities Club read a story about famous Black Americans over the intercom and outstanding black students were recognized: for athletics, Algie McCalla and Elaine Banks; for scholarship, Cheryl Carr and Charles Usher; for leadership, Carolyn Usher and Charles Usher; and best all around went to Tim Roseberry and Carolyn Usher.



The highlight of the week came with an assembly on Wednesday when a group from Northside High School of the Performing Arts presented a Broadway show on the history of musical theater in America. The Black History Court and escorts were in center stage as Mr. Walker announced the results: 2nd runner-up, Cynthia Hamm; 1st runner-up, Melba McKnight; and Black History Queen, Tammy Zachary.

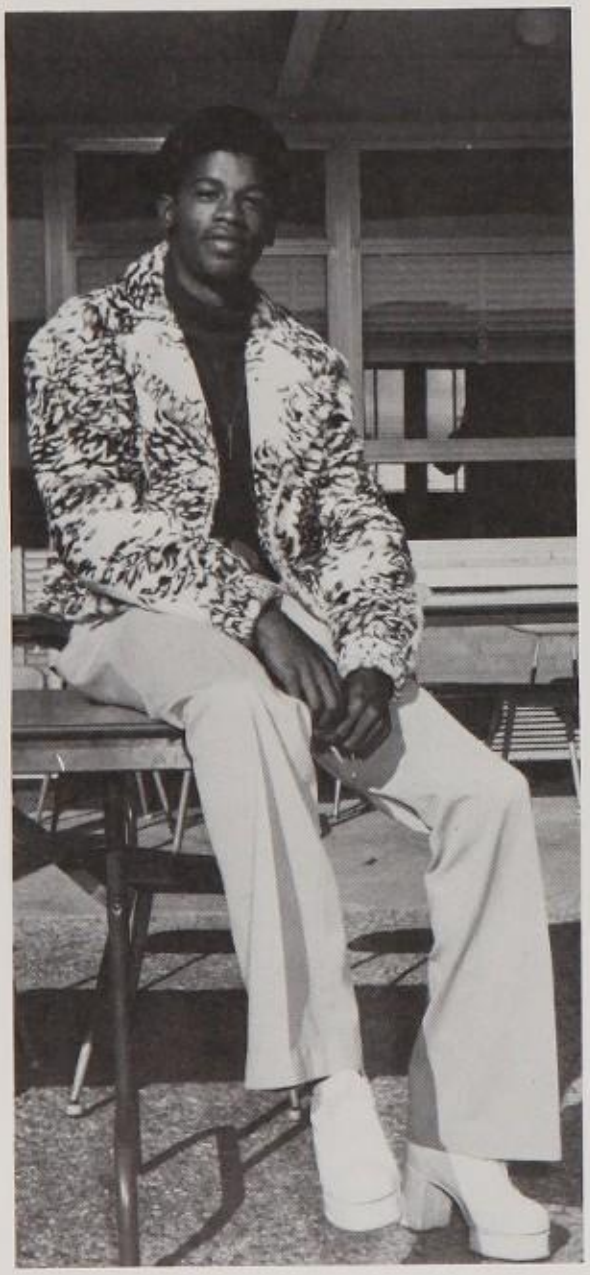
The Entertainers

Membership in the Drama Club means getting to know wonderful people, trying out for numerous plays, practicing long hours, being creative as a producer, helping with stage set, attending the world's shortest meetings and learning quickly to love Mrs. Wise. Dedication from Mrs. Wise comes constantly with love and joy bursting out in long hours of her own time put forth for those she loves. The excitement of Drama Club can only be topped by a Barn Dinner Theatre trip and another smashing musical by the Rockdale Entertainers.

OFFICERS: President, Mike Wojcik; Vice President, Holly Hunter; Secretary, Mary Purdy; Treasurer, Ronnie Beckworth.

RCHS Brings to Life MAN OF LA MANCHA

The spring musical of 1975 opened up a new world to the audiences of Rockdale. Mrs. Wise directed twenty-six dedicated performers, along with Mr. Mouchette, the school band and a talented Chuck Bradley to bring to life the dreams and realities of Don Quixote. MAN OF LA MANCHA'S amazing prison dungeon set the mood for the trial and stories of "an idealist, a bad poet, and an honest man," Miguel de Cervantes. The prisoners themselves assumed various roles in Cervantes' stories, bringing hope into their forgotten lives.



Student Council Sponsors Super Homecoming

With a new constitution and an executive board the 81 members of the Student Council worked to make R.C.H.S. the best. Berry College prepared the officers to lead the Council into a successful bake sale and popcorn sale, resulting in a super homecoming with Joint Session. The Council helped with the Empty Stocking Fund by blocking West Avenue from unbelieving motorists, collecting money (that is in between running to McDonald's.) Shopping and wrapping presents for the A.F.D.C. and wrestling with important decisions — it's all fun and all part of the Student Council.

Dogs Shuffle Cards for Homecoming

Homecoming — a time to welcome home RCHS alumni. For the students, it's a hectic week of sign paintings, float stuffings, and staying out late. To the homecomer, it's memories, reunion, and pride.

October 20th set our week of Homecoming into motion with every club doing their part to make it the best one ever. DECA furnished the mums, Cheerleaders made us drink Spirit Juice, and the Student Council produced a great Homecoming dance with Joint Session.

Friday brought all of the excitement to its peak. The student body was fired up as a result of the cool, cool, cool, pep rally. All the community turned out for the parade down Main Street featuring floats, the band, and Homecoming contestants. The French Club captured first place with its prize winning slogan: "Ring out Victory." In the sign contest, Spanish Club won first place by "Shuffling the Cards."

Tension mounted as the Homecoming Court was presented: 4th runner-up, Melanie Gunter; 3rd runner-up, Diane Kilpatrick; 2nd runner-up, Debbie Rooks; 1st runner-up, Carolyn Usher; and the 1975 Homecoming Queen, Janet Reach.

Spirit was high as the Mighty Dogs bulldozed through the Jonesboro defense for a final score of 32-20. We knew they wouldn't let us down.

Dogs' Uphill Climb

CEDAR SHOALS — No aggressiveness and no execution led OUR DOGS to one of the most unpleasant games of the season. The Jaguars' hard-nosed style of play led to a 14-0 halftime lead. The second half was no better as long runs killed the spirit to recover. Cedar Shoals romped 28-0.

GRIFFIN — On a rain-soaked field the team battled for a half. The defense held tough until the offense got on the move. The Dogs struggled through the third quarter and then let loose in the fourth. Scott Ragsdale scored from the one-yard line and, after a recovered on-side kick, threw a 55 yard touchdown to Ronnie Donaldson. The try for two points failed, and the DOGS came out on the short end of the 14-12 score.

NORTH CLAYTON — Eagles invaded Rockdale stadium and handed the Dogs their third straight loss. The offense struggled again leaving the defense with an awesome task. Two drives inside the Eagle ten yard line resulted in no points. North Clayton got 14 points in the first half and 13 in the second, zapped for both halves. Final, a miserable 27-0.

NEWTON — The Dogs were fired up and ready to play. The first drive covered 67 yards and resulted in a 6-0 lead. A fumbled punt recovery and a long drive made the score 14-6 Rams at the half. After halftime the Dogs took to the field and played their hearts out. Almost immediately the scoreboard read 20-14 in our favor. The Rams scored on a long pass play and went ahead 21-20. It was time for the show down. With 2:39 on the clock, the Dogs took the ball on their own 43 yard line. They rose to the occasion and drove to the Newton 2 yard line, where on the fourth and a foot the Dogs were stopped on what was considered by many a controversial placement of the football. The Rams ran the clock out for a 21-20 victory.

MORROW — A 35 yard gamble on the first play provided a spring board to turn the "Big Red Machine" loose. The Dogs rolled to a 27-7 halftime lead. But this was only half; the Dogs scored, scored, and scored again. A tough hardnose defense and a potent, unstoppable offense led to a 47-21 trouncing of the unfortunate Morrow Mustangs. "We've been wrong for so long, but we were right tonight." The final score Dogs, 47-21.

LaGRANGE — A once-defeated Granger team came to Rockdale and walked into a fire. On the first play from scrimmage Danny Mann sprinted 96 yards for a TD, score 7-0 Dogs. The defense held the Grangers again, and they were forced to punt. On the next drive Danny Mann raced 65 yards with Dexter Holden going in for the last 3 yards. LaGrange drove but only managed 3 points. At halftime it was Dogs 14-3. The defense shut LaGrange out completely the second half, and the offense managed a 55 yard drive. The final — Rockdale 21, LaGrange 3.

FOREST PARK — Another trip to Tara Stadium proved to be a pleasing one as the Dogs trampled the Panthers 41-6 to remain undefeated in the second half of the season.

JONESBORO — Homecoming and the thought of a "big" game raised the enthusiasm of the students and team. Jonesboro arrived at Rockdale stadium with a previous ranking of 6th in the state. The Dogs offense resembled a furious whirlwind and the defense a brick wall. The second half showed the Dogs' awesome ground attack roll up a 32-7 lead while the defense stubbornly turned the Cardinals away. Final score — ours — 32-20.

NEWNAN — The Dogs marched out onto Newnan Stadium turf hungry for a victory to stay in contention for the Subregion championship. There was one problem, however; Newnan was hungrier than we were. We scored first on an 83 yard drive, and things looked bright, but Newnan scored twice before the half, making the score 13-7. The second half was no better and the final was 28-14.

R. E. LEE — The last game of a troubled season was a game to regain a little pride and self-respect. But it was not to be this time around. In the beginning R. E. Lee started on a 46 yard punt return, and it ended with the Rebels still running. The offense never got on track, and the defense could not stop their potent offensive attack. At the half it was 7-0 Rebels, but in the end they had amassed 21 points. The final score Rebels 21, Dogs 0.

Spirit Comes Alive

This year six new cheerleaders and two new sponsors got it together to raise that "Bulldog Spirit." We got on the good foot and went to Furman University to bring home four blue ribbons and a spirit stick.

No Yvette, we do not have any cheese. Will you guys COOL IT, the rummage sale is tomorrow. But how can we cool it when it is 99 degrees out here? Does anybody wanna buy a ribbon?

Homecoming was a super week with hats, spirit juice, and "cool, cool, cool . . ." Teaching the little leaguers to move with soul, selling shakers, and hustling in the concession stand all came together in "76", sending us to camp and buying us our "Susie's." SPIRIT COMES ALIVE.

Football captain, Melanie Neal
Basketball captain, Sherry Atkins

ALTERNATES: Dee Dee Smith, Carol Atkins

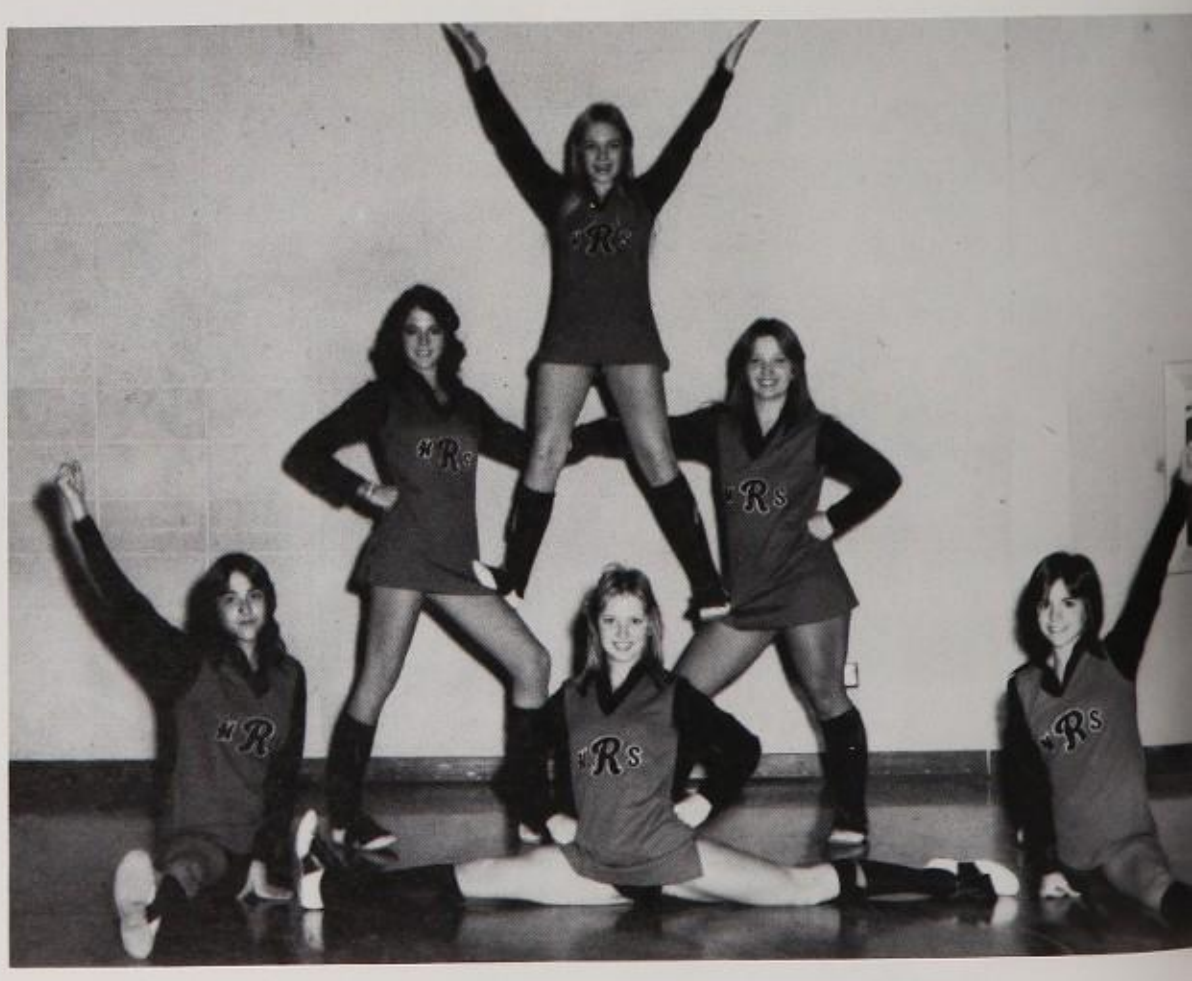
Red Hot Spirit

The first set of 9th grade cheerleaders in the history of R.C.H.S. whipped up a brand new batch of pep and fight. The spirit was really "RED HOT" at Emory, and the Dogs brought home the Participation award and a spirit stick.

Getting it together with the leadership of Karen O'Malley and Susie Stones, they cheered for an undefeated season. Yelling, jumping, a car wash, selling Turtles, and FUN are all part of being a 9th grade cheerleader.

CAPTAINS: Karen O'Malley, Susie Stones

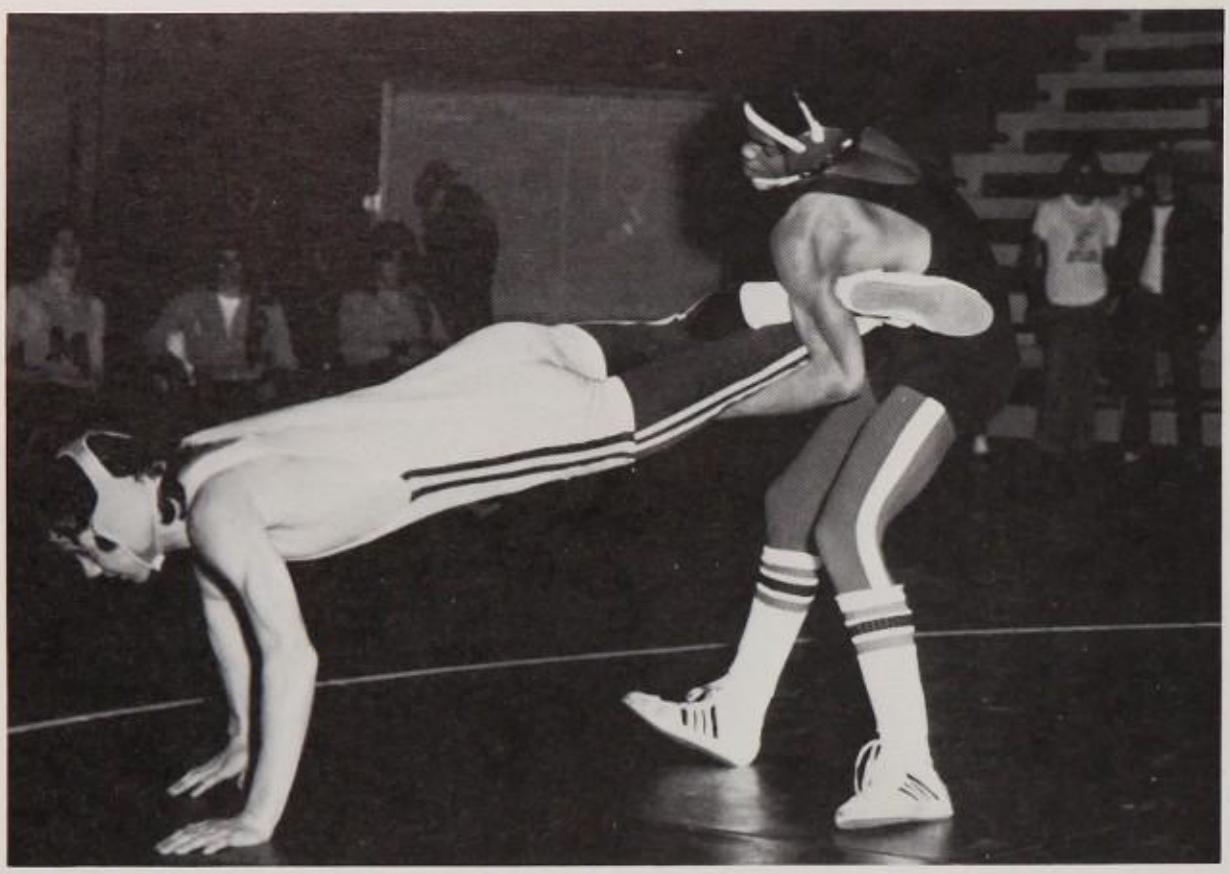
ALTERNATES: Jill Covil, Laurie Durham



Watch Out — We're Here

"Watch out — we're here." The mighty B-team cheerleaders kept the "Big Red Machine" moving this year. They kept the spirit through hot summer practices, camp, working with little league and a bake sale. They worked hard making signs, cheering at pep rallies, and even yelling our team on at a hot-dog contest. "H-O-T-D-O-G, hot dog, hot dog." The B-team cheerleaders were loaded with Bulldog spirit, and they led the way for a SUPER year.
Football captain, Vivian Baker
Basketball captain, Penny Hooper

ALTERNATES: Wendy Witherspoon, Andrea Eidson



Sprague's Savages

Coach Sprague had to partially rebuild his varsity and incorporate discipline and the desire to win. The losses were only to staunch rivals such as Marist, Towers, Avondale, and Briarcliff. Matches with Marist and Towers saw rugged competition. Rockdale sent five wrestlers to state. Bob Johns placed fourth, and Algie McCalla placed first. Algie was also named North Metro Area's most valuable wrestler in his class. The season was a disappointment record-wise, but the team gained a whole new outlook on stiff competition.

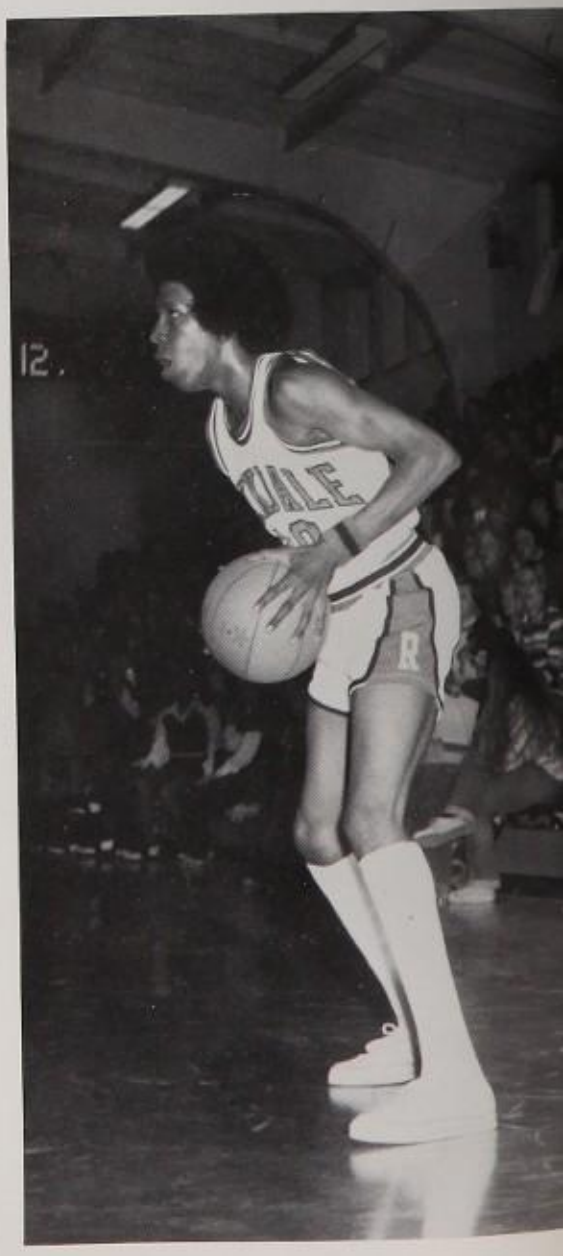
The wrestling team racked up an 8-4 season this year against opponents who refused to bow to defeat as in past years. This year's Bulldogs worked hard for their season.

A Season of Uncertainty

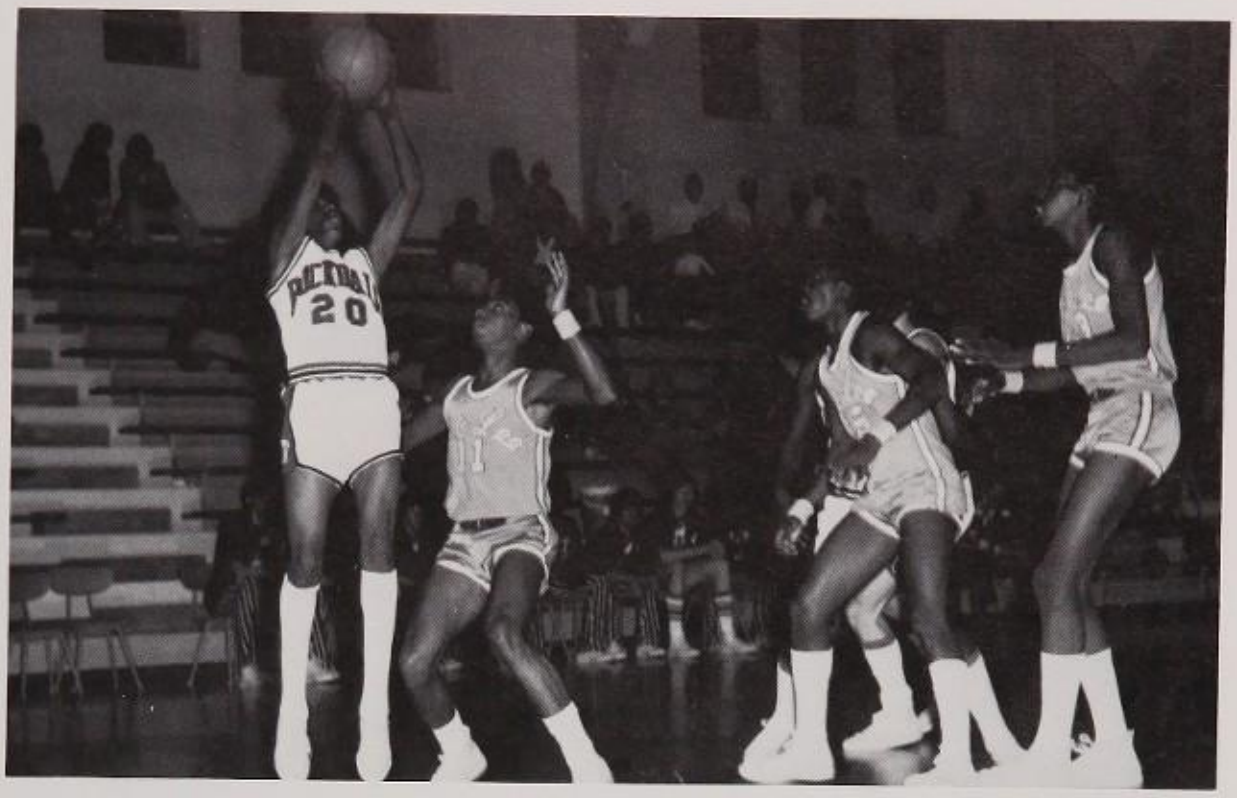
"Our Dogs are better than your Dogs" got the ball on the roll as the RCHS boys' basketball team leaped into a season of uncertainty. Led by Hot "Jacques" and super-bad Tommy Heard, the Dogs shot for the stars only to reach out and grab a disappointing loss to Lithonia in their season opener.

The Dogs tried to rebound off a stunning defeat to cross town rival Lithonia. The Forest Park Panthers tiptoed in and softly put out the Bulldog fire. A chance to go .500 for the season was burned, and the Dogs went down for the second time.



Being 0-3 on the season and suffering from the aftermath of the loss at Newton, the Dogs hungered for the sweet taste of victory and put forth a tremendous effort to pull out our first victory over region foe R.E. Lee. The Dogs swept the boards in rebounding with Rob Godwin and Tim Rosebury, backed by the hot hand of the "Big D" Bailey and the leadership of Tommy Heard. At long last, victory. Having been suddenly ignited, the red hot Dogs scorched up the court and left the Morrow Mustangs in their path of destruction. At the end of regulation, the score was tied; the game went into overtime, where the Dogs blitzed the Mustangs and walked off with their second home victory in a row.

Newnan had dropped us, and the Dogs took their 3-4 record into their invitational tournament. Despite the struggle, the boys' aspirations of a winning season were still high. Before a large Friday night home crowd the Dogs trotted into the tournament against Henry County and led at halftime only to find their backs flat against the wall by the end of the third quarter. They came up short in the end — another bitter defeat.



A defeat at the hands of Henry County gave the Dogs the necessary drive to tie for third place in the tournament. Facing a Newton County team who had already gained a supporting victory over our Dogs earlier in the season, the hometown crowd was thrilled as their Dogs bounced the Rams all over the court. A well-deserved victory, to say the least.

As the unrelenting procession of losses passed by with the likes of Newton County, Henry County, and Griffin, the Dogs faced another of these opponents — Lagrange. The Grangers came in and dominated play with their superior play-making and rebounding. The Dogs showed that always present hustle and played the mighty LaGrange team a tough game all the way through. However, as the final seconds ticked down the Dogs once again fell to a powerhouse Region 6-AAA team.

Come on Rams and shoot your shot cause the Bulldog's shot ain't nothing but hot. Big "D" and company were little less than awesome in their first half. However, as times before, the third quarter proved to be a downfall, and the Dogs slipped past the Rams by a slim three points.

As in all sports a team can slumber in the midst of play. So went the story on this most dismal night of basketball which saw the North Clayton War Eagles smash our Dogs here on their own court. Repeatedly, nothing would work for the hustling Dogs as they flailed away all night long to no avail.

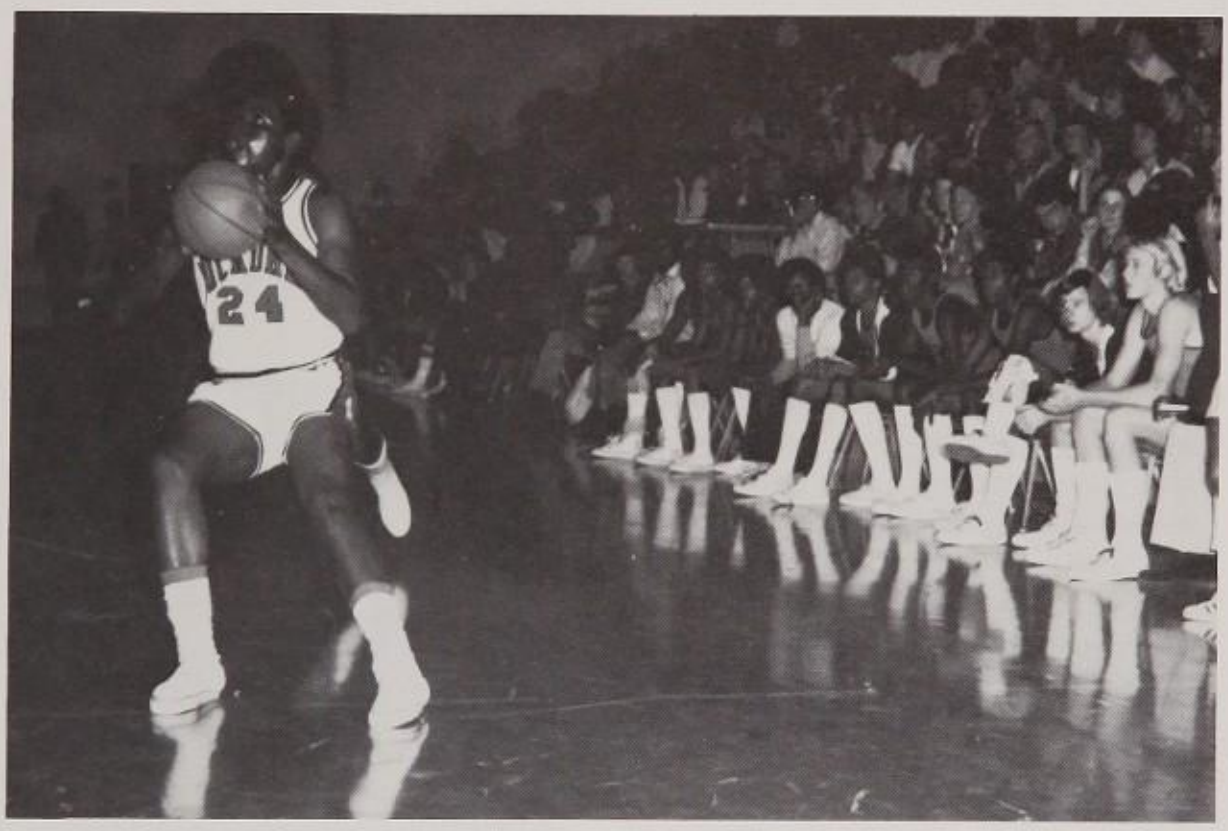
REGION TOURNAMENT

79	North Clayton	80

The Newnan Cougars came marching in and to their surprise the Dogs marched on them. Led by Donnie Bailey and Rob Godwin, the mighty Bulldogs of RCHS rolled past a powerful Cougar team and gained valuable momentum with the Omni looming on the horizon.



Fired way up past the boiling point, the Dogs stepped out of their spacious dressing rooms onto the floor of the Omni, eventually to overpower the Griffin Bears en route to a stunning upset. "When you're hot, you're hot, You really shoot yo' shots." Donnie and Tommy took the helm in this sensational performance as the Dogs streaked toward Region.

The reputable Jonesboro Cardinals, an already proven foe, came into Rockdale with their shooting hands aflame and burned our Dogs badly. There was no possible way the blistering Cardinals could be stopped as their shots bit nothing but net all night long. The mighty Dogs, badly in need of a victory to gain confidence in their play on the court before the region tournament, strode into LaGrange with high hopes. The Grangers, always known to be tough, overpowered our Dogs and easily gained the Sub-Region Crown.

As a brief reflection on the struggling season, the Dogs were outdone by North Clayton in double overtime in the first round of the Region Tournament. In spite of a losing record good signs shone brightly as Donnie Bailey broke almost all offensive records previously held and Tim Roseberry, a bright young superstar, showed promise and determination for next year's team.

Winning, A Way of Life

The 75-76 Basketball season had its grand opening on Nov. 25 with our Dogs blazing down the courts to entertain the Lithonia Bulldogs. The first showing of this new girls' team looked impressive but lacked a victory. Only a few minutes into the first quarter our Dogs started to gain a lead but a tight press by the Lithonia Dogs soon prevented a wide margin. Slowly but surely the Lithonia Dogs ate away at the score until finally our dogs were held practically suspended on the scoreboard. Too late for Rockdale, Lithonia won. Staying at home, our Dogs ripped away at the Forest Park Panthers on three key interceptions with a leading score to boot. Our Dogs made up for the first loss by pickling the Panthers.

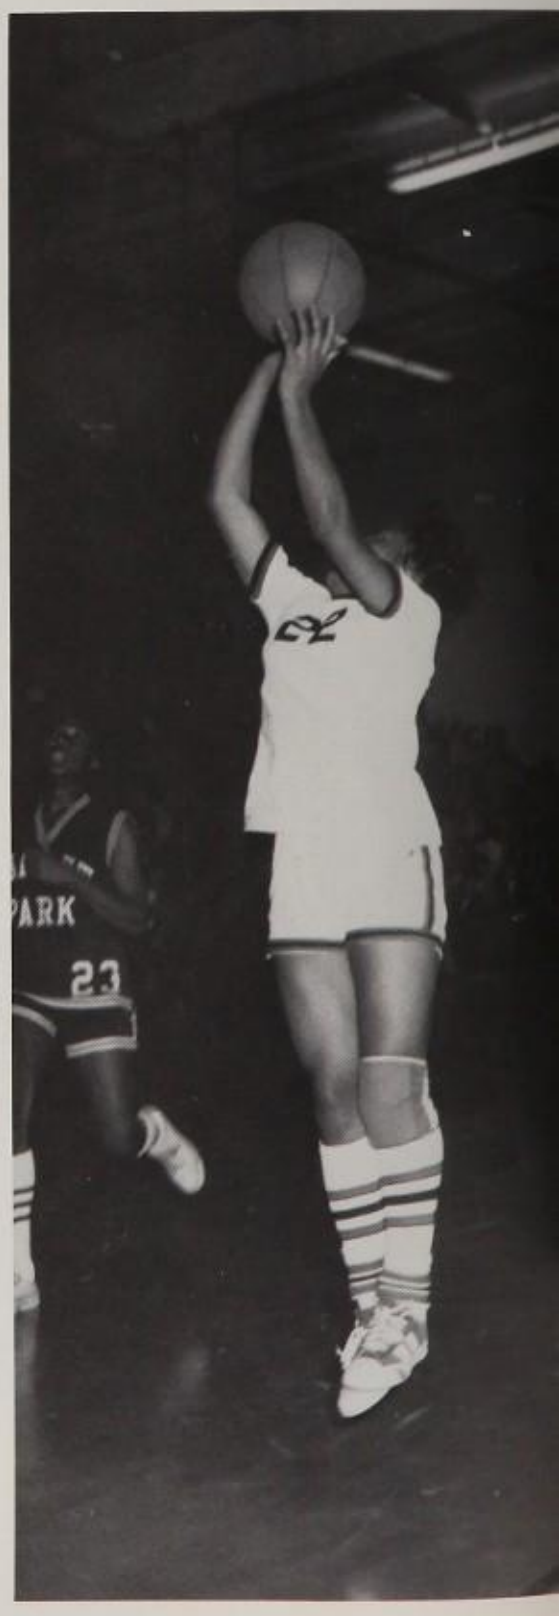
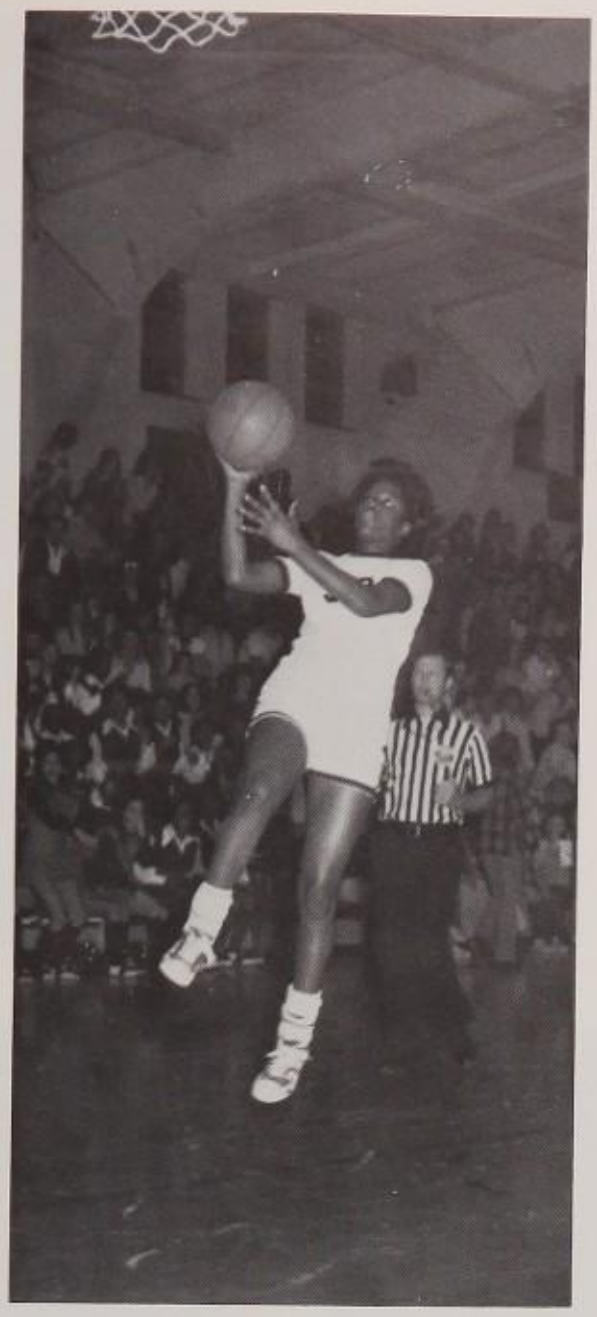
With a one and one record behind them, our Dogs traveled to Newton for a collision with the Rams. The Dogs moved the ball fast on offense and made a couple of quick passes which set up the go-ahead points. From then on the defense held steadfast, forcing Newton to turn the ball over when they were starting to score. Newton suffered, and the Dogs won.

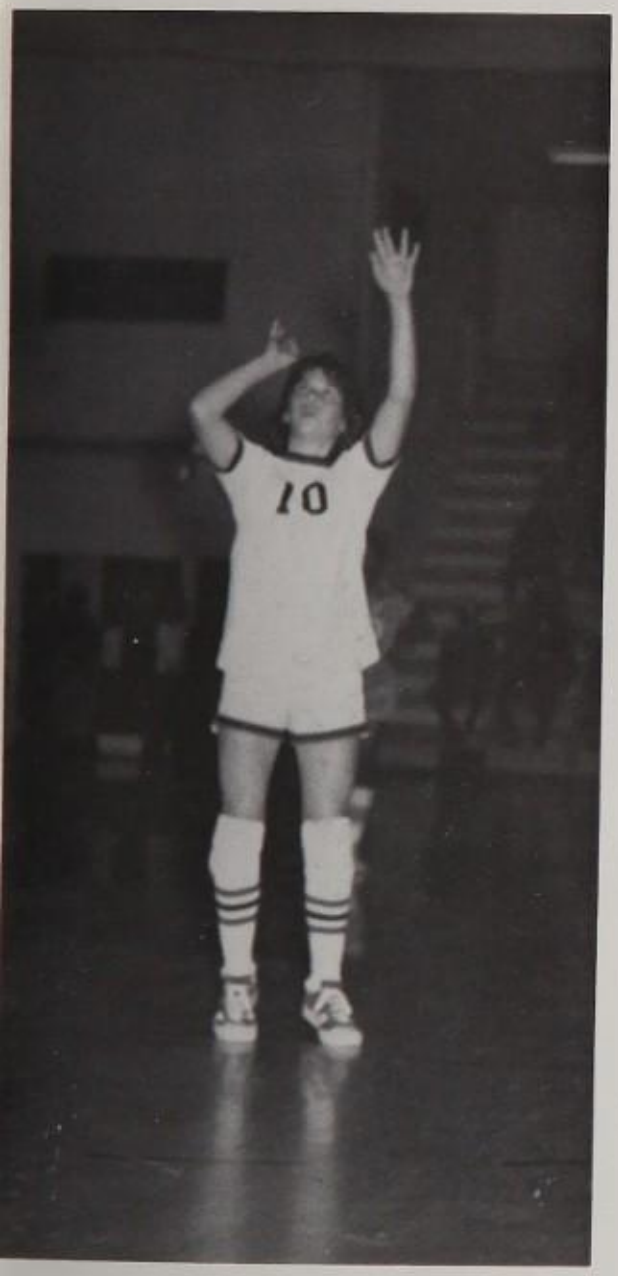
The Rebels came to Rockdale only to be defeated. It was Rockdale all the way as the girls jumped out ahead, allowing 20 points the first half and 17 the second. The key seemed to be in the rebounds. Several Rebels fouled out on rebound fouls. While R. E. Lee sat on the bench Rockdale won again. Next Rockdale faced the N. Clayton War Eagles. At first, Rockdale was surprised when the Eagles hit a couple of 20 foot jump shots. In time Rockdale began to take the ball away from the two forwards who could shoot so well; and with halftime rapidly approaching, Rockdale took the lead. The last quarter came about seeing a close score, but the end saw another win for the Dogs as Coach Ballard played almost everyone. Morrow came seeking another win. The game started out as a battle of centers with both teams pounding the boards, but our Dogs with a few breaks and only a few mistakes pulled off their fifth straight win. Red hot and region bound, the Dogs traveled to Newnan for a tangle with the Cougars. The game started out as all games should as Rockdale jumped out to take the lead.

The game seemed dull with little action until the third quarter Newnan started to gain some positive momentum. Time was called a couple of times, and our Dogs opened up a new defensive package which forced Newnan to lose their cool. With a few minutes remaining our Dogs started pressing hard and time was almost gone. A stiff defense kept us ahead to the end. Back from the Christmas break, Rockdale hosted the invitational tournaments. The first game saw our girls taking on Henry Co. It must have been the Christmas break and the long rest because our Dogs played well against Henry Co.



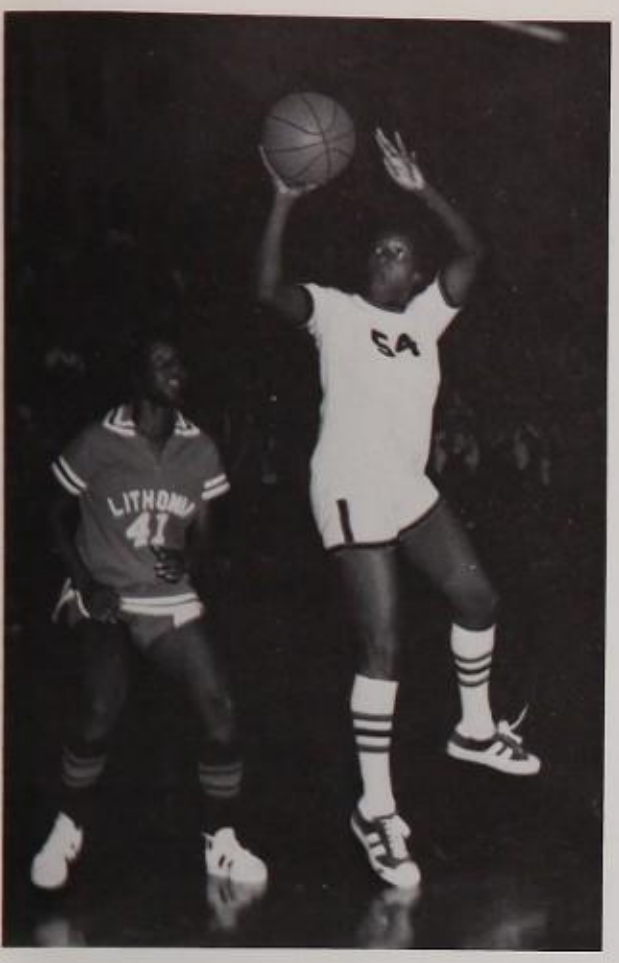


Coming off to a slow start, our Dogs lagged behind for a while; then slowly they began to hit long shots. Our center grabbed the rebounds more often than could be counted and soon behind four consecutive long shots from fifteen feet, our Dogs edged out a lead and hung on to win and a chance to beat Morrow. Morrow had different ideas though as they began from the start to handle our Dogs' offense. Never allowing us any breaks, they stopped our Dogs from moving the ball down the right side only to be met with a stiff pressing defense. The game finally ended, and Rockdale's winning streak did too. Shrugging defeat, the Dogs traveled to Griffin. The Bears were tough as always. The game seemed dull with an alternating lead until just before the half when our girls started to inch out a sizeable lead.



It was too late for a large one as the half ended. The Bears came back with two minutes left on four consecutive Bulldog fouls but failed to hit the shots. Our Girls won. Things looked bleak in Jonesboro as time and time again our Girls rebounded only to miss the shots. Jonesboro's forwards continued to work in under the basket and held on to their slim lead. Only seconds remaining, our girls drove under only to draw offensive fouls and "no good" baskets. Jonesboro won a tough one. Forest Park's Panthers had it together on pass defense. Late in the fourth quarter they overcame our lead by taking our passes away and turning them into eight points for the win. Then it was on to Lithonia for some revenge.

As before, their Dogs came on strong early in the game but soon met a stiff press and fell practically scoreless in the fourth quarter. Our dogs handed a loss to Lithonia by four points. It was back home again and a game with Newton. Newton never got off the ground as our girls jumped out to an early six point lead. The offense worked the first half of the game and thus the bench was cleared in the second half to hold a steady lead and clinch another victory. Our girls knocked on the Rebels' door and walked through on jump shots. Their center was tough enough to take every jump-ball, but our girls took every shot. The Eagles were tough during their visit.



They jumped out ahead by keeping the ball half the first quarter. Our Coach called time; and when play resumed, Rockdale grabbed the lead. It was never lost as we racked up ten quick points and held on to win. It was a tough Friday in Morrow. Rockdale rode the Mustangs for a previous defeat. The Mustangs drove hard, but our Dogs were determined as they pulled at Morrow's center, benching her. From then on, Rockdale took all rebounds and racked up still another victory. Our girls came home for a three game stand. The first opponent was Newnan. The Cougars were fatigued. Their drive was slow, but they were accurate on shots, hitting most everyone they took. The only trouble was Rockdale kept the ball so much. It was center to forward and back around again. Our girls

won again. Griffin was close opposition. They scored and then Rockdale and so went the game until halftime. The third quarter saw our girls holding their center on rebounds. We got the ball away from them on passes and gradually scored into a lead and the win. As the long hard regular season drew to a close what better way than a win. Jonesboro was yet another team victimized by our girls. Things went well as our girls captured a victory and paved the way to region tournaments.

Kicks & Hat Tricks

Our Soccer team opened their season with their one and only tie game against Woodward Academy. With a 1-1 score, the Dogs broke a record there by scoring a goal on Woodwards' field. Five days later our Dogs traveled to North Clayton where they upset the Eagles 5-2. As the weather dropped into the teens, our undefeated soccer team played their first home game under the lights against Forest Park. With Al Cook and Bill Simerly scoring hat tricks we were victorious 7-2. The Panthers couldn't recover from this loss, and a week later on their field we won 2-0.

Our closest game score-wise was against Morrow on our field. Letting the Mustangs ahead only once, we out-goaled them 4-3.

On a beautiful Saturday afternoon the Bulldogs played a beautiful game against Cedar Shoals with a score of 2-1. North Clayton also took a stomping by a game ending Rockdale 4, North Clayton 1.

A big crowd came to support the team in the game against Jonesboro. Cheerleaders yelled us to victory 3-1. By winning this game the Bulldogs were eligible to capture the South Metro Soccer League Championship which they clinched from Morrow 2-0.

Going into our last game with an undefeated season, the Dogs gave Jonesboro a whipping 4-1.

Nothing could stop our mighty Soccer team as they kicked their way to State.

With a new coach who believes that you need no luck just skill — to win games, our B-Team finished out their season with only one goal scored on them, until their last game, when forced to play half Varsity-half B-team, they lost their only game 4-2. But with a great season, the varsity players better watch out!

Strong Legs — Stronger Spirit

Running and singing went hand in hand as the Cross Country team trucked to an undefeated regular season. These guys came up with their own version of "Twelve Days of Christmas" as entertainment and as a psychology to defeat their opponents. Another innovation was the beginning of a "Runner of the Month" award. The competition grew keener with each match. Rounding out the season by hosting region, Rockdale pulled out with the second spot in region and an overall tenth in state.

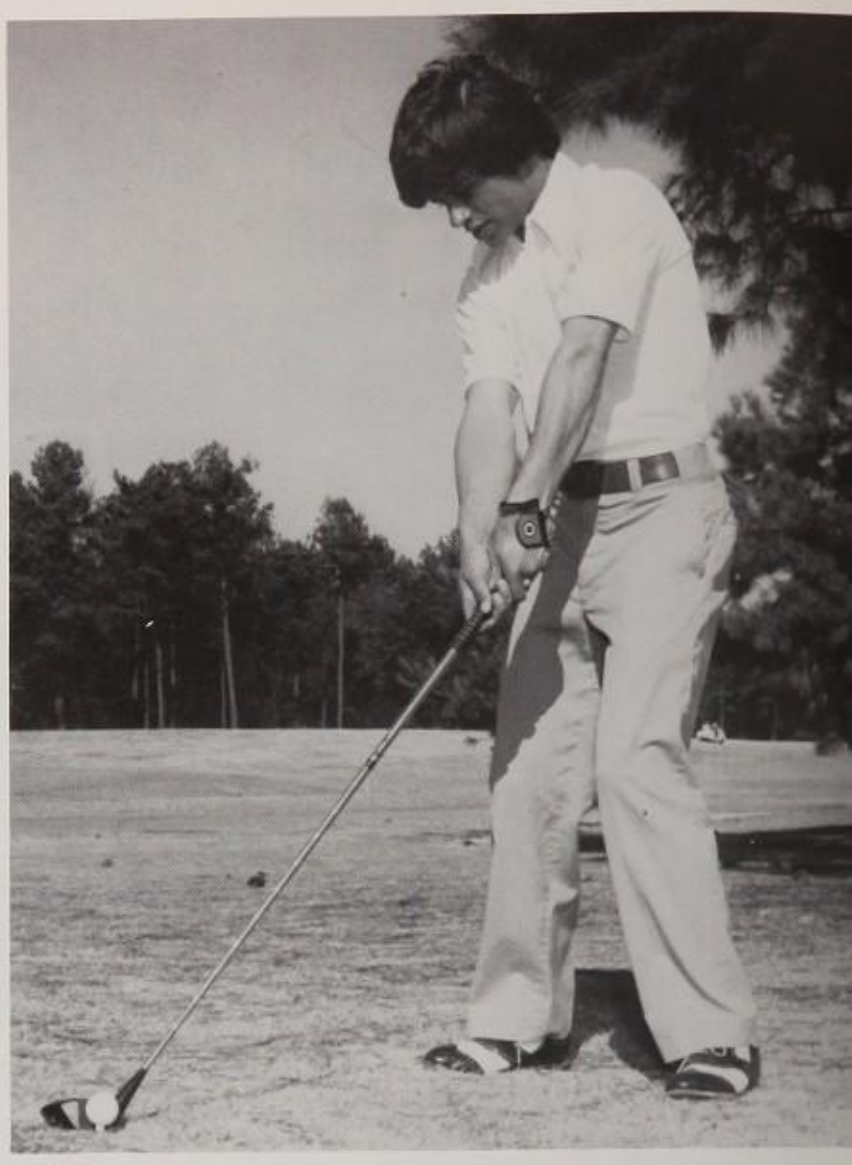
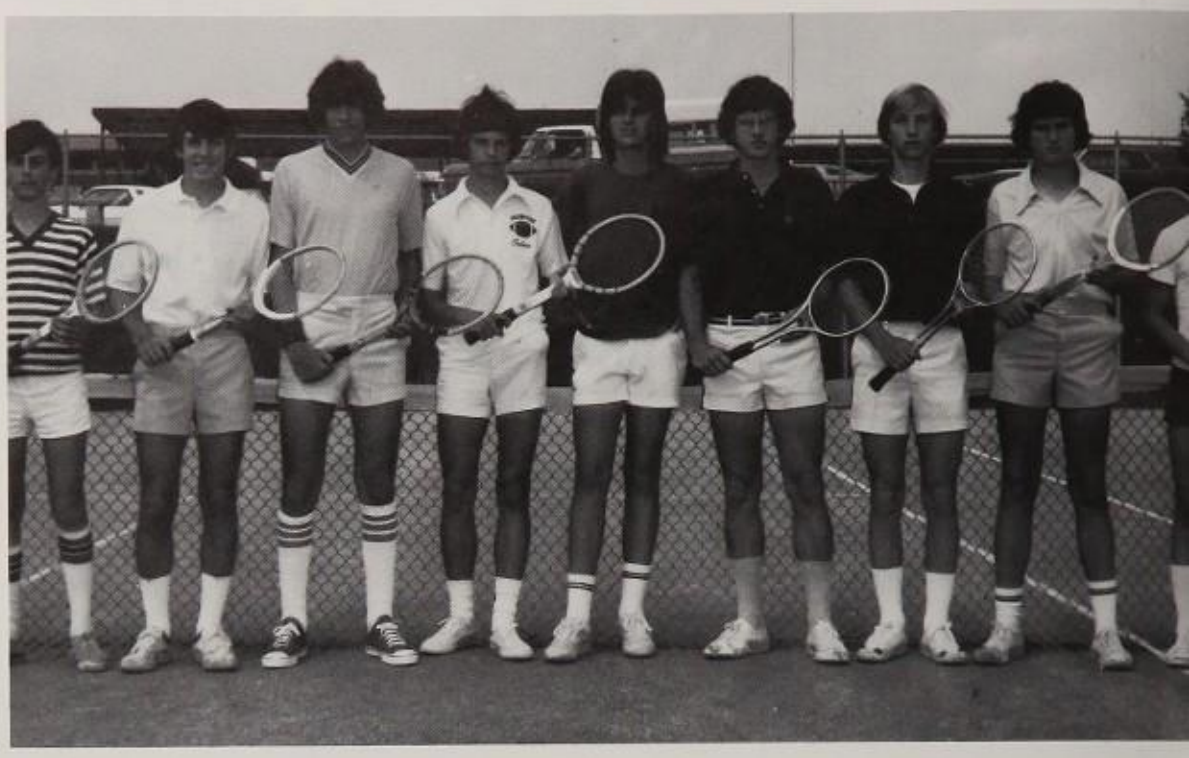
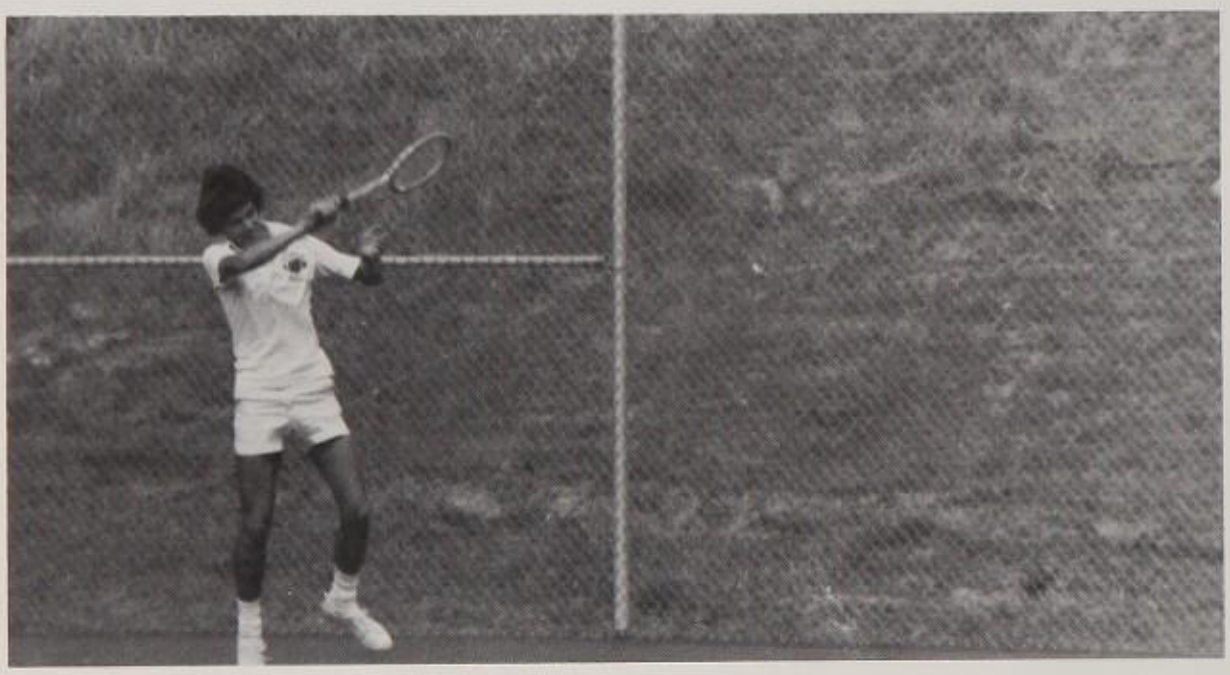
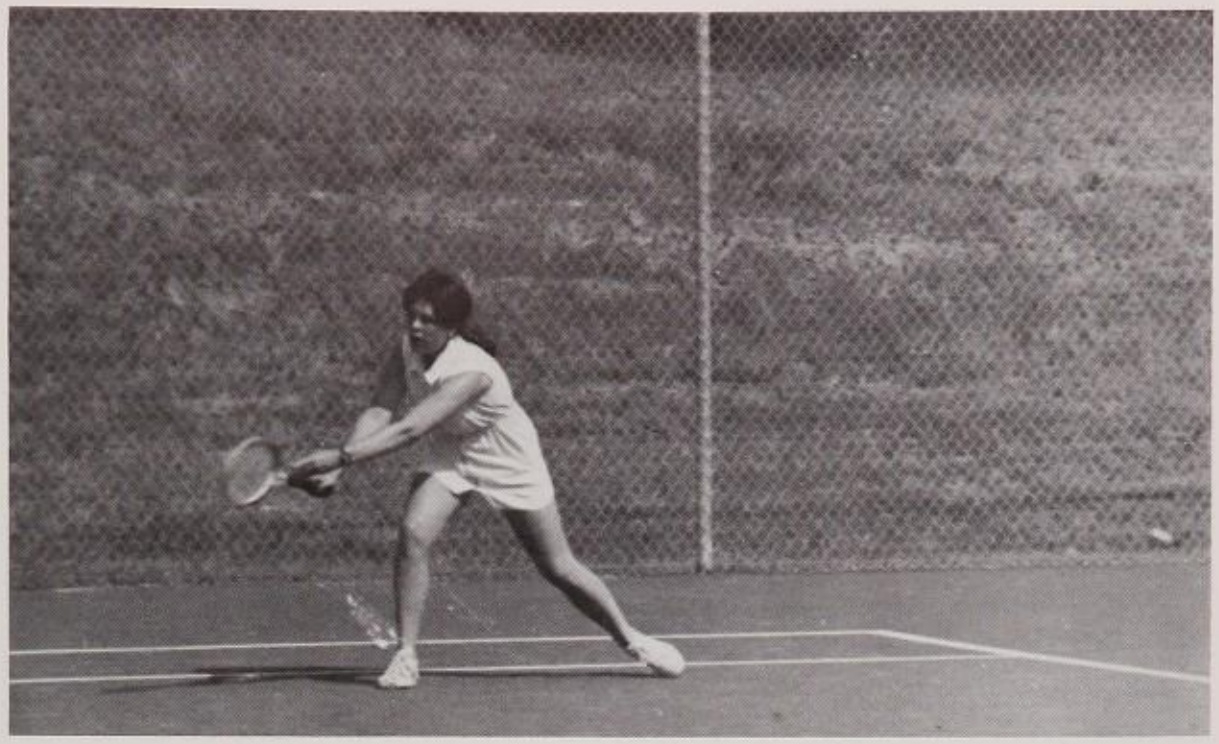
The Grass Is Greener

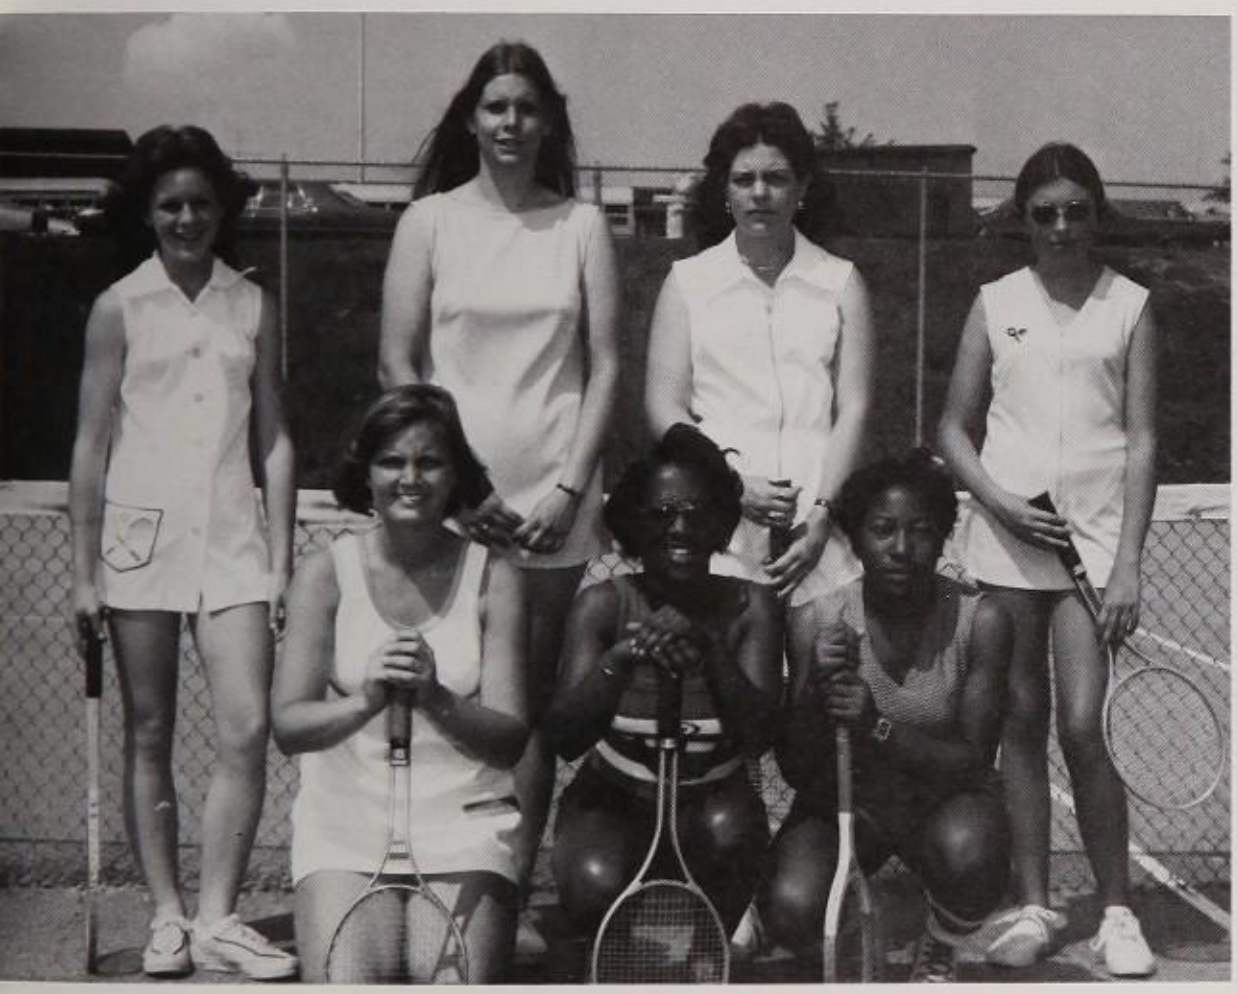
A three-stroke margin separated last year's swingers from a region title, and a record 150 in the first match of the '76 season made it evident that it wouldn't happen again. Driving hard off the first tee, the first eight (David Bradford, Kehn Dickerson, Tony Addis, Ronnie Kent, Randy Boatenrider, Allen Kent, Sam Johnston, and Richard Smith) frequently shot under 40, an outstanding achievement for any golfer. Be it Blue Maxs or Titelists, the Pro-Ams or the Masters, watch out. They're swinging their way to the top.





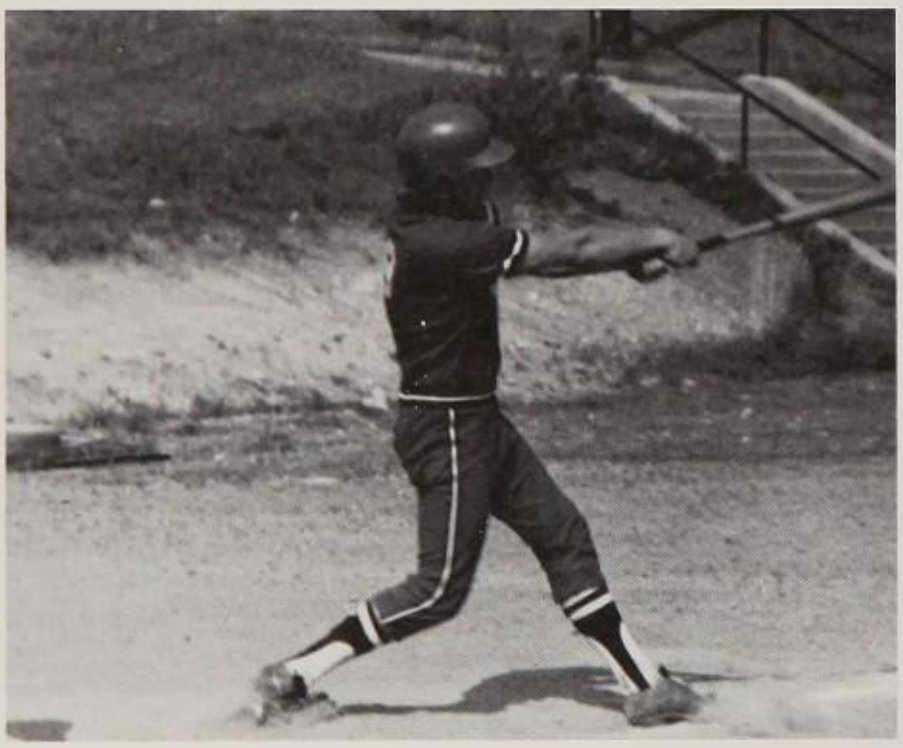






Racketeers Swing Free and Easy

The RCHS boys' tennis team, swinging with first singles Ross Little and Doubles Chris Johnston and Mitch Godwin, produced a brilliant season of 6 wins and 2 losses. The team's season was spotlighted by the Doubles Region Champs, who advanced to the quarter finals of the state. While the guys were doing their thing, the ladies were not as fortunate as they posed a losing season despite fine team effort. The girls were led by Senior Mary Hope and the promising talents of Freshman Gina Jordan.



Rockdale Knocks in 7-10 Season

The Bulldogs wound out the season with seven wins and ten losses. This was a stunning record for the Dogs, since they had managed much worse seasons in past years. This team was young and really showed spirit and strength behind coaches Stroud and Nordholz. The hitting overpowered the opponents many times. With the support of twenty or so very loyal fans, the Dogs' pitching staff eluded the bats time and time again. This team will be a tough competitor in years to come.

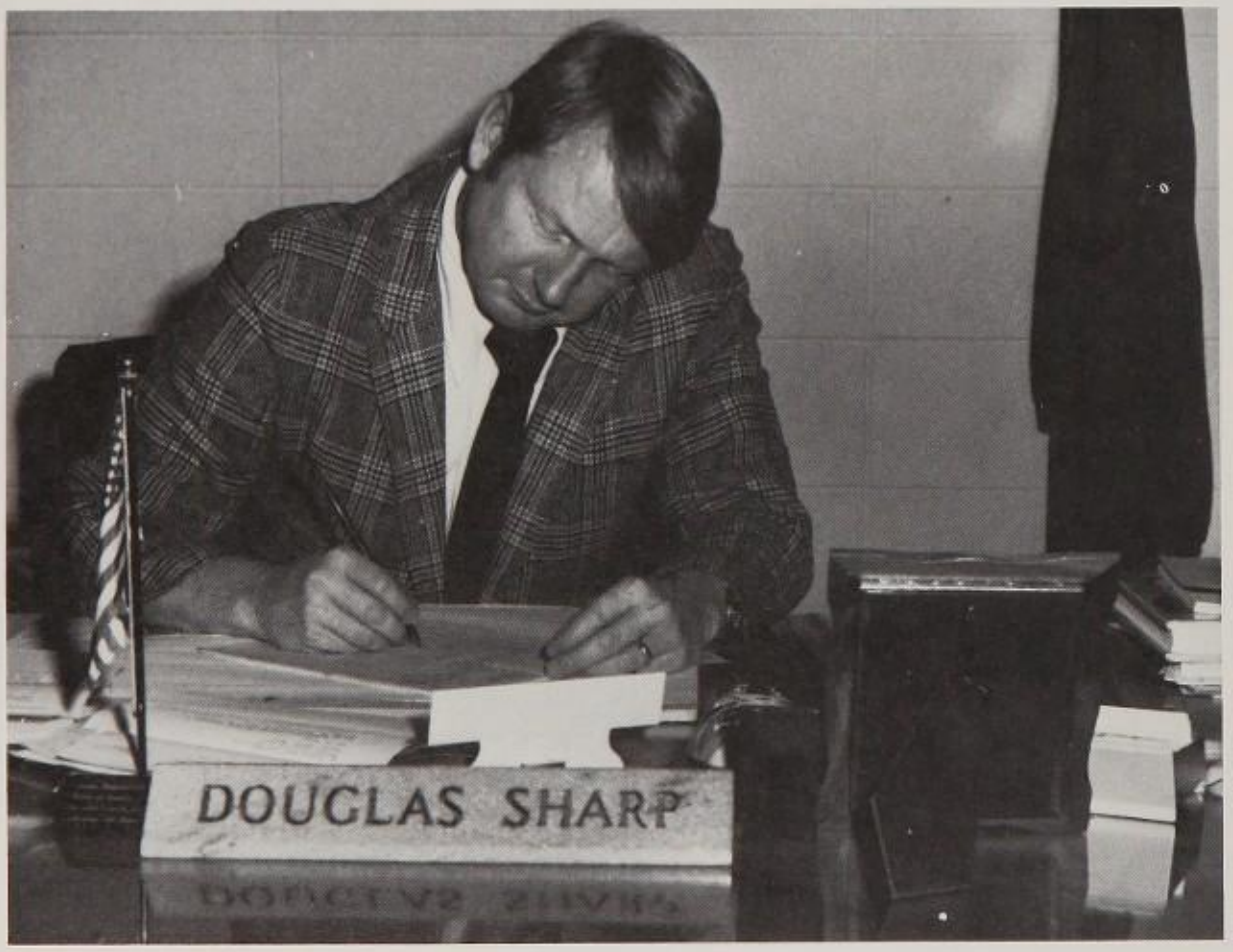
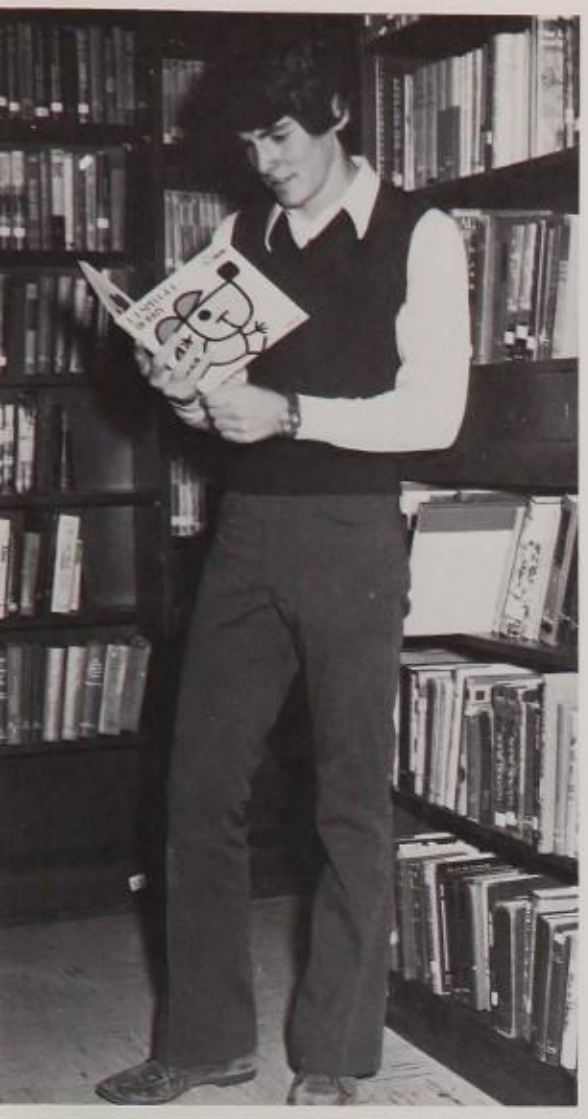
A Very Special Thanks . . .

When a group of fourteen students placed in a room 8 x10with two typewriters, three tables, and fifteen grease pencils are told to produce a high school annual, the results could spell disaster. But when that staff is backed by an advisor like Charles Cope, the results are nothing less then TEMPUS FUGIT. For his hours of guidance and dedication, the Annual Staff says many thanks.

When that same group of students feels they are really on to a good idea, and it's going to involve lots of students missing class time, then the place to go is to the top: to S. Douglas Sharp. For his cooperation with assemblies and special arrangements, for his interest, and his understanding the Annual Staff says thank you.





1

(1) Selected nationally on the basis of their PSAT scores to compete for scholarships were National Merit Winners Chris Johnston and Ricky Leach (not pictured). (2) Special recognition also went to Al Cook, Jan Cox, Gregg Hebert, and Karen Lacy, recipients of the National Letter of Commendation. (3) For six weeks of the summer, Al Cook, Gregg Hebert, Renee Keckly, and Diane Kilpatrick participated in the Governor's Honor Program, an independent study for exceptional students held at Wesleyan College.

3

2

4

(4) Holly Hunter was chosen by the RCHS seniors and faculty to receive the DAR Citizenship award for her school and community involvement.

Recipients of the Presbyterian College Junior Fellowship Award(3) are: Diane Kilpatrick, Regina Chupp, Chris Johnston, and Jeff French. This award is given to the four top-ranked students in the Junior Class.

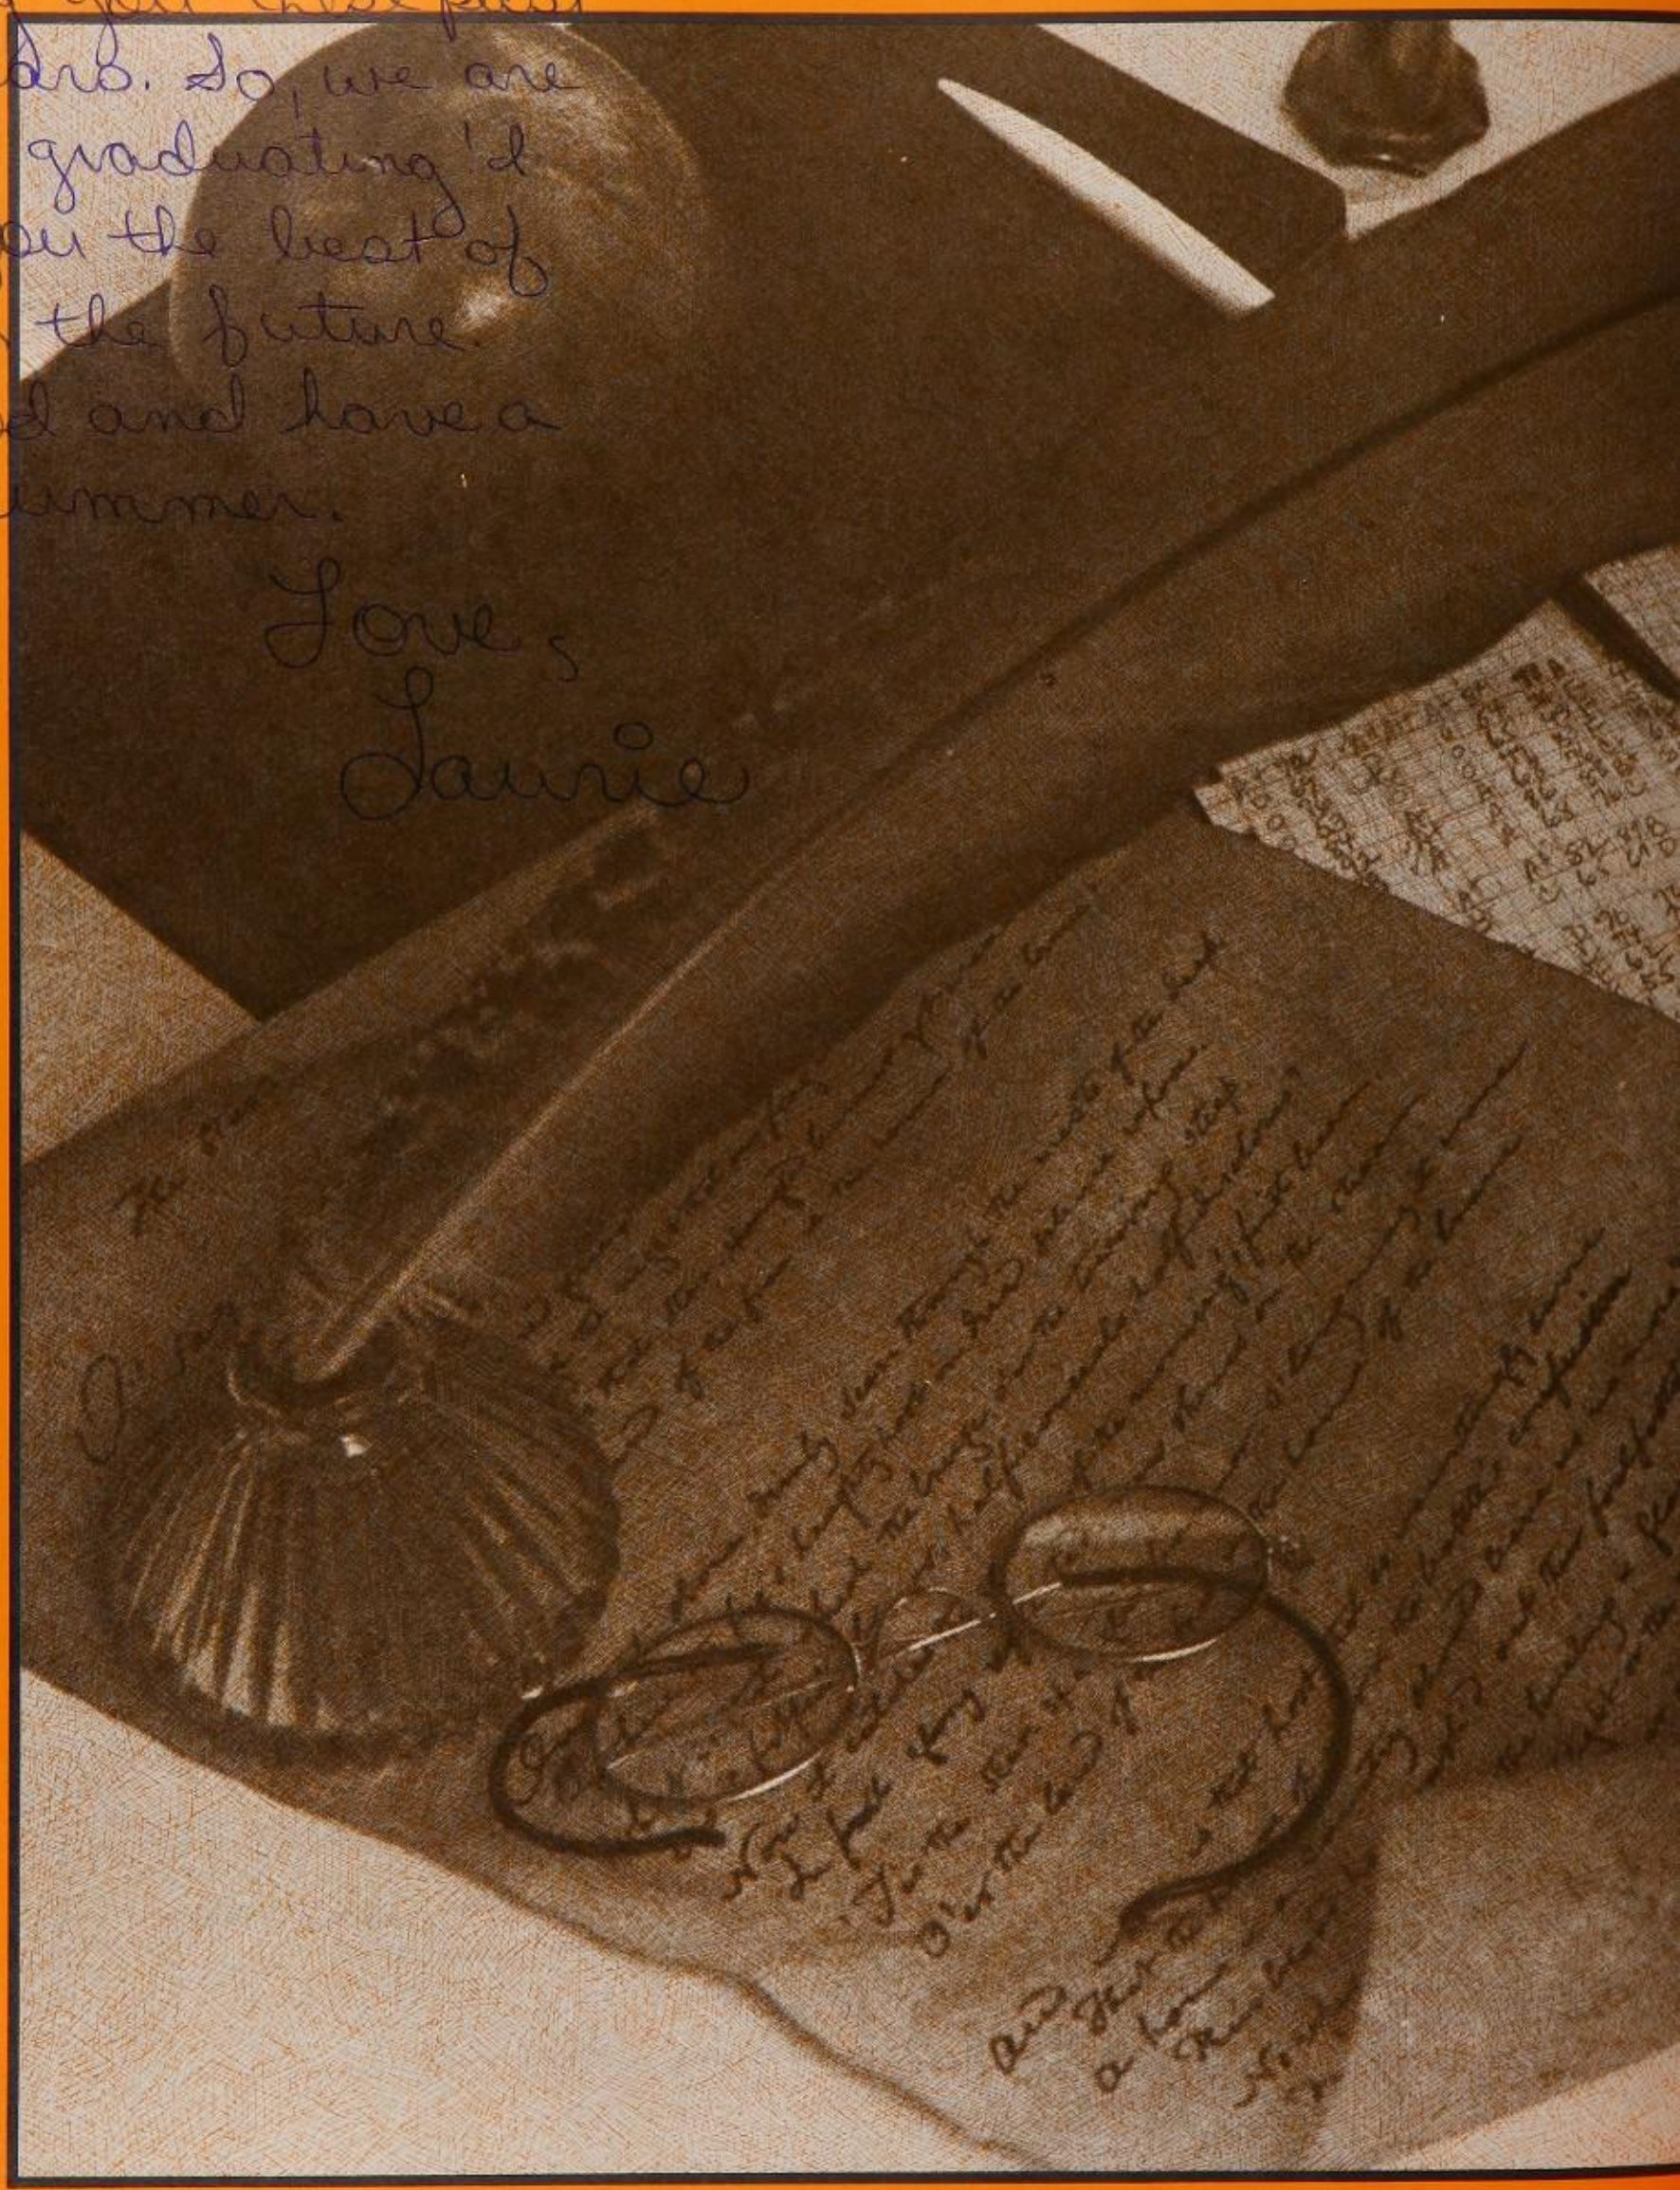
Also capturing first in region and fourth in state is the Debate Team: (2) Jerry Smith, Chuck Longino, Matt Wilson, and John Wilson.

Those students trying out for All State Chorus are (1): Mike Kelly, Lisa Kirkland, and Robin Hughes.

Those students trying out for All State Band are (4): Renee Keckley, David Lasley, Karen Duffy.

Cindy's
I've really enjoyed knowing you these past three years. So, we are finally graduating! I wish you the best of luck in the future. Be good and have a nice summer.

Love,
Laurie



Masters and Marms

Administrative Team

A school filled to capacity with 1250 students is hard enough to control. But when this number grew from 1250 in 1973 to 2100 this year, it made their job even harder. The administration, teachers, and students, though, worked as a team to make this another progressive year at RCHS. It started with computer schedules, which didn't always work out. It meant splitting up pep rallies, but it didn't dampen the spirit. And the cafeteria schedule did change a couple of times, but finally worked out. The administration also saw the need for new clubs, so they established the National Honor Society, Mu Alpha Theta, and the Karate Club. In sports, they added girls' track and gymnastics teams and in academics Stitching and Stirring, Modern World History, and Getting Your Money's Worth. These six dedicated people have really worked to make this a better year at RCHS.

The People Pleasers

The counselors thought their biggest problem was eliminated when they found out class schedules were going to be planned by computers. Their dream bubble burst the first week of school when they began trying to fix the mess Charlie Computer made. Mr. Fain, can't I please keep my three study halls? But a computer couldn't replace these people when it came to helping solve problems, easing anxiety as students entered RCHS for the first time in the middle of the year or trying to explain those confusing P.S.A.T. and S.A.T. scores. They were always there to help Seniors who were frantically trying to enter college in the fall, the Juniors who were trying to figure out a way to skip their Senior year, Sophomores who were still totally confused with the whole situation and the Freshmen who joined them in their confusion.

The Problem Solvers

Type, type, type was not all they did contrary to popular belief. They also rang the bells when the bell decided it didn't want to do it alone. They also tried to enter new students and withdraw students all at the same time, sometimes not so successfully. They handled the money for clubs. Mrs. Warwick, we can't possibly be overdrawn. They always tried to figure out the new copy machine. Mr. Mann, what does it mean when it makes that funny noise? And checking in and out is always a hassle. I am sorry but sleeping late because You were out late last night is no excuse for tardiness. Ring, Ring . . . I'm sorry but we are closed for today; it's 4:00.

Students Explore Literature, Grammar and Themselves

This is the largest department at RCHS. Students and teachers are both kept busy as they work together to explore literature, grammar, and themselves. They wrote "Archie" poems, traveled with Gulliver and Huckleberry Finn, learned the ways of the world in the days of King Arthur, found out that Juliet is not really asking where Romeo is but why he is, and even found the time to conjugate a verb or two. Students have broadened their understanding and compassion for mankind, and at the same time understand themselves a little bit better. All of this and a lot of hard work have given RCHS an English department to be proud of.

Students Compete During Language Weeks

The Foreign Language program not only teaches students the use of another language, but gives them an insight into the customs and traditions of other peoples. They also have a lot of fun, going to Mexico, trying French food, playing soccer, and engaging in some friendly competition with French Week and Spanish Week. It's no easy task, but everyone enjoys themselves, even the teachers.

The Systematizers

Throughout this hectic year, our Social Studies faculty has certainly helped to work out bugs in the "system." One of their biggest problems is making the Social Science courses come alive for the students. Modern World History, Minorities, and Social Issues were classes designed for class discussion and individual exploration. Videotapes and field trips added interest to the facts presented in the text. Special Projects sponsored by Rockdale's Social Studies team were speeches for Voice of Democracy and the American Legion Contest, flagmaking, Operation Close Up, and a re-organized Social Studies Fair.

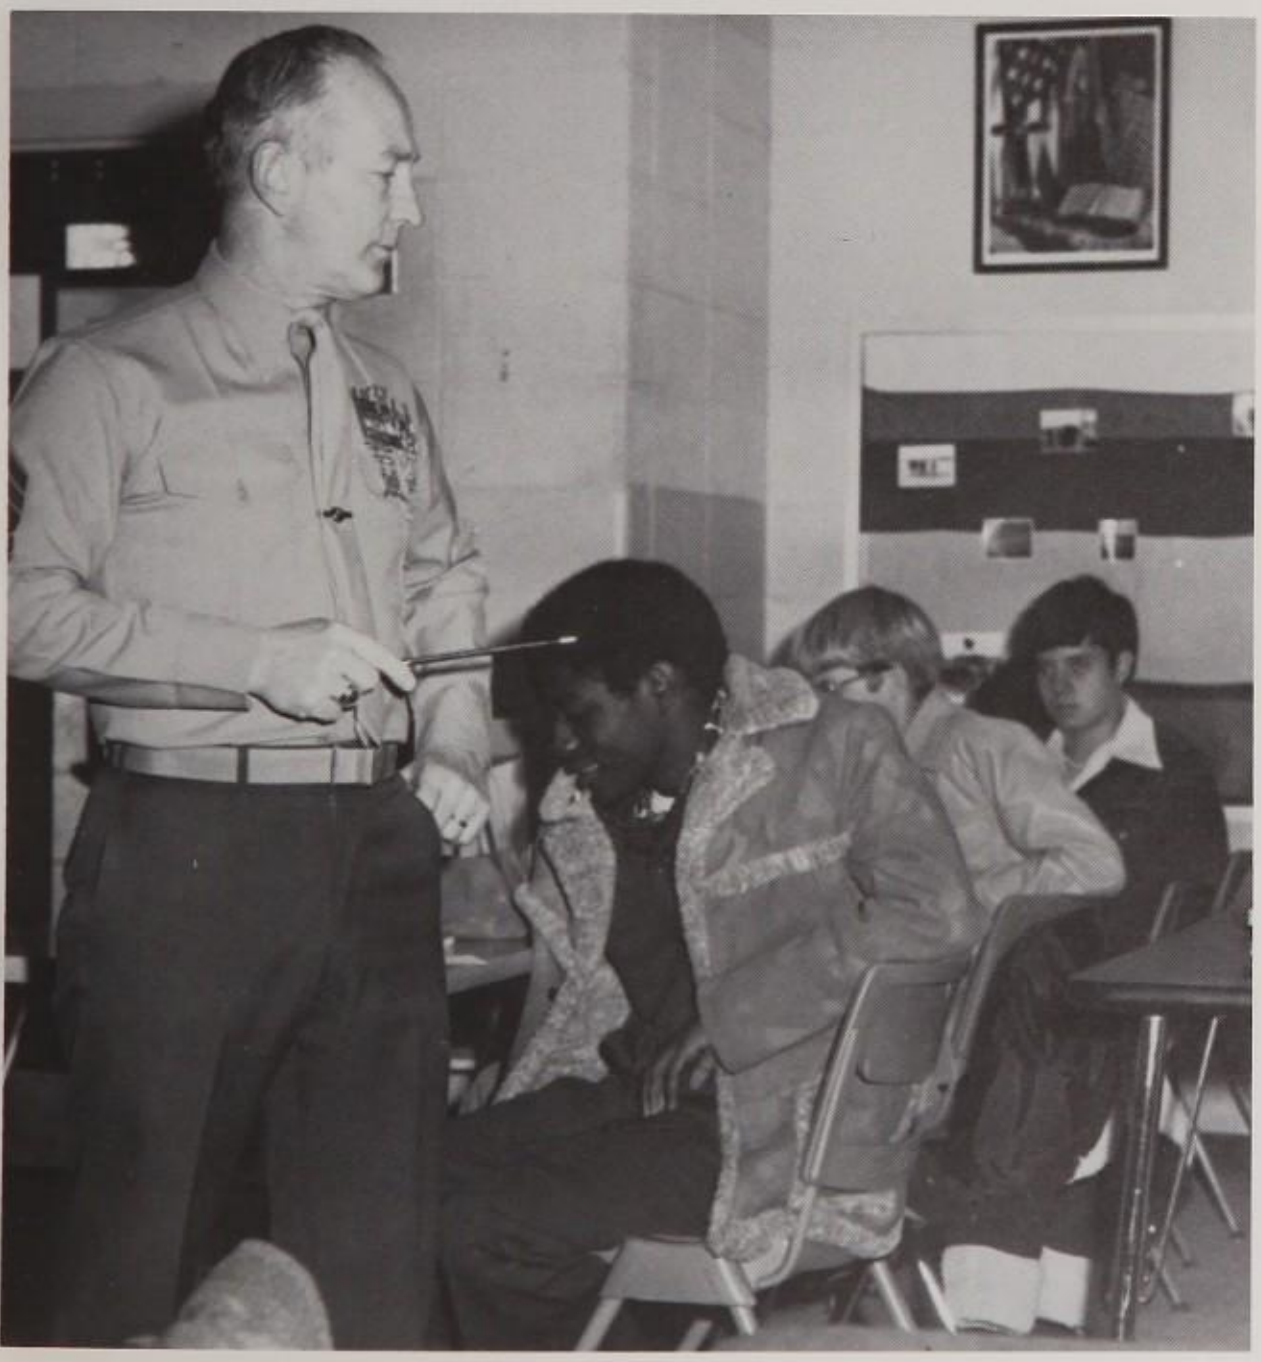
Leaders of the Leaders

These dedicated men have perhaps the most difficult job of all, here at RCHS. For, not only is it their duty to educate and mold new recruits in the ways of the military, but also to instill in them a sense of great pride and discipline. Not always fully appreciated, but always fully respected, these men entered our bicentennial a step ahead of the rest, but then again, leaders enter everything ahead of the rest.



George Linnemeir

J.N.E. Starks

Billy Thompson

Digits, Dials, and Calculators

Aside from the regularly offered math courses at Rockdale, this group of enthusiastic teachers set about on personal campaigns to earn student interests. Coming in at wee hours and staying late until the parking lot cleared, explaining, urging, and re-explaining to those who cared to listen. Phoning parents, requiring projects, and computing the formation of Mu Alpha Theta were characteristics of the Math Department's role in 1976.

Dept. Strengthens Environmental Sciences

A wide variety of courses gives the students at RCHS a background in Science that will not only allow them to attend college but will be useful in their everyday lives. They dissect pigs, experiment with chicken heart juice and tin cans, build and stock marine aquariums and play air hockey.

Several new teachers have been added along with environmental chemistry and an extended plant science program. They also have one of the best equipped chemistry labs in the state. All of this helped to meet the increased demands of the students.

Cindy,

It's been a pleasure working with you in L.A.T.C. this semester. You're a very talented student so I know whatever field you choose — photography, journalism or whatever else you are interested in — you will be successful.

Best Wishes always.

Love

Special Programs — Special Needs

Included in the curriculum at RCHS are three special programs with emphasis on the students' individual needs and interests. EMR gives exceptional students the opportunity to develop their abilities to the fullest extent and prepares them to meet the working world. With changes from academic to vocational, speech therapy two days a week, a psychologist-psychometrist visiting once a week, and a work study program for students, this department does its part to help students extend themselves. The LITC program allows Juniors and Seniors to study vocations in the classroom and on the job site in the community as they observe and perform career oriented activities. In Senior Seminar, students have free and open atmosphere in which they develop creativity through independent study. They choose their own course, design their own studies, and solve their own problems.

Arts and Media Probe and Perfect

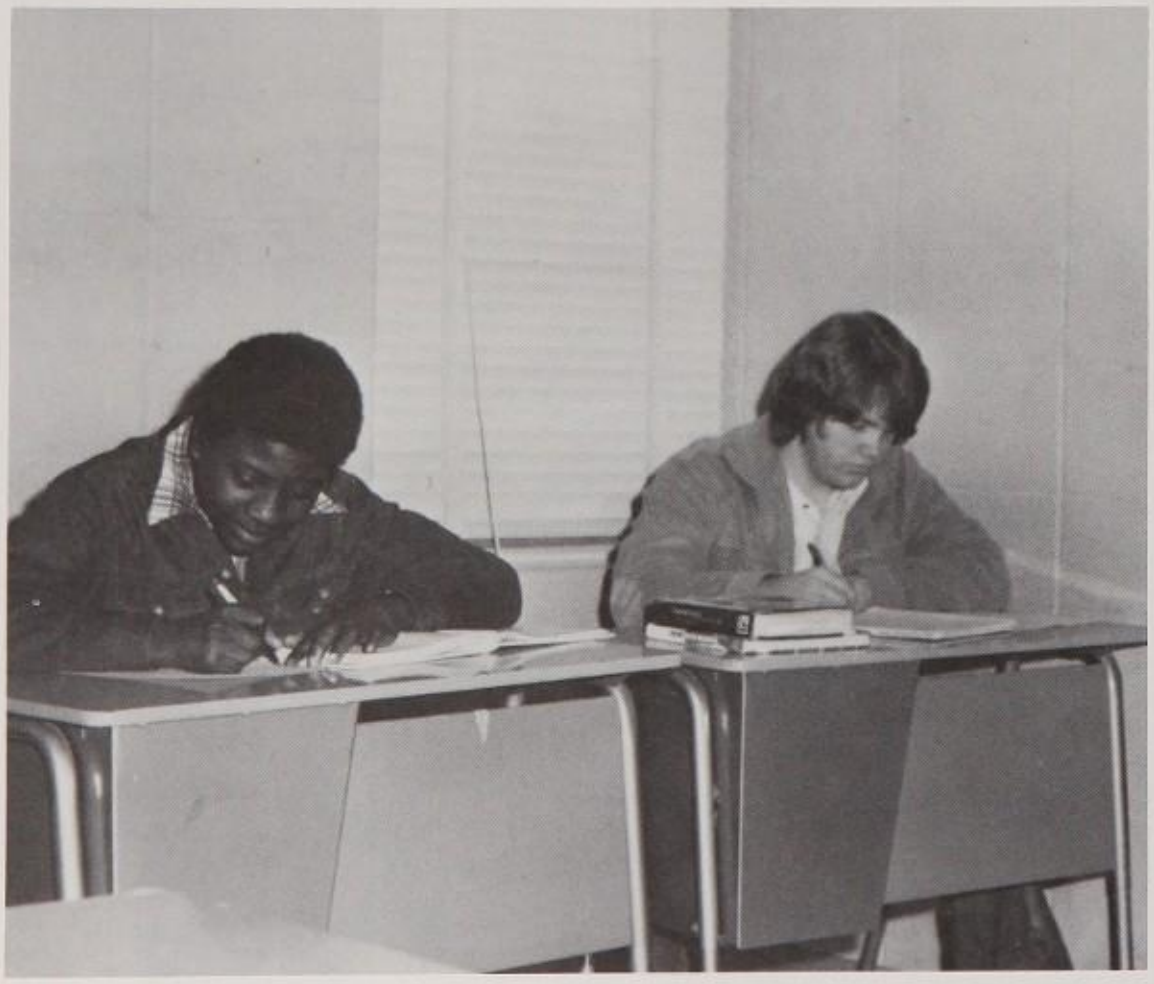
Talent! That's what it takes and that's what these teachers bring out in their students. Whether it's drawing human figures, painting trees, firing ceramic bulldogs or singing favorite songs, they work with students to polish and perfect their imaginations. Students learn to develop an appreciation of beauty while developing their talents.

When their imaginations need a little probing, the Media Center assists with a 17,000 volume collection of books whose purpose is to meet all curricula and informational needs of the students and their teachers, and a magazine menagerie of 90 subscritions (twenty more than last year). The audio visual section of our Media Center has added a third video cassette recorder along with many new records. It is said that creativity will one day save the world. If so, it will begin at R.C.H.S.

Frank Chickering
Mary Mann

Specialized Instruction Leads to Business Careers

The commercial department helps a person learn to function in the business world. Students learn to be better consumers, work in an office and to understand business affairs. The courses offered include clerical office practice, general business, data processing, bookkeeping, typing and shorthand. In clerical office, students learn how to use business machines. General business helps ninth graders learn to be better citizens and consumers. Data processing students learn to operate key punch and sorting machines. They also take field trips to the University of Georgia to use their computer.



Hello Cindy!
Well I don't see you now we made it through Mrs. Copes class, but we did at last! This has been a busy year, but a lot of fun besides! Take care and be sweet.
Love always.
Donna Baldwin

Specialized instruction prepares students for careers in business or for professional careers requiring advanced study as students assume their roles as consumers, workers and citizens.

Mary Lentz

Sharon Hatcher
Ruby Carter

T and I Skillbuilders

The trade and industrial education and health occupations laboratory program develops job entry level skills for high school students. The staff works together as a team to provide an instructional program that offers students the opportunity to develop salable skills. Hands-on activities in electromechanics, radio and television, metals, masonry, cosmetology, and auto mechanics help students to achieve a level of near perfection. From styling your own hair to servicing your own wheels, a student can take pride in his own abilities.

Homemakers Learn About Living

There are sixteen different Home Ec. courses this year. About 17% of the students take one or more of the courses while attending school. Some of the newer courses are Bachelor Survival, Stitch and Stir, Interior Design and Child Development. In Bachelor Survival all the "helpless" men learn how to cook and sew. Stitch and Stir is for Junior and Senior girls to learn cooking and sewing. In Interior Design students learn how to decorate, sometimes co-ordinating with Drafting and Art. Students visit elementary schools to learn about kids for the Child Development Course. The students learn what kids are like and how they think. Along with the other Home Ec. courses a person can learn about living.

Students Value Work Experiences

Co-operative training helps students to get active experiences in business. Students have class, and work and observe at businesses in the Conyers area. Included in the co-op programs are CVAE, PECE, VOT, DCT and D.E. CVAE is a program to help students adapt to high school. They have flexible schedules and get a chance to learn the meaning of success. It also prepares them to become productive citizens in the school, community, and the working world. PECE helps ninth and tenth graders find out about occupations they like. They have class and go on field trips to nearby businesses. VOT students learn office skills such as typing and shorthand and are then placed in businesses. Students learn many aspects of trade and industry jobs in DCT through work experiences as mechanics, electricians and machine operators. The D.E. class covers marketing, sales, advertising, displays and business relations. All students get a chance to experience occupations.

PE and Dr. Ed. Remain Popular

One of the most sought after courses at RCHS, the waiting line for Driver's Education has skidded into a traffic jam that covers all classes. It takes a special type of patience to take kids who are new behind a wheel and transform them into experienced drivers. Keeping one eye on the speedometer and one on the road ahead, Coach Jones and Coach Eckard haven't let us down yet.

This year opened to reveal a new P.E. program, proving that physical education is expanding to meet the needs of an ever-growing student body. By popular demand, a girls' gymnastics squad has been formed. Uneven parallel bars, smaller groups, and a couple of new coaches — show once again that exercise and fun go hand in hand.

Pioneers

What's it like being a senior? It's painting terrific spirit signs like "Jail the Jaguars" that never quite made first place in the contests. It's having the choice of any locker in the school and then realizing you're only taking one class that issues books. It's leading the pep rallies with cheers like "Baby in a highchair . . ." It's having a senior cookout with ten dozen hotdogs and only ten seniors. It's having senior pictures made and then wondering if they'll ever come back. "Are you sure this clothes pin won't come off?" It's worrying over SAT scores, colleges, scholarships and jobs. "Mr. Mann, could you please decipher this form and tell me which of these numbers is my SAT score?" And finally it's graduation — the end that's only the beginning. "I feel like a giant blackbird in this thing. When do we fly south?" Most of all it's working four hard years only to find your pioneering has just begun.

Spirit of 76

These twelve Seniors carried the "Spirit of 76" with them as they led the Student Council, worked their way to No. 1 in One-Act Play Competition, carried the football to a touchdown, helped with the Empty-Stocking Fund at Christmas, practiced drill after drill day after day, panicked to meet the next yearbook deadline, and ran mile after mile in soccer and track.

Trailblazers

Caught somewhere between the start and the finish, the old and the new, they are the hardest working members of the student body. They can be seen scurrying about, purchasing rings and taking PSAT and achievement tests, then hustling doughnuts for the big hoe-down. Never complaining but always maintaining, clearing a path for others to follow. That's the class of '77.

Settlers

It's not easy settling down to the life of a sophomore. It requires energy, a loud mouth, and lots of paint. Who but the industrious sophs could double and triple up on lockers and still have room for dirty tennis shoes and gym suits? This year the class of '78 had the necessary ingredients for the making of a great sophomore year. Armed with self-determination and pep, the sophomore class took 1st place in sign contests, magazine sales, and was voted "most spirited class" at pep rallies.

Frontiersmen

They are no longer in the lead, but on the bottom again, fighting to rise with more homework, spirit signs, a second-place float, and forms and more forms to fill out. They finally get used to "human traffic jams," sitting three to a chair in the cafeteria, and staying out of the senior courtyard. Then they begin to look forward to being sophomores, one more step toward the new frontier.

OFFICERS: President, Laurie Durham; Vice President, Keelie Simpson; Secretary, Karen O'Malley; Treasurer, Susie Jones.

The first stage of Warren/Sherer's commitment to the food industry:
Four new plants in the past three years.
In 1971 Kysor Industrial Corporation committed to hundreds of thousands of square feet in new production capabilities to meet the growing needs of air conditioning and refrigeration requirements. Now, three years later, the multi-million dollar commitment is satisifed; the last of four new manufacturing facilities is completed, the ten-acre Conyers, Georgia plant.
To us this means greater capacity to satisfy the requirements of the food industry. To our customers it means new innovations in refrigeration equipment and display cases and improved service.

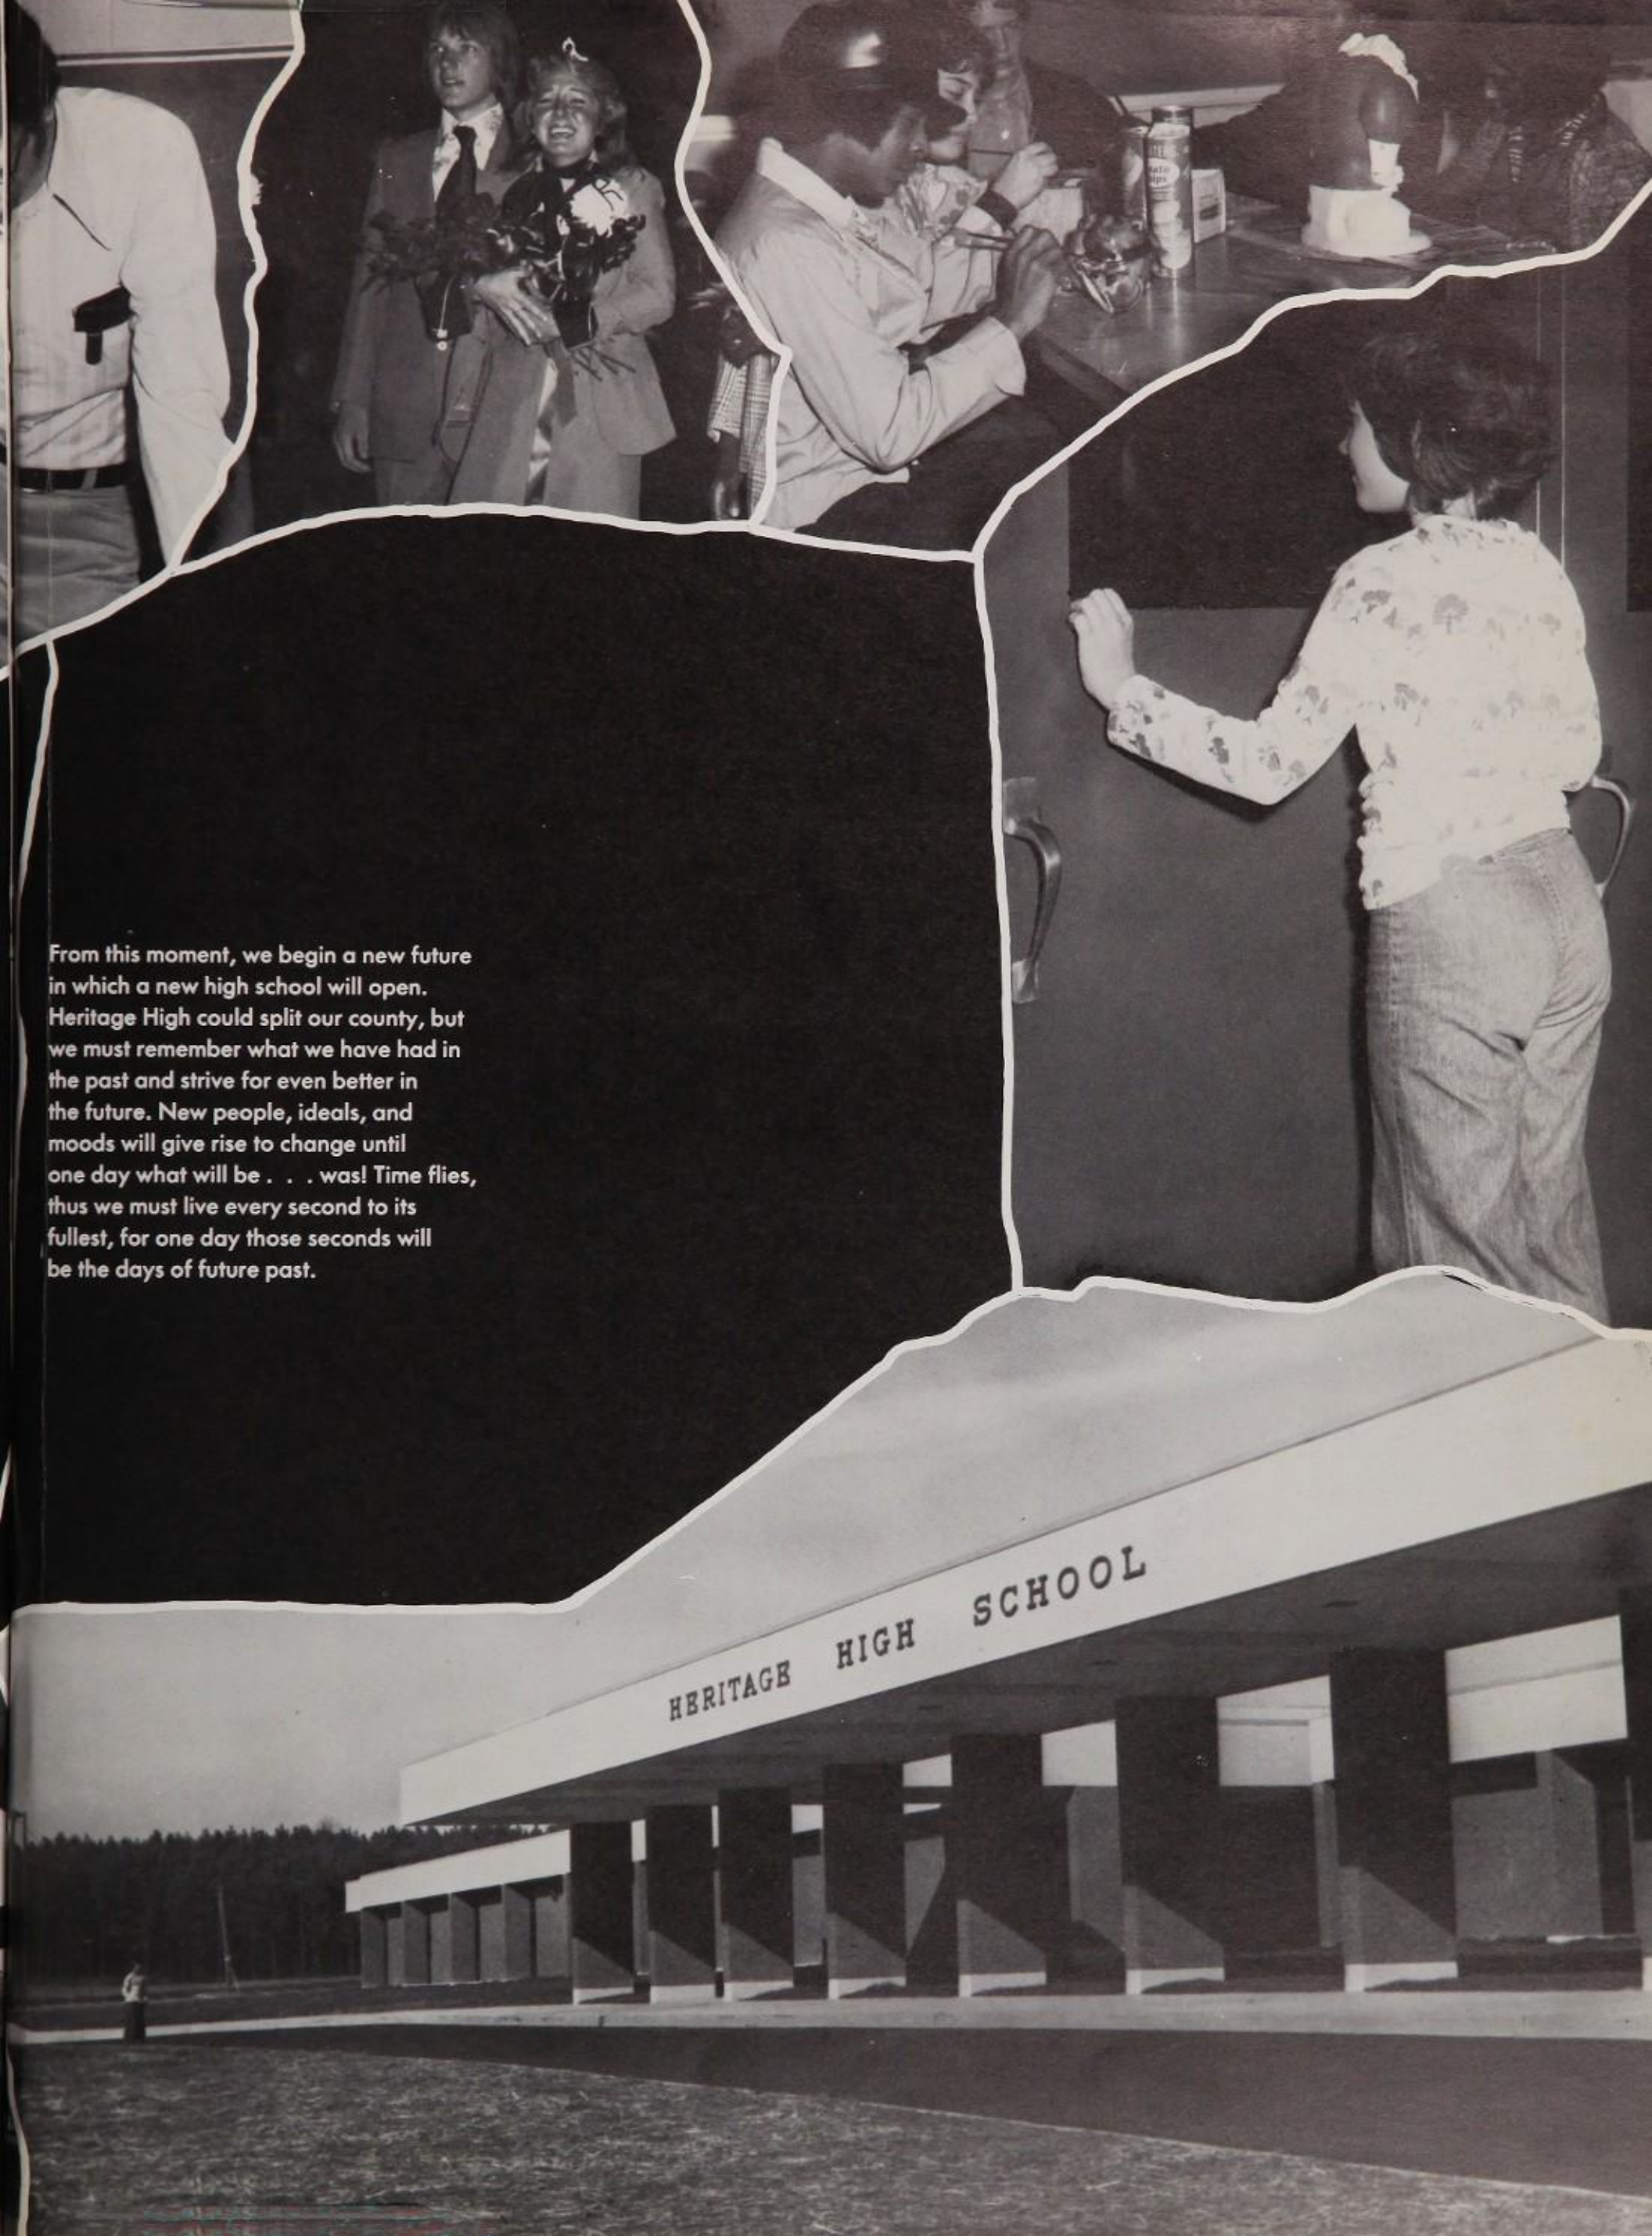
What
Will Be . . .
Was!

ROCKDALE COUNTY HIGH SCHOOL
CLASS OF 74



From this moment, we begin a new future in which a new high school will open. Heritage High could split our county, but we must remember what we have had in the past and strive for even better in the future. New people, ideals, and moods will give rise to change until one day what will be . . . was! Time flies, thus we must live every second to its fullest, for one day those seconds will be the days of future past.

Cindy,

It's been a great two years knowing you. Next year it'll get to be a dignified (ha!) senior while you'll be off. At least I won't have to suffer through Mr. Copsi's class again!

Au revoir,

Mary Ann

Dear Cindy,

It's been a fantastic year and I hope college will be interesting. Best wishes and Good Luck

Darnell.

Cindy, Thanks for always Ever being a friend. It's been fun. Have a fantastic summer. I'm sure you are all set. Maybe I'll see you at Kent. Love ya, Sue

Cindy, I've enjoyed you as the elder you are. Set the better you will get. Strong of balance Always, Love Lyck

Cindy, Have a good summer! Love, Julie

Cindy,

Well, I guess this is it as far as school goes. I'm happy you're graduating but sorry to see you leave (my selfish motives) I'm really going to miss you in Rainbows. Have to handle Mrs. Smith by myself. Have a good time at college but behave yourself. Come visit when you're home. You've been a fantastic friend & I hope your ear isn't too sore. I'm gonna miss ya.

Class of '77'

Love,
Sherry Atkins

Cindy, has been nice knowing you all these years, especially in Rainbows. and church. Can't say I won't see ya there in church. Have a nice summer and maybe I'll see you up. P.S.) Got that from you! Remember Laura Caddis

"77"

Friends 4-ever

Cindy, Well much honor and respect I sign your Annual with four years acknowledgement that I can see- Love your friendship as be thankful for. God Bless you in all your future aspirations Love Laura

Cindy,
I'm glad I got
to know you this
year. We'd had a
good time in L.I.T.C.
Good luck in college
or whatever path you
choose to lead in life.

Love,
Carrie
